MEMBERS, THIS MAKES GOOD SENSE!

WOODVILLE TYLER COUNTY AMBULANCE IS in the midst of their annual membership drive this month. It is only once a year that we have the opportunity to apply for this membership.

It just makes good sense to enroll for just \$30.00 per year per family, before the May 31st deadline. Thoses who are non-members will have to pay the regular charges when the service is used, which averages around \$200.00 per call. With a paid membership you and your family are entitled to total emergency or transfer ambulance services within the local areas for one year.

That means to and from Tyler County, then to Beaumont, Lufkin, Livingston, lasper or Silsbee hospitals.

Of course, all ambulance trips must be a medical necessity

WOODVILLE TYLER COUNTY AMBULANCE is now owned by Bill and Diana Cloyd who reside here in Woodville. We're just home type people who want to run a dependable service that is also an affordable service.

The excellence of WTCA has been attested to by many of the people they have aerved, including the many who credit the company with saving their lives or the lives of the ones they love.

This is achieved through their membership program. Without their broad-based support from area subscribers throughout Tyler County, it just would not be possible.

Due to poor economy, people just cannot afford the high cost of ambulance service. And, many insurance company policies have poor coverage on charges for ambulance service.

That is why membership program was set up. It makes ambulance service affordable for you and at the same time gives us the budget we need to continue at our present rate of operation.
