There has not been any Sunny Dell News of late in ne paper. The reason is that I write but it does not get printed. Why I don't know. However, I do not have a contract and no salary is involved, so this is ust to let you know that there will not be anymore write ups from me at this ime. I think quite a few of

you enjoyed my little articles I had and I enjoyed writing them. Sunny Dell community has been around a long time and will be around a long time to come. Many a story can be told of all the happenings that has went on before and they are all true and interesting. It is all history now and just a few live around close to the church now but some day things will change and it will be a lively neighborhood again.

Now on the humor side did you know that Saddam shot his wife? Well, he did as be caught her drinking Bush" beer. Also, two days later that caught him. He was in a phone booth dialing 911. Wells to go.

This I hope won't be too far

Warren Sophomore Jason Moore makes a valiant effort at 12'6 practice session in Warren. Assisisting is Coach Mike Howell.

routed the Evadale B-team 24-0 in the Evadale Tournament. "We scored 9 runs in the first inning, and I had the team bunting and doing all I could to keep from running up the score," stated Coach Hatton.

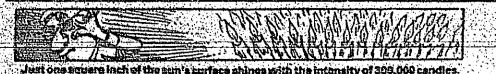

After the 9 run first inning outburst, the Warriors relaxed and notched their 3rd win in 5 games.

Shannon Crawford, Mitchell Ard, and Coy Lavergne all had round-trippers for the Warriors, Lavergne's coming via an inside the park thriller. Several Warriors had at least three hits. A 14-18 plate performance, combined with 10 base-on-balls will almost certainly guarantee any team a victory.

Lavergne picked up his second no-hitter of the young season, striking out every Evadale batter that m his way up the plate packing a bat.

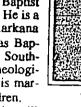

This game was the the last game of the weekend for the Warriors as rain prevented the playing of any more games at the tournament. If the U.I.L. permits the tournament will resume this weekend, and the Warriors will play the Bulldogs from Colmesneil. Theseasy night the Warriors will entertain the Orangefield Bobcats

with a 4:00 p.m. sterping time. Both the Warren boys and girls track teams were raised out over the weekend. Both team are scheduled

Then: Back in the early 1950s.
Then: Back in the early 1950s.
Allen-Bradley (A-B) Co., a leading manufacturer of controls for the plant floor, realized it was facing two key problems; Electrical control devices based on standards set by the International Electrotechess. national Electrotechnical Commission (IEC) were making big inroads into U.S. markets; and in order to compete successfully in the global

marketplace, the company would have to build products suitable for merkets outside North America where IEC standards dominate. The result: In 1985, A-B created its first fully automated factory, the World Contactor than 850 different contactor varia-

and customer orders that once took weeks to fill now take only a day. A-B's contactor sales in world wide markets are growing at greater than 50 percent a year, including some of the most competitive mar kets in Southeast Asia and Europe In fact, nearly 40 percent of all prod-ucts made in the World Contactor Facility are shipped outside the United States. These export sales total more than \$20 million annually. Production is 15 percent ahead of projections, says Pip Pearce, Allen Bradley's marketing director, Power Now: Five years later, the World ..

A contactor is a device used for switching electrical currentsvariations can be found on everyfacility, A-B can now produce more

for the elderly. For poorle over 65, it can mean the difference between independence and dependence, an active lifestyle or a passive one, and even the difference between life and death.

According to one study, each year 200,000 elderly Americans break a leg or a hip, mostly as a result of a fall. There are many causes of falling and usually more than one factor check on them regularly. accounts for a fall. Physical contributors may include gait abnormalities, slowing of reaction time, and decrease in strength, coordination, vision, and halance. Illness and medication also play a part.
It is not uncommon for eldenly people to mix medications prescribed by more than one physical content of the prescribed by more than one physical content on the physical co sician. The elderly are also less likely to report drug side effects

promptly to their physicans. An elderly person who establishan ongoing relationship with a family physician, however-and that includes regular visits—will be less likely to encounter medication problems. Environment also accounts for the high rate of falling among the elderly. Here are some tips to minimize the danger spots and help prevent adjoining yours.

Elderly people living alone should arrange to have a friend or relative

Tyler County Hospital Physical Therapy The Physical Thorapy Department, directed by Alan

Antenor-Cruz, P.T., is responsible for all in-patient and out-patient physical therapy. This therapy can include Traction, Desp-Heat Ultra Sounds, Hot Packs and Exercises for injuries that result in neck and/or back pain, and fractures.

The department also offers therapy for arthritis sufferers and patients recovering from a stroke.

According to Cruz and his P.T. assistant, Susan Shutter, they are available to serve the community's needs and help get patients back on their feet again.
