Intercedes To Help

New Nursing Home Will Open May 1 Says Operator

Nursing home operator Larry Simpson, of Lufkin, says the planned 90-bed nursing home to be located in the Timberland West Subdivision on Hwy 190 in Woodville will open around May 1, 1992.

Simpson and his partner, Doris Moore, run a company called Care Concepts of East Texas and are operators of seven other nurs-Ing homes in Cast Texas

Monthly payroll, Simpson says, will average ground \$60,000 or \$720,000 annually.

He says the Woodville facility will employ some 75-80 personnel and offer 12 levels of care for the residents including, "Everything from ambulatory to bed fast and heavy care"

The modern building will contain approximately 20,000 square feet of space.

According to the operators "Both of our families have been in the nursing home business all our lives."

"We are looking forward to coming to Woodville and although we are not able to not even started construction...people are welcomed to call 409-639-5855 if they would

The seven other locations where the Care mas season and would like birthday of our courthouse, Concepts of East Texas Company operates are: Nacogdoches, Longview, Jacksonville, are aware, major renova-Cushing, two in Tyler and one in Lindale.

FAMILY AFFAIR-- Greg Kirkpatrick, of Woodville, shot this eight-pointer Sunday on the second day of deer need hunting season and brought his two sons, Jason ,2, (at left) and Justin, 3. Kirkpatrick entered the buck in THE TYLER COUNTY BOOSTER Big Buck Contest and earned a whopping 69 points in the scoring tabulation. that the emergency room

take applications at this time because we've not even started construction...people are Courthouse Centennial Nov. 26

helping us in our time of Sturdivant also said will now be asking for payment in advance for any non-emergency service rendered through the emergency room. "We are trying to discourage people

from using the emergency

room as a substitute for a

Representative family doctor. This practice is too costly for the hospital and the percentcall from Tyler County ages of non-payments on this type of service is extremely high," Sturdivant

In addition to slow Medicare payments and bad debt, the hospital also sustains indigent care. Sturdivant said, "We are a non profit organization and we would appreciate anyone who is interested in making a tax deductible donation to Tyler County Hospital.

"Our troubles really began last year when we lost a local physician. This resulted in a 20 to 25% reduction in our patient load," Sturdivant said, adding, "We now have an average of 13 patients per day in comparison to 20 patients per day in September of 1990."

Sturdivant emphasized (Cont. on Pg. 2A)

I'm Free

Don't grieve for me, for now I'm free I'm following the path God laid for me I took his hand when I heard Him call I turned my back and left it all.

I could not ston an other day To laugh, to love to u ork or play

Be not burdened with times of sorrow I wish you the sunshine of tomorrow My life's been full. I ve savored much

Perhaps my time seemed all too brief Don't lengthen it now th undue grief Lift up your heart and share with me God wanted me now; He set me free

each one who brought food, send cards, and prayed for our family during Dave's sickness May God bless each one.

Thanks again,

Letters To

The Editor fused. Angry because found out this weekend that you have to pay i advance before you can see a doctor or nurse at our new Emergency Room in the Tyler County Hospital My sister was brought to the hospital Saturday in pain and was not even ex amined but turned away because she did not have money up front. She was in pain and scared-not knowing if the pain would stop or if something more serious was taking place. I am confused because how can you pay for treatment first before you are examined and know the problem? Also, I was told that a nurse can make judgement on if it is an emergency or not. How can you do this with out even talking to the patient first? I called the hospital Monday morning

VALUABLE COUPON CLIP & SAVE and questioned this new policy and was put on hold without any answers. So, I welcome the hospital to any new or transferred prescription reply to this letter and explain how this policy is

Public Notice

On October 18, 1991, Southwestern Bell Telephone Company filed an application with the Public Utility Commission of Texas to add a new optional service offering called SmarfTrunk™ Service. The application has been assigned Tariff Control No. 10687. SmarfTrunk Service provides access between the customer's premises and the serving Southwestern Bell central office for circuit-switched voice and data communications. This communication capability is provided where facilities are available using Integrated Services Digital Network architecture. ISDN services available with SmarfTrunk Service use Primary Rate Interface (PRI) technology. SmartTrunk Service requires PRI ISDN compat-Ible Private Branch Exchange (PBX) customer provided equipment registered under FCC Part 68 Rules. SmartTrunk Service employs a 1.544 Mbps facility (denoted as SmarfTrunk Interface) typically divided into twenty-three B channels and one D channel. B channels are used for voice and data communications while the D channel provides outof-band signaling.

If approved by the Commission, the rates for each SmartTrunk Interface facility will be \$1,110 per month under a 36-month service contract or \$1,010 per month under a 60-month service contract. The proposed rate for the use of the central office varies from \$12.25 up to \$18.90 per month for each B channel depending on the rate group classification which is determined by the customer's location. Southwestern Bell estimates revenue of \$2.8 million from this offering

Persons who wish to intervene or otherwise participate in these proceedings should file comments regarding this application with the Commission as soon as possible. A request to intervene, participate, or for further information should be malled to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd. Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.
