friends gathered at the Tyler County Memorial Monday to pay homage to the war dead who gave their lives in the service of our country. According to Austin Fuller, some 41 names were listed as 'absent" as the roll was called from World War I through Vietnam. The Rev. Clyde Bennett gave the primary address at the event which ended with a poignant playing of the "Taps" by June Willis and Troy Stockton of Warren. The duet was accompanied by the Woodville High School Band.

Doucette Homecoming

There will not be the shrill call of the "Quarter whistle" or the bass whire of the big band saws but the "Mill Hands" will gather at the Old Union hurch in Doucette for Doucette on Sunday June 5, 1988. This will be the twenty-fifth gathering of residents and former residents. Doucette, for many

years, was the star per-former of the Long Bell Lumber Company system. It was the "Eldorada" of the saw mill circuit. Doucette was the nome of the fabulous Tyler County All-Stars, a well known semi-pro baseball team. Judge R.A. Shivers, father of the late governor, Allan Shivers, began his career as a teacher at Doucette. Judge Clyde Smith lived with an uncle, the late Robert Gillispie, in Dou cette. Senator John Tow

By Sue Hendrick The shouts of joyous glee could be heard from all around when the last bell rang for this school year. Students of all ages and sizes were released from their nine month "tour of duty" and sent out into

the world to laught and play.
The teachers were left behind to straighten their accumulation of teaching materials that cluttered their room. Their thoughts of this school year were beginning to fade into the memory of the students that had made this year special. Some of the students had been a "sponge of teachable know-ledge", while others would be remembered differently. But, the teachers were grateful for the opportunity to work with each one of them and said "Good-bye" to each student with a sweet sigh. A loud groan could be heard from the mother is each waiting car, as they drove away from the school and took their children home. For them, the

last day of school marked the beginning of a three month "battle of wits and activities that would answer the endless question of "What can I do today?"
It is not unusual in this busy world that "one man's pleasure is another man's poison." For, we are all different from one another in personality an attitude. But, we must learn to live together,

because we share the same world. And to God, we God sent his Son into the world in order that we might have life and light. One of the pleaures of summer is the promise of glorious sunlight. It is the sun that gives the necessary light for living things. It is the sun that gives us the comforting feeling of warmth.

feeling of warmth.

If we want to be truly alive, we must accept God's gift of his Son into our lives. If we do not accept this gift, we will be unable to live in the light. Our eyes will remain closed to the beauty of the world. Our hearts will be unable to receive the fertile seeds of love, And, our life will become stunted with the "blight" of weakness and self pity.

Learning to accept the gifts of God requires a lifetime of "education". The personal knowledge of Jesus Christ is the first step to becoming a successful "student". If we look close enough, we will be able to see the loving arms of our "teachet" waiting to greet us, it's time to go; the "bell" is already beginning to ring. It's time to see your the "step out into the "school of the world" with new vision, as we share in the warmth of summer "Sonshine".
