DUPLEX DAMAGED --- A duplex owned by Anita Selman at the corner of Pine and Reld streets in Woodville was heavily damaged by fire Monday afternoon. Shortly after 3:30 p.m. Monday, Woodville volunteer fire men responded to the fire which was producing a thick, black cloud of smoke that could be seen throughout the city. Fire Chief Alva Cook said that cause of the blaze was still under investigation but is believed to have begun in a storage building (pictured at right center) and then spread to the back of the duplex (pictured at left). No one was home at the time of the fire and no injuries were reported. One apartment in the structure was guited by the blaze before firemen were able to bring it under control. (Photo by Greg Peak)

DUPLEX DAMAGED — A duplex owned by Anita Selman at the corner of Pine and Reid streets in Woodville was heavily damaged by fire Monday afternoon. Shortly after 3:30 p.m. Monday, Woodville volunteer firemen responded to the fire which was producing a thick, black cloud of smoke that could be seen throughout the city. Fire Chief Alva Cook said that cause of the blaze was still under investigation but is believed to have begun in a storage building (pictured at right center) and then spread to the back of the duplex (pictured at left). No one was home at the time of the fire and no injuries were reported. One apartment in the structure was gutted by the blaze before firemen were able to bring it under control. (Photo by Greg Peak)
