Tyler County Hospital

Emergency Room

The doctors and nurses at The Tyler County Hospital Emergency Room have to be prepared for anything, at all times. Last month alone, the ER saw

approximately 665 patients. According to Dr. James

Gainey, our hospital has the ability to take lifesaving

measurements that make a difference. For example,

the Hospital has a direct hook-up with St. Elizabeth

Hospital in Beaumont by a machine that can Fax

EKG's immediately. The Tyler County Hospital is

also as accessable as big-city hospitals. They pro-

vide 24-hour care by full-time physicians and RN's.

Every physician at Tyler County Hospital is trained in

ACLS (Advanced Cardiac Life Support) and most

nurses, too. Make plans to attend our OPEN HOUSE

### Tyler County Hospital Admissions

According to Virginia Taylor, Admissions Supervisor at Tyler County Hospital, they are better equiped to meet the needs of all patients because of the new waiting room area. The area has a covered walk-way/ wheel chair ramp and easier access for the Ambulance. Before, there were 4 different locations to go to when being admitted and 3 different waiting areas. Now, everything is in one central location. Admitting, outpatient and in-patient, emergencies, direct admits and payments are all handled here. Come by for a visit!
