# Welcome to Tyler County Dogwood Festival Western Weekend

## The Tyler County BOOSTER

Serving the people of Tyler County since 1930.

### Western Weekend action begins Friday

#### Jolea Glenn crowned as 51st Dogwood Queen

WOODVILLE — With Western Weekend activities slated to get underway Friday, Tyler County Dogwood Festival officials were hoping for a repeat of this past weekend's sunny, warm weather as thousands of trail riders and spectators are expected to converge on Woodville.

This past weekend's picture-perfect weather coupled with the massed blooming of dogwood trees and other East Texas plants gave the county's annual tribute to the arrival of Spring an ideal setting.

The Dogwood Queen's Weekend, the first of three Saturdays set aside for the 51st Annual Tyler County Dogwood Festival, was highlighted Saturday night by the coronation of the 1994 Dogwood Queen.

This year Warren Princess Jolea Elizabeth Glenn, daughter of Mr. and Mrs. Ronald E. Glenn, won the title and was presented with the special Dogwood crown, robe and ring.

The new queen is a senior at Warren High School and is an officer in the school's Future Farmers of America chapter. She has won first place in the chemistry division of the Warren Science Fair, received an FFA State Lone Star Farmer Degree and won various awards in leadership and judging contests.

She is a member of the "A-B" honor roll, won a number of awards for livestock exhibits and was the 1991 Tyler County Fair Queen.

The annual festival continues Friday and Saturday with the Western Weekend celebration, including the traditional two-day rodeo and trail ride

parade.

The rodeo, which for the second year is being sponsored by the Tyler County Sheriff's Posse under contract with the Dogwood Festival committee, will get underway at 7:30 p.m. Friday and again at 4:30 p.m. Saturday. Advance sale tickets are available at the Tyler County Chamber of Commerce for \$6 for adults and \$5 for children 12 and under. Tickets at the gate will be \$8 for adults and \$6 for children.

During the Friday night rodeo performance, a 4-H Club calf scramble will be held while Saturday's rodeo will feature the traditional goat scramble. While the goat scramble is open to all children up to seven years of age, the calf scramble on Friday is open only to 4-H Club members.

Included in Saturday's rodeo will be the selection of the Western Weekend Sweetheart from among the candidates representing the various trail rides participating in this year's event. Judging of the sweethearts will take place Saturday morning with the winner being announced during the afternoon rodeo performance.

At 2 p.m. Saturday, the Western Weekend Parade will get underway in Woodville with cowboys and cowgirls literally filling the streets with horses, wagons and buggies. While horses are not allowed in the Dogwood Queen's Parade held this past Saturday, the Western Weekend event includes thousands of horses of just about every color, breed and size.

### Four suspects jailed for Bestway burglary

WOODVILLE — Four men arrested early Sunday morning in Livingston following a failed burglary attempt were being held this week in connection with the March 13 burglary of the Woodville Bestway Foods Store.

According to Woodville Police Chief Scott Yosko, the four suspects are believed to have been involved in similar types of burglaries of stores located from East Texas up through the Dallas area and beyond.

"These arrests should clear up a lot of burglaries across the entire state," Yosko said. "Warrants have been issued here charging the suspects with burglary of a building and I would imagine that a number of other police departments and sheriff's offices be-

tween here and Dallas will be issuing their own warrants if they haven't already."

Being held this week in the Polk County Jail in Livingston were Henry Lee Beggs, 47, of Kilgore; Tommy Ray Beggs, 42, of Fort Worth; Eddie Ray Beggs, 23, also of Fort Worth; and Danny Lee Seeders Jr., 25 of North Richland Hills.

Yosko said that Henry and Tommy Beggs are brothers while Eddie Beggs is the son of Tommy Beggs. The chief identified Seeders also as a member of the Beggs family, indicating he was a cousin.

Additional suspects in the Woodville burglary are being held in Dallas. See BURGLARY, pg. 3A

## Chester Lions hear variety of programs

By J.E. Scamman  
CHESTER — Tyler County Agent Matt Bocha, program speaker for the Chester Lions Club's March 3 meeting, brought an informative program on the approaching agricultural problem, "Killer Bees".  
Bocha pointed out that the bees were found in North Montgomery County last year and that they could be expected to arrive in this area soon. He said that by careful examination in the state laboratory, could the bees be identified. Persons who find a strange hive are advised to leave them alone and notify him.  
Bocha traced the history of the insect and the migrations that brought them here. He also discussed the economic impact they can have on the honey industry in the U.S.  
Program Director Arthur Barnes introduced the program and the Lions and the bees. Barnes presented a chicken dinner, provided by Lion Myers Pace and his wife, Leah. They were assisted in serving by Carolyn Hughes and Kristin Hughes.  
Pace also presented a specially prepared birthday cake to Lion Rusty Hughes, recognizing his 49th birthday and his 26th year as a Lion in the Chester Club.  
The special guests recognized in attendance included Gary Toler, named a new Lion member by sponsor J.E. Scamman, and several guests of Pace, representing the different law enforcement agencies in the county. The visitors were: Gary Hamilton, Steven Stronack, Bobby Risch, James Chapman, Graham Jones, Mike Whelan, Mike Hughes, and Doug Hughes.  
Lion Gary Gagnaw reported on the District 251, Lions Mid-winter Conference in Monroeville which he attended Feb. 27 (Gagnaw is region 4-B Zone Chairman and an official member of the Governor's Cabinet).  
Tresswell W. Wilson reported that the membership roll showed a loss of three Lions this year and a gain of two new members. Wilson said that the club was sorry to lose the three Lions, and welcomed the new members, Charles Dinkley and Gary Toler.  
Lion Rusty Hughes thanked the Lions of the April 9 date for the Lions Annual Banquet and asked that they pick up tickets for advance sale from Tuesday, March 22.  
The Chester Lions Club got off to a good start in January with Lion DeHester serving as program chairman for the meeting. The club has two interesting and informative programs. The Lion program was brought by Dr. James M. Brown of Woodville.

## Hear World-Class Harpist Greg Buchanan

Tyler County residents have rare opportunities to hear world-class musicians outside of Houston. However, on Easter Sunday evening, April 3, 1994, everyone is invited to hear world-class harpist, Greg Buchanan, at 6 p.m. in the auditorium of the First Baptist Church, 282 South Chantou in Woodville. Greg has made appearances all over the world and has received the Instrumental Album of the Year from the GMA several years. Greg has the very great privilege of being the first harpist in the world to own and play an electronic grand harp developed and handcrafted by Lyon and Healy, of Chicago.  
Greg has played the harp since he was nine. Super musicianship combined with an enthusiastic attitude toward the Christian faith, and the infectious spirit of personal testimony are making him one of the most sought after Christian performers in America.  
Greg readily gives God credit for everything he has today and for bringing him from the depths of worldly living to the triumphant life he now enjoys. Greg is married and the father of two boys and a girl. There is no charge, but a love offering will be taken for Greg. Everyone is invited. For more info., 283-2588

**THE BIBLE, A DULL BOOK**  
Don L. Byler  
Pine Street Church of Christ  
There are those who believe that the Bible to be a dull book and too difficult to understand. This author has met many of this persuasion and suspects there are many others who believe this way but do not make it known. The reason for such beliefs maybe many, however, in any case the following story will demonstrate the answer. The story goes like this:  
Once upon a time a young woman who was an avid reader of books placed a book upon the top shelf in her library which contained many volumes of books. The book she placed on the upper most shelf had been highly recommended but she just could not get interested in this book for it was very dull to her. She told herself that maybe some day I will read that dull book when I do not have anything better to read.  
Several years passed and the book remained upon the top shelf. About this time, this young woman met a man with whom she had fallen in love. He, too, was an avid reader of books. One day this young woman invited the man to her home in order to meet her potential to have dinner with them.  
While waiting for the meal to be completed and placed on the table, this young woman began to show her library to her beau. After a few minutes in the library, she remembered this dull book on the top shelf. She told her beau that she had this book and that she had never been able to get interested in reading it; also, that the author had the same name as his. Upon seeing the "dull" book, her beau said, "The author had the same name as his was because he was that author."  
When the man whom she loved left that night, this young woman began reading that "dull" book and did not put it down until she had finished reading it. The "dull" book became a fascinating and interesting book. Why? Because she had fallen in love with the author.  
Thus it is with the Bible. Once you fall in love with its author, you will see it as a fascinating book which will change in your life the book of books. Granted there are some things in the Bible that will be difficult to understand (2 Peter 3:16). However, we can understand the Bible just as we can any other book. Who can have the same understanding as the inspired writers (Ephesians 3:4).

# Woodville Child Support Enforcement Office opened by attorney general

John Tompkins, Texas Attorney General Dan Morales last Thursday officially opened a regional Child Support Enforcement Office in Woodville before a crowd of approximately 75 area officials and citizens.

The Woodville office, with a staff of 10 people, has been unofficially open since Feb. 4 and has collected over \$200,000 for the children of Texas.

in that area according to Woodville Office Manager Cleve Haliburton. The new office is currently working on about 5,000 cases in the area. They serve: Sabine, Jasper, Newton, Polk and Tyler Counties.

Much of the office's "three star" rating is directed to the state's 100,000 in one parent families receiving state welfare. Once paternity is established, child support is a direct result from the absent parent plus payment of all welfare paid by the state while that family was not receiving child support payments.

The new office is part of an effort by the Texas Attorney General's Office to "put our employees where the customer is," says Cecilia Burke, director of the Child Support Enforcement Division of the Texas Attorney General's Office. "Before this some

would have to travel as much as 200 miles just to sign a few papers."

Morales presented plaques expressing thanks to Tyler County Judge Jerome Owens and the commissioners' court, Temple Inland Corporation, and local landlords David Mann and his son, Lee Mann, of Woodville, for their assistance in locating and quickly opening the new Woodville office.

The Texas Attorney General in his remarks to the public said that part of his office's responsibility was to see that many young Texans receive the help and support they need to succeed in the future; the Child Support Division's 2,000 employees handle 30,000 new child support cases each month statewide, he added.

## County's trash collection center dedicated

WOODVILLE — Tyler County, area and state officials and citizens gathered Thursday, March 17, as the county formally dedicated and demonstrated its new \$283,000 "state of the art" trash compacting plant.

The new facility, located West of Woodville on Old Livingston Road, will close all remaining Tyler County landfills by Monday, April 4 and will compact and prepare all Tyler County garbage for shipment once-a-day to a regional landfill in Angelina County.

Once in operation, citizens will be able to drive through the trash collection center and drop their bagged garbage into the compactor.

Contractor for the center was Thomas Farnberry of Woodville, with engineering and design work done by Wayne Sizel of Everett Griffith, Jr. and Associates of Lufkin.

Texas Natural Resource Conservation Commission, Municipal Solid Waste Division liaisons Ann Scudday and Charles Stavley were among the officials on hand to congratulate county officials on their quick completion and for putting in operation the Collection Center which keeps Tyler County up with the changed federal environmental standards for trash disposal. The center will serve all of Tyler County garbage needs except for the City of Woodville.

City of Woodville officials in February 1993 opened a \$75,000 smaller scale trash compactor site for processing all city garbage. The compacted garbage is then shipped to the regional landfill in Angelina County.

CHILD SUPPORT ENFORCEMENT OFFICE OPENS — Texas Attorney General Dan Morales (center) was on hand to cut the ribbon during the formal opening of the Child Support Enforcement Office located on North Magnolia Street in Woodville. Among the other officials present for the ceremony were State Rep. Allen Hightower and State Senator Bill Hale. The office will provide various services including locating absent parents, establishing paternity and establishing and enforcing child support/medical support orders in a five county area. TRASH COLLECTION CENTER — Although it will not be open for business until Monday, April 4, local and regional officials were on hand to dedicate the new Tyler County Community Collection Center located on Old Livingston Road just west of Woodville. Tyler County Chamber of Commerce officials also were on hand to present the center with the monthly beautification award. (Photo by John Tompkins)

## Wilson aide addresses county FCE meetings

SPURGER — The Washington scene and how the people of East Texas can make their views known was the subject during the Beech Creek Family and Community Educators' club meeting on March 16 at the Spurger Lions Den.

Guest speaker was Congressman Charlie Wilson's district director, Shari Davis, who had addressed the Colmesneil FCE Club a week earlier.

Calling his job that of taking care of the home folks, Davis said each of the seven people in his Lufkin Office is part of a specialty group concerned with representing Wilson's 600,000 constituents in 19 Texas counties in dealing with the proper federal agencies.

With the prime issues on the bill being Health Care, the Crime Drug Welfare Reform and Immigration, Wilson's office handles over 200 letters a day. Davis says this is still the best way to get your voice heard: put it in writing, not only to your congressman, but to your senators as well.

Hostesses for the meeting were Mary Hastings, who had arranged for Davis to address the Tyler County clubs, and Betty Hart. Davis said that the dining room, filled with the green and white of St. Patrick's Day, reminded him of his Irish born grandfather who always gave him a dish of green cheddar and steamed rock as a boyhood gift on that day.

At the Tyler County FCE Council meeting on Tuesday, March 15, an announcement was made of the selection of Gloria Newsome of the Colmesneil Club as Outstanding Member to be honored at the County Achievement Day activities on Thursday, May 7, in front of the Court House.

Family and Community Education Clubs (formerly Extension Homemakers) serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin. For further information, call the Tyler County Extension Office at 283-8224.

## County accepts bids

WOODVILLE — Bids on old equipment being sold by the county were accepted Friday by the Tyler County Commissioners during a brief meeting.

A 1980 and 1977 dump trucks and well as a 1980 pickup were on the sales block and bids were accepted on all three items.

Guy LaFoy won the bid for the 1980 dump truck being sold by the Precinct 3 road and bridge department. LaFoy's bid of \$2,500 was the highest from the four offers submitted for the dump truck.

The 1977 dump truck, which was being sold by the Precinct 1 road and bridge department, went to the City of Colmesneil which submitted the high bid of \$2,159.

Lade Sales of Woodville was the high bidder for the 1980 pickup being sold by Commissioner Maxie Riley's Precinct 1. Lade Sales' bid of \$526.26 was the highest of two offers submitted for the vehicle.

In other business Friday, the commissioners gave tentative approval to a gravel pit contract between Precinct 1 and Champion International. The commissioners authorized the county to execute the contract once County Judge Jerome Owens and District Attorney Jim Clark have reviewed the provisions of the document.

## Eagles close out non-district play... as usual

WOODVILLE — For Woodville baseball coach Brent Belschner, having a losing record in non-district play is no big deal.

For his sixth consecutive year Belschner has coached a team that has failed to break even or better in non-district play. Not to worry. Three of those five years his teams have reached the playoffs, including district title at Woodville in '91 and '92.

Friday, with some help of the Kingsman's Ball which took several members of his team, Woodville lost the backside of a doubleheader against class 4A Lumberton. The loss finished the Eagles' non-district record at 6-7.

"It scared me there for a minute," smiled Belschner. "I thought we might break even."

The Eagles fell 8-5 to the Raiders in the second game, but won the respite. Earlier in the week Woodville edged class 4A Cleveland, 6-5.

Tuesday the Eagles opened district play against Newton. Friday they will host Kountze in a 7 p.m. contest and travel to Hardin-Jefferson next Tuesday for a 4 o'clock game.

Although on his, the Eagles made the most of every opportunity in the Cleveland victory, striking out three and walking three in six innings of work. Pat Goff notched the save.

Offensively, John Greenwood slugged two of Woodville's five hits in the game and drove in a run. John Bostic had two runs batted in, including the eventual winning run in the fifth inning.

Woodville, trailing 3-0, rallied for five runs in the fourth inning on four walks and two singles.

In the Lumberton win, Lynn Hadnot's bases loaded triple with the score tied in the fifth inning keyed a seven run outburst for the Eagles. Hadnot finished with two hits and four runs.

Tolbert, Ryan Ferguson, and Travis Weaver each led two hits in the contest. Tolbert and Ferguson drove in two runs each.

Goff picked up the victory with three innings of work. He struck out three and didn't walk a batter.

The Eagles were able to muster only four hits in the second Lumberton game.

At one point Woodville held a 4-1 lead, but the Raiders rallied back with six runs in the final two innings.

Donnie Buford took the mound loss. Travis Weaver pitched four innings, giving up only one earned run.

**YOUR EYES**

By Thomas E. Duncan, MD  
Medical Director, East Texas Eye Associates

**BLINDNESS 25 TIMES MORE COMMON AMONG DIABETICS.**

The eye complications of diabetes are the leading cause of new cases of legal blindness among Americans between the ages of 20 and 74. Blindness is also 25 times more common in a diabetic patient than in a non-diabetic patient.

Although diabetes itself cannot be prevented, in many cases its blinding complications can. Diabetic retinopathy, the eye disease caused by diabetes, can now be reduced with lasers and/or surgery.

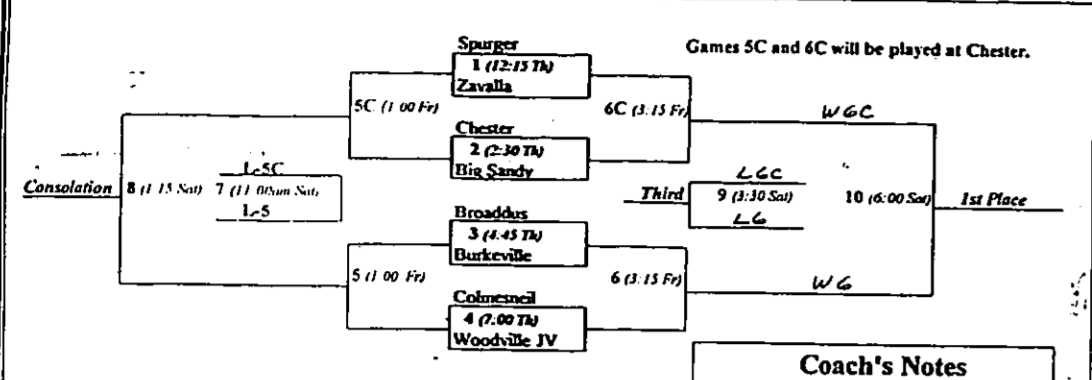

Government studies show that profound visual loss can be reduced by 50% in the most severe form of the disease by laser therapy, and has a similar savings of moderate visual loss in milder cases.

The American Academy of Ophthalmology recommends a regular eye exam schedule for diabetic patients, depending on the patient's age, how long the patient has had diabetes, and the status of the eye.

Therefore, we urge everyone who is diabetic to have an ophthalmologist examine their eyes on a routine basis.

**To: C & C SANITATION CUSTOMERS**  
Dear Fellow Customers:  
We have worked together to each others benefit in the past. It has been a real thrill to work with you in hauling your trash to the new regulatory landfill in THE TYLER COUNTY BOONVILLE. The new regulatory landfill will be approximately \$600 a week or possibly \$2,400 a month. This is a big difference from \$75. I am now going to have to charge \$20 a month to haul your trash to the dump. I understand this is a sacrifice for many of you, but I have no other choice. If you have any questions you may reach me at 429-5323 before the afternoon. You may also try early in the morning.  
Faithfully serving you, *Billy Crumpler* *Billy Crumpler*

Everyone having garbage picked up by individual Haulers need to be made aware of rate increases at the County Dump Site.  
You voted for the COMMISSIONERS in each precinct. They are the people regulating the new dumping rates. If you want something done to change this, we think you can help by going to the Commissioners Court and speaking your piece of mind, IMMEDIATELY!!! You will have to help US if you want garbage service in your area. PLEASE REMEMBER THE RATE INCREASES GO INTO EFFECT APRIL 1, 1994. PLEASE HELP!

## UH receives \$500,000 from Temple Foundation

HOUSTON—The University of Houston has received a \$500,000 endowment gift from the East Texas-based T. L. L. Temple Foundation for the Honors College and the Texas Center for Superconductivity (TCSUH).  
Half of the endowment fund establishes the T. L. L. Temple Honors College Scholarship making funds

available for students from 11 East Texas counties including Tyler County to attend UH while the remainder will enable TCSUH to enhance its programs. The past three salaried officers from Lufkin High School as well as the area's only 1993 National Merit Finalist have all been drawn to UH's Honors College. "The college provides students

with the kind of intellectual atmosphere in which they can prosper," says UH President James H. Pickering. "This important contribution from the Temple Foundation will create opportunities for talented East Texas students to engage in challenging programs and learn from some of our nation's finest educators."

There are more than 1100 students in the Honors College at UH. Under the leadership of Dean Ted Essex, the college is nationally ranked in the top 10 of state-supported universities in attracting National Merit Scholars. Temple scholarship recipients will be determined by the Honors College Scholarship Selection committee. They must be admitted and enrolled for a minimum of 12 hours in UH's Honors College and must maintain a grade point average of at least 3.0.

Primary consideration will be given to applicants living in the East Texas counties of Angelina, Trinity, Polk, Hardin, Jasper, Houston, San Augustine, Newton, Rusk, Anderson, Nacogdoches, Sabine, Cherokee and Tyler.

TCSUH was created in 1987 by the 70th Texas Legislature after a breakthrough discovery in superconductivity was made by TCSUH director and world-renowned physicist Dr. C. W. Paul Chu and colleagues. The mission of TCSUH is to maintain momentum in advancing the field of High Temperature Superconductivity (HTS) research in the United States by serving as a resource for the nation's efforts to bring revolutionary products to the market

**I DON'T HAVE TO ADVERTISE He's Right! There's NO Reason To Advertise, If...**

- 1- His customers aren't interested in reading about new products, services and prices. They're easily satisfied.
- 2- He has no competition, and is unafraid of new competition coming against him.
- 3- The local economy is so good, that it's a cinch to make a barrel of money by continuing to do the same old thing.
- 4- He already nets a million a year (after taxes)
- 5- He likes his present inventory so much that he doesn't want to disturb it.
- 6- He doesn't want to work too hard, or to hire extra people to help.
- 7- The growth factor is at point zero.

.....but he should ADVERTISE if and when, any of the above aren't true!

WOODVILLE — With Western Weekend activities slated to get underway Friday, Tyler County Dogwood Festival officials were hoping for a repeat of this past weekend's sunny, warm weather as thousands of trail riders and spectators are expected to converge on Woodville.

This past weekend's picture-perfect weather coupled with the massed blooming of dogwood trees and other East Texas plants gave the county's annual tribute to the arrival of Spring an ideal setting.

The Dogwood Queen's Weekend, the first of three Saturdays set aside for the 51st Annual Tyler County Dogwood Festival, was highlighted Saturday night by the coronation of the 1994 Dogwood Queen.

This year Warren Princess Jolea Elizabeth Glenn, daughter of Mr. and Mrs. Ronald E. Glenn, won the title and was presented with the special Dogwood crown, robe and ring.

The new queen is a senior at Warren High School and is an officer in the school's Future Farmers of America chapter. She has won first place in the chemistry division of the Warren Science Fair, received an FFA State Lone Star Farmer Degree and won various awards in leadership and judging contests.

She is a member of the "A-B" honor roll, won a number of awards for line dancing and was the 1991 Tyler County Fair Queen.

The annual festival continues Friday and Saturday with the Western Weekend celebration, including the traditional two-day rodeo and trail ride parade.

The rodeo, which for the second year is being sponsored by the Tyler County Sheriff's Posse under contract with the Dogwood Festival committee, will get underway at 7:30 p.m. Friday and again at 8:30 p.m. Saturday. Advance sale tickets are available at the Tyler County Chamber of Commerce for \$6 for adults and \$5 for children 12 and under. Tickets at the gate will be \$8 for adults and \$6 for children.

During the Friday night rodeo performance, a 4-H Club calf scramble will be held while Saturday's rodeo will feature the traditional goat scramble. While the goat scramble is open to all children up to seven years of age, the calf scramble on Friday is open only to 4-H Club members.

Included in Saturday's rodeo with the selection of the Western Weekend Sweetheart from among the candidates representing the various trail rides participating in this year's event. Judging of the sweethearts will take place Saturday morning with the winner being announced during the afternoon rodeo performance.

At 2 p.m. Saturday, the Western Weekend Parade will get underway in Woodville with country and cowgirls literally filling the streets with horses, wagons and buggies. While horses are not allowed in the Dogwood Queen's Parade held this past Saturday, the Western Weekend event includes thousands of horses of just about every color, breed and size.

### Four suspects jailed for Bestway burglary

WOODVILLE — Four men arrested early Sunday morning in Livingston following a failed burglary attempt were being held this week in connection with the March 13 burglary of the Woodville Bestway Foods Store.

According to Woodville Police Chief Scott Yosko, the four suspects are believed to have been involved in similar types of burglaries of stores located from East Texas up through the Dallas area and beyond.

These arrests should clear up a lot of burglaries across the entire state," Yosko said. "Warrants have been issued here charging the suspects with burglary of a building and I would imagine that a number of other police departments and sheriff's offices be-

## At the Village

By Dottie Johnson

It started on Monday with the fourth, fifth and sixth grade classes from Fred coming to the Village to learn more about their history, and it ended with a busy busy Dogwood Festival Saturday, as members of the blacksmiths and friends put the finishing touches on the Village's parade entry and an unexpected tour group of senior citizens arrived.

Each day from that Monday, when the Village was part of a total Woodville experience for the Fred students, early visitors to the Village, touring our historic offerings, shopping our museum store and its array of dogwood goodies, hiking our newly refurbished nature trails, eating at the Pickett House and enjoying the beauty of our area.

By Friday, it was as though the Village had a festival all its own with school groups, tour groups, family groups, girl scouts and all the visiting Dutchesses and their parents converging on our space on Highway 190 West.

On Saturday, the Village moved downtown, at least in part, with our annual Heritage Society Booth across from the Court House. Here Dr. Gayle and Peggy Burton talked about the family. Laces, tatting, crochet, knitting, clothing, anything that shows off fine needlework. Questions? Call Marjorie, at the Village.

## Chester Lions hear variety of programs

By J. E. Seaman  
CHESTER — Tyler County Agent Matt Bochnak, program speaker for the Chester Lions Club's March 3 meeting, brought an informative program on the approaching agricultural problem, "Killer Bees".

Bochnak pointed out that the bees were found in North Montgomery County last year and that they could be expected to arrive in this area soon.

He said that by careful examination in the state laboratory, could the bees be identified. Persons who find a strange hive are advised to leave them alone and to notify him.

Bochnak traced the history of the insect and the migrations that brought them here. He also discussed the economic impact they can have on the honey industry in the U.S.

Program Director Arthur Barnes introduced the program and the Lions and the club was sorry to lose the three Lions members, and welcomed the new members, Charles Dunckerly and Gary Toler.

Lion Robert Vinsor reminded the Lions of the April 9 date for the Lions Annual Barbecue and asked that they pick up tickets for advance sale from Treasurer Wilton.

The Chester Lions Club got off to a good start in January with Lion Dusty Hunsinger serving as program chairman for the month.

Two interesting and informative programs. The Jan. 6 program was brought by Dr. James M. Brown of Woodville

as a health problem that affects many. The Jan. 20 speaker was Jim Gainer, administrator of the Tyler County Hospital. Dr. Steve Hays, M.D., R. Grinnings and Charlie Tyson from the Peach Tree Camp.

For the meeting programs in February, Lion Charis Ingle presented two very interesting programs. The Feb. 3 meeting was covered by the Tyler County Booster's editor, Greg Peak, who was our special guest that night. We appreciate his visit and coverage in the Booster.

Program Chairman Ingle brought Philip Bickham, chief of unit classification at the Gib Lewis Unit prison in Woodville, for a very informative and interesting talk on his work in the prison system.

Fine dinners for our guests and Lions for the month were prepared and served by Erlene Ingle and Carolyn Hughes for Feb. 3 and by Dorothy Wilson and Beulah Pickett on Feb. 17.

## THE BIBLE, A DULL BOOK

Don L. Byler  
Pine Street Church of Christ

There are those who believe that the Bible to be a dull book and too difficult to understand. This author has met many of this persuasion and suspects there are many others who believe this way but do not make it known. The reason for such beliefs may be many, however, in any case the following story will demonstrate the answer. The story goes like this:

Once upon a time a young woman who was an avid reader of books placed a book upon the top shelf in her library which contained many volumes of books. The book she placed on the upper most shelf had been highly recommended but she had could not get interested in this book for it was very dull to her. She took it down but maybe some day I will read that dull book when I do not have anything better to read.

Several years passed and the book remained upon the top shelf. About this time, this young woman met a man with whom she had fallen in love. He, too, was an avid reader of books. One day this young woman invited the man to her home in order to meet her parents and to have dinner with them.

While waiting for the meal to be completed and placed on the table, this young woman began to show her library to her beau. After a few minutes in the library, she remembered this dull book on the top shelf. She told her beau that she had this book and that she had never been able to get interested in reading it; also, that the author had the same name as his. Upon seeing the "dull" book, her beau said the reason the author had the same name as his was because he was that author.

When the man whom she loved left that night, this young woman began reading that "dull" book. It was very interesting and interesting book. Why? Because she had fallen in love with the author.

Thus it is with the Bible. Once you fall in love with its author, God, you will experience a fascinating book which will become in your life the book of books. Granted there are some things in the Bible that will be difficult to understand (2 Peter 3:16). However, we can understand the Bible just as we can any other book. The only way we can have the same understanding as the inspired writers (Ephesians 3:4).

**Hear World-Class Harpist Greg Buchanan**

Tyler County residents have rare opportunities to hear world-class musicians outside of Houston. However, on Easter Sunday evening, April 3, 1994, everyone is invited to hear world-class harpist, Greg Buchanan, at 6 p.m. in the auditorium of the First Baptist Church, 202 South Charlton in Woodville. Greg has made appearances all over the world and has received the Instrumental Album of the Year from the GMA several years. Greg has the very great privilege of being the first harpist in the world to own and play an electronic grand harp developed and handcrafted by Lyon and Healy, of Chicago.

Greg has played the harp since he was nine. Super musicianship combined with an enthusiastic attitude toward the Christian life, and the infectious spirit of personal testimony are making him one of the most sought after Christian performers in America.

Greg readily gives God credit for everything he has today and for bringing him from the depths of worldly living to the triumphant life he now enjoys. Greg is married and the father of two boys and a girl. There is no charge, but a love offering will be taken for Greg. Everyone is invited. For more info., 283-2588

### Woodville Child Support Enforcement Office opened by attorney general

John Tompkins, Texas Attorney General Dan Morales (center) Thursday officially opened a regional Child Support Office in Woodville before a crowd of approximately 75 area officials and citizens.

The Woodville office, with a staff of 10 people, has been unofficially open since Feb. 4 and has collected over \$200,000 for the children of Texas.

In that regard, Morales said, the Woodville Office Manager, Celeste Robertson, said the new office is currently taking cases in the area. They serve Sabine, Jasper, Newton, Folsom and Tyler counties.

Much of the office's work is directed toward the state's one-parent families receiving state child support. Once parents establish child support is collected from the absent parent plus payment of all welfare paid by the state while that family was not receiving child support payments.

The new office is part of an effort by the Texas Attorney General's Office to "put our employees where the customers are," says Cecilia Burke, director of the Child Support Enforcement Division of the Texas Attorney General's Office. "Before this some would have to travel as much as 100 miles just to sign a few papers."

Morales presented plaques expressing thanks to Tyler County Judge Jerome Owen and the commissioner of the court, Temple Inland Corporation, and local landlords David Mann and his son, Leo Mann, of Woodville, for their assistance in locating and quickly opening the new Woodville office.

The Texas Attorney General in his remarks to the public said that part of his office's responsibility was to see that many young Texans receive the help and support they need for success in the future; the Child Support Division's 2,000 employees handle 30,000 new child support cases each month statewide, he added.

Among the other officials present for the ceremony were State Rep. Allen Highower and State Senator Bill Haley. ### County's trash collection center dedicated

WOODVILLE — Tyler County area and state officials and citizens gathered Thursday, March 17, as the county formally dedicated and demonstrated its new \$283,000 "state of the art" trash compacting plant.

The new facility, located West of Woodville on Old Livingston Road, was required due to changes in federal environmental regulations. The county will close all remaining Tyler County landfills by Monday, April 4 and will compact and prepare all Tyler County garbage for shipment once-a-day to a regional landfill in Angelina County.

Once in operation, citizens will be able to drive through the trash collection center and drop their bagged garbage into the compactor.

Contractor for the center was Thomas Fortenberry of Woodville, with engineering and design work done by Wayne Stolz of Everett Griffin, Jr. and Associates of Lufkin.

Texas Natural Resource Conservation Commission, Municipal Solid Waste Division Liaison Ann Seccombe and Charles Stavley were among the officials on hand to congratulate county officials on their quick completion and for putting in operation the Collection Center which keeps Tyler County up with the changed federal environmental standards for trash disposal. The center will serve all of Tyler County garbage needs except for the City of Woodville.

City of Woodville officials in February 1993 opened a \$75,000 smaller scale trash compactor site for processing all city garbage. The compacted garbage is then shipped to the regional landfill in Angelina County.

**TRASH COLLECTION CENTER** — Although it will not be open for business until Monday, April 4, local and regional officials were on hand last week to dedicate the Tyler County Community Collection Center located on Old Livingston Road just west of Woodville. Tyler County Chamber officials also were on hand to present the center with the monthly beautification award. (Photo by John Tompkins)

### Wilson aide addresses county FCE meetings

SPURGER — The Washington scene and how the people of East Texas can make their views known was the subject during the Beech Creek Family and Community Educators' club meeting on March 16 at the Spurger Lions Den.

Guest speaker was Congressman Charlie Wilson's district director, Shaun Davis, who had addressed the Colmesneil FCE Club a week earlier.

Calling his job that of taking care of the home folks, Davis said each of the seven people in his Lufkin Office is part of a specialty group concerned with representing Wilson's 600,000 constituents in 19 East Texas counties in dealing with the proper federal agencies.

With the prime issues on the docket being Health Care, the Crime Bill, Welfare Reform and Immigration, Wilson's office handles over 200 letters a day. Davis says this is still the best way to get your voice heard: put it in writing, not only to your congressman, but to your senators as well.

Hostesses for the meeting were Mary Hastings, who had arranged for Davis to address the Tyler County clubs, and Betty Hart. Davis said that the dining room, filled with the green and white of St. Patrick's Day, reminded him of his Irish-born grandfather who always gave him a dish of green shirley and a shamrock as a boyhood gift on that day.

At the Tyler County FCE Council meeting on Tuesday, March 15, an announcement was made of the selection of Gloria Newsome of the Colmesneil Club as Outstanding Member to be honored at the County Achievement Day activities on Thursday, May 7, in front of the Court House.

Clubs (formerly Extension Home-neighborhoods) serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

For further information, call the Tyler County Extension Office at 283-8284.

### Eagles close out non-district play... as usual

WOODVILLE — Fair Woodville baseball coach Brent Belscher, having a losing record in non-district play is no big deal.

For his sixth consecutive year Belscher has coached a team that has failed to break even or better in non-district play. Not to worry. Three of those five years his teams have reached the playoffs, including district title at Woodville in '91 and '92.

Friday, with some help of the Kingsman's Hall which took several members of his team. Woodville lost the backside of adult/childer against class 4A Lumberton. The loss finished the Eagles' non-district record at 6-7.

"It scared me there for a minute," smiled Belscher. "I thought we might break even."

The Eagles fell 8-5 to the Raiders in the second game, but won the week's edged class 4A Cleveland, 6-5.

Tuesday the Eagles opened district play against Newton. Bids they will host Kountze in a 7 p.m. contest and travel to Hardin Jefferson next Tuesday for a 4 o'clock game.

Although out hit, the Larks mark the most of every opportunity in the Cleveland victory.

Jason Tolbert picked up the mound victory, striking out three and walking three in six innings of work. Earl Goff pitched the save.

Offensively, John Greenwood shaped two of Woodville's five hits in the game and drove in a run. John Bostic had two runs batted in, including the crucial winning run in the fifth inning.

Wednesday, training 3-0, rallied for five runs in the fourth inning on four walks and two singles.

In the Lumberton win, Lynn Hubbard's double topped with a second run to give the fifth inning keyed a season's first outburst for the Larks.

Hubbard finished with a hit and four RBIs.

Tolbert, Jason Tolbert, and Travis Weaver each had two hits in the contest. Tolbert and Emerson drove in two runs each.

Goff pitched a shutout victory with three innings of work. He struck out three and didn't walk a batter.

The Eagles were able to muster only four hits in the second Lumberton game.

At one point Woodville held a 4-1 lead, but the Raiders rallied back with six runs in the last three innings.

Donnie Buford took the mound loss. Travis Weaver pitched four innings, giving up only one earned run.

## The High-Tech, Low-Cost Breakthrough.

Our fully integrated catheterization lab.

Many of us are living longer, better lives today because of important new technology in medicine. In recent years, that technology has come to Deep East Texas, giving you and your family healthcare opportunities comparable with those in Dallas and Houston.

At Memorial, we've become one of Texas' leading cancer treatment centers. We operate the region's leading magnetic resonance imaging center, the only MRI in East Texas capable of performing non-invasive, painless angiography. And we've installed a Siemens fully-integrated catheterization lab, one of the few such facilities currently in the United States.

These and other developments have been made possible because, as a not-for-profit medical center, we're able to put more funds into state-of-the-art technology and facilities right here at home.

And, just as important, we've been able to provide Deep East Texas with some of the lowest healthcare costs in the state.

**To: C & C SANITATION CUSTOMERS**  
 Dear Fellow Customers:  
 We have worked together to each others benefit in the past. It has been a real thrill to work with you in hauling your trash to dump. Under the new regulations mentioned in THE TYLER COUNTY BOOSTER my cost to use the dump will be approximately \$600 a week or possibly \$2,400 a month. This is a big difference from \$75. I am now going to have to charge \$20 a month to haul your trash to the dump. I realize that this is a sacrifice for many of you, but I have no other choice. If you have any questions you may reach me at 429-5321 late in the afternoon. You may also try early in the morning.  
 Faithfully serving you. *Buddy Crumpler* Buddy Crumpler

**ATTENTION EVERYONE**  
 March 19, 1994  
 Everyone having garbage picked up by individual Haulers need to be made aware of rate increases at the County Dump Site.  
 You voted for the COMMISSIONERS in each precinct. They are the people regulating the new dumping rates. If you want to go along with 75¢ to \$1 per bag or \$7 per cubic yard to dispose of garbage, FINE, but don't complain when WE the undersigned Haulers are forced to raise our prices \$1.50 or \$2 per bag, plus a \$10 minimum charge per month, just to provide your sanitation needs.  
 If you want something done to change this, we think you can help by going to the Commissioners Court and speaking your piece of mind, IMMEDIATELY!!!!. You will have to help US if you want garbage service in your area. PLEASE REMEMBER THE RATE INCREASES GO INTO EFFECT APRIL 1, 1994. PLEASE HELP!!  
 Thank you,
