Railroad Days Over In Tyler County!

The track pickup is followed by tie contractor.

'That's It!'

Rail Service Ends In Tyler County

By John Tompkins
"That's it for Woodville", said Rail Pick Up Train Conductor call the replacement of all old track
Jim Seales, of Bridge City, as he and with welded joint line in 1970 to imway in Northern Tyler County for the past two months, pulled 1,000 feet of double rail from the Highway 190 crossing Monday. The crew was set to Robert Simms, an engineer Woodville to the Doucette area. They

nistory.
Train Crew Mechanic John

gines, enough track cars to carry five which take up and run the frack along each side of the train till it reaches a

take a load of 5 miles of track which on the rail pick up trains, in his eight they have removed from north of years of service on this track remem-Rockland. And, with it goes a lot of cal" which would make three or four stops on each run down the Lufkin to Grimsley, who has just moved to Tyler senger service which ended in the

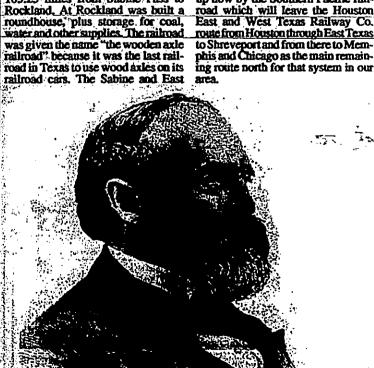

traffic, much of it chemicals and other chemical industry headed north, which disjointed and pushed into a rack on a then parallel to Highway 59 on the rail car for storage. The track is pulled "rabbit". The decline of the oil indusonto the train from the back of the try in the 1980's cut the through traffic rain. In Tyler County the empty train and forced to make a choice between backs up the track from Beaumont till the "rabbit" and the "wooden axle" it reaches the point near where it pre-viously stopped loading track. Once "rabbit". The wooden axle route with he track is loaded, a subcontractor more curves and higher maintenance clears the grade of the old railroad ties costs like frequent washout due to but is leaving the grade intact for the higher rainfall in its route area were time being. Signs, crossing warning among the factors which doomed the and other track-side railroad equipment will be gathered for selling to service to Tyler County forever.

We are past the time in which in 1895 Huntington purtice railroad was the fastest most conchased the Texas Trunk Railway which venient way of traveling or transport-ng goods. For most of us today the only time we intrude into the world of run all the way to Beaumout to prothe railroad is when the road we're cure a ready supply of lumber for traveling on crosses the railroad or Dallas. In 1900, Col. Huntington berallels a railroad. Perhaps in Tyler gan extending the Trunk-Railway ast as it is in other areas of the state. of 1902. The Sabine and East Texas ience of regular passenger ser- in Nacogdoches in June of 1902 and rice on the Southern Pacific Railroad Cushing by February 1903. The two when roads in Tyler County were primitive and crossing the Neches in most places still involved use of a ferry rather than a highway bridge.

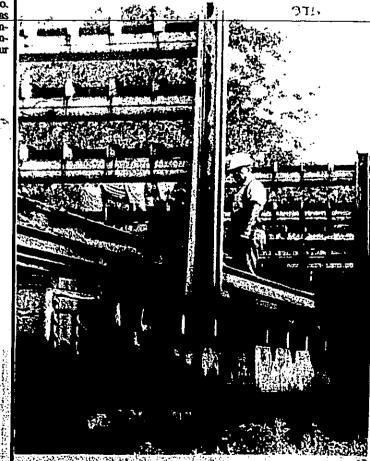

Certainly the railroads were County and Count

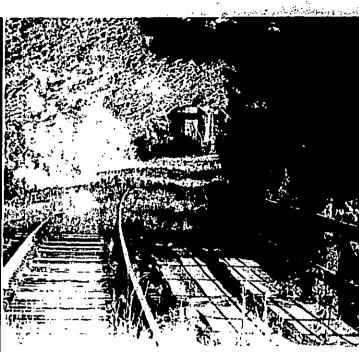

of transportation which preceded them. railroad in 1899, the Houston East and In 1880 the principal sawmilling point West Texas Railway Co. which had or the lumber of East Texas was at run from Houston to Nacogdoches to eaumont. The primary means of sup-lying the Beaumont area lumber mills It was consolidated with the Texas was by floating rafts of logs down the Neches River. Prior to the Civil War the East Texas Railway Company had built a railway from Sabine Pass to come to be known as the "rabbit". built a railway from Sabine Pass to Beaumont and graded 25 miles of road north of Beaumont. That road had not been rebuilt following the war. In 1880 a new Sabine Railway company, soon renamed the Sabine and East Texas from south of Lumberton to Lufkin which are currently being abandoned by the Southern Pacific Railway, sections of the old Turnk Railway from Jackson and East Texas Railway, was chartened in Railway from Jackson and East Texas Railway, was chartened in Railway from Jackson and East Texas Railway was chartened in Railway from Jackson and East Texas Railway from East Texas from south of Lumberton to Lufkin which are currently being abandoned by the Southern Pacific Railway from East Texas from south of Lumberton to Lufkin which are currently being abandoned by the Southern Pacific Railway from East Texas from south of Lumberton to Lufkin which are currently being abandoned by the Southern Pacific Railway from East Texas from south of Lumberton to Lufkin which are currently being abandoned by the Southern Pacific Railway from Jackson and East Texas from South of Lumberton to Lufkin which are currently being abandoned by the Southern Pacific Railway from Jackson and East Texas from South of Lumberton to Lufkin which are currently being abandoned by the Southern Pacific Railway from Jackson and East Texas from South of Lumberton to Lufkin which are currently being abandoned by the South of Lumberton to Lufkin which are currently being abandoned by the South of Lumberton to Lufkin which are currently being abandoned by the South of Lumberton to Lufkin which are currently being abandoned by the South of Lumberton to Lufkin which are currently being abandoned by the South of Lumberton t ered in Beaumont and by March of ville to Bonita Junction (located just 1882 had reached a total mileage of north of Nacogdoches) have been taken
