When a new baby is due, many things have to be done.

First, arrangements have to be made for clothing. And then, a special bed must be provided. Toys are often bought and displayed in the nursery area and friends and family are netified of the prospective arrival. And, when the most inconvenient time arrives, the baby will be born.

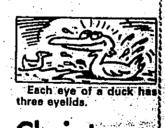

Such was the case for Mary and Joseph, also, Joseph had to go to Bethlehem on business. Not wishing to leave Mary alone he took her with him When they arrived the

Mary alone, he took her with him. When they arrived, the city was virtually overflowing with people. And, of course, it came time for the baby to be born. Poor Mary suffered on the back of a donkey while Joseph tried desperately to find them a place to stay. One door after another was closed to them. Until finally, one innkeeper took pity on them and gave them a place in his stable.

Today, the preparation for Christmas seems almost foreign to the first one that began quietly in a stable over 2,000 years ago. Recently, I asked some sixth grade

students to write a short essay on "the best Christmas sing Christmas Carols and present in the whole world" We had just finished practic ting Christmas Carols and ting for our Christmas pagaent. Many of them had a part in the Navity scene. Nine out of 10 students answered, "holiday treats for refreshments." Nintendo" None of them answered, "Baby Jesus".
