Familiar faces with a new look.

Now that Gulf States Utilities and Entergy Corporation have merged, you can expect a number of important service benefits. Such as more reliable sources of energy to meet your needs for years to come. Improved overall operating efficiency, resulting in more

cost-effective power generation. Lower energy costs. New opportunities for regional economic development. And additional resources for environmental management and emergency response.

Of course, you'll still enjoy the same friendly

service you've come to expect from dedicated employees with the same commitment to your satisfaction and to the community in which they live and work.

As you'll see, the faces are familiar and the Entergy/ GSU name will mean even more now. It will mean more
