REELECT BARNES **Commisioner Tyler County Precinct 2**

TO THE CITIZENS OF TYLER COUNTY, PRECINCT 2: The Democrat primary election will be on Tuesday, March 8, 1994. I would like to talk to each of you before then. but since that is almost impossible, I am taking this method of relating facts about myself that you may be interested in

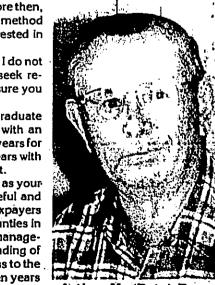

But first, let me correct the untrue rumor that I do not plan to complete my term if elected. I would not seek reelection if I did not intend to serve the full term. I assure you that the rumor is an absolute untruth. Next, let me tell some background. I am a graduate

of Chester High School, a Veteran of World War II with an honorable discharge from the U.S. Army, worked 12 years for Quif Oil in various jobs in maintenance and then 20 years with Windham and Sons as a constuction superintendent. Finally, let me talk about the last seven years as your Commissioner of Precinct 2. I take pride in the careful and cost-conscious point of view I have in the use of the taxpayers dollar. I believe our low taxes compared to other counties in the area and the services rendered show prudent manage-

ment of county funds. Also, I take pride in the upgrading of roads and bridges in Precinct 2 and the responsiveness to the needs of the Precinct 2 citizens. During the past seven years Thave learned much about the regulations and functioning of Arthur M. (Pete) Barnes the county government. Thave been able to work in a cooperative and harmonious manner with others in the county government even when our views disagree. I pledge to you that I will continue

to perform to the best of my ability. Now I need you to help me. PLEASE VOTE ON MARCH 8 TO RE-ELECT A.M. (PETE) BARNES

Meet Gary Spencer ... Wildlife Biologist for Louisiana-Pacific

We have added a professiona idlife biologist to our team of experienced, dedicated foresters in a continuing effort to further develop our wildlife management program: Recognizing that wildlife is an ntegral part of the forest ecosystem, Gary Spencer joined Louisiana-Pacific in October 1993 to head the wildlife management program. Gary will work hand-in-hand with L-Pforesters to carefully manage our forests for wildlife as well as timber production. In addition to working with our forest management program, Gary will be providing wildlife technical assistance to landowners enrolled in L-P's Tree Enterprise

Program. The Tree Enterprise Program was developed to give private landowners professional help in managing their forest lands. Now wildlife management assistance is available to all of our landowners and it's just a phone call away: With over 26 years of experience with the Texas Parks and Wildlife Department, Gary served 20 years as the Pineywoods District Leader. In this position he led wildlife research, survey and

30 counties and on over 200,000 acres of which is management area.

In addition to his distinguished record of service at Taxas Parks and Wildlife; Gary.

is a member of The Wildlife Society, both nationally and the Texas chapter, a current member of the Board of Directors of the Texas Wildlife Association and past president of the Texas Wildlife Management

Bom in Nederland, Texas, Gary grew up hunting in the woods of East Texas. His love for wildlife and the outdoors led him into a career in wildlife management. Gary
is a graduate of Texas A & M University with

a Bachelor of Science degree in wildlife management and a Masters of Education in secondary education. Gary continued his graduate work in the Natural Sciences at the University of Oklahoma and Lamar Gary and his wife Dean live in Jasper.

Dean is an elementary school teacher for the Jasper Independent School District. Gary and Dean are members of the First Baptist Church in Jasper where he is a

I believe our low taxes compared to other counties in the area and the services rendered show prudent management of county funds. Also, I take pride in the upgrading of roads and bridges in Precinct 2 and the responsiveness to the needs of the Precinct 2 citizens. During the past seven years

I have learned much about the regulations and functioning of Arthur M. (Pete) Barnes the county government. I have been able to work in a cooperative and harmonious manner with others in the county government even when our views disagree. I pledge to you that I will continue

The students, who raised \$1,500 from project, make a quikeach year as part of their reading class. Henderson wn with his daughter, Mary, a fourth grader at Warren Elementary.

We have added a professional

wildlife biologist to our team of experienced,

dedicated foresters in a continuing effort to

further develop our wildlife management

program. Recognizing that wildlife is an

ntegral part of the forest ecosystem, Gary

Spencer joined Louisiana-Pacific in October

1993 to head the wildlife management

program. Gary will work hand-in-hand with

L-P foresters to carefully manage our forests

for wildlife as well as timber production. In

addition to working with our forest

management program, Gary will be

providing wildlife technical assistance to

andowners enrolled in L-P's Tree Enterprise

Program. The Tree Enterprise Program was

developed to give private landowners

professional help in managing their forest

lands. Now wildlife management assistance

is available to all of our landowners and it's

with the Texas Parks and Wildlife

Department, Gary served 20 years as the

Pirieywoods District Leader. In this position

he led wildlife research, survey and

management efforts for the department in

WARREN—Mrs. Thompson's fourth Mrs. Thomspon's students make a student is able to tack the blocks.

Mrs. Thomson's students make a quilt each year in conjunction with their learns lngalls Wilder quilt. The drawing for the quilt was held on Jan. 7 and the winner was David Henderson of Warren, the father of Mary and Anne Henderson, who both attend Warren Elementary.

Mrs. Thomson's students make a quilt each year in conjunction with their reading class, in which the core of the curriculum centers around the "Little House" books by Laura Ingalls Wilder. The students enjoy making the quilt, and the highlight of the project is when it is placed on the quilting attend Warren Elementary.

Mrs. Thomson's student is able to tack the blocks. "We have learned somuch about the pioneer way of life in our country," he fiped and supported us this year. A special thanks to Mrs. Reese's fourth Bobby West won a complete set of "Little House" books because he raised with the quilt is used to puralsed with the quilt is used to puralsed.
