Donated items for the yard sale have been collected for the past several weeks, and a large selection will be offered. All Ivanhoe property owners are invited to participate in the day-long sale.

Event chairman, Judy Rogers, said the sale is being conducted in an effort to raise funds for enlargement of the current Ivanhoe Civic Center.

The Chester exchange has petitioned for Expanded Toll-Free Local Calling to the Corrigan and Woodville

Within the next 15 days, Eastex Telephone Cooperative, Inc. will mail ballots to all customers in the Chester exchange. After marking the ballot, customers should sign their name and return the ballot to the Public Utility Commission of Texas. A stamped self-addressed envelope will be provided with the ballot,

Expanded Toll-Free Local Calling will allow customers in the Chester exchange to call and be called by customers in the Corrigan and Woodville exchanges. If approved, all subscribers in the Chester exchange will be charged an additional monthly per line charge up to \$3.50 for residence and \$7.00 for business. This charge is in addition to your local exchange service rates, and will apply until Eastex Telephone Cooperative's next general rate case, at which time all service rates are subject to change. These charges are the maximum that can be charged regardless of the number of exchanges that are approved by the voters in the Chester exchange.

Expanded Toll-Free Local Calling will be granted to each exchange with a "Yes" vote from 70% of the people who actually return their ballots. Exchanges that fail to receive a 70% "Yes" vote will not be added to the local calling scope. If all exchanges fail to meet the requirements of the ballot, service will not change and customers will not be billed an additional monthly fee.

The PUC only has the authority to approve a local calling area in which all exchanges are located within the same Local Access Transport Area (LATA). Because the Woodville exchange is located in a different LATA than Chester and Corrigan, authorization for calling into Woodville must be granted by the U.S. District Court. If both exchanges pass the ballot, but the U.S. District Court does not approve local calling into Woodville, the monthly charge would be for calling into Corrigan only. If both exchanges pass the ballot and the U.S. District Court approves local calling into Woodville, provision of service for local calling to Woodville may occur at a different time than service to Corrigan.

The Public Utility Commission has assigned this matter Project Number 13034. Interested parties should direct any comments that they may have about the petition to the Public Utility Commission, 7800 Shoal Creek Boulevard, Suite 400, Austin, Texas 78757, or they may call the Public Utility Commission Information office at 512/458-0256 or 512/458-0221, teletypewriter for the deaf.

Aviso Publico

La área telefónica de Chester ha solicitado el Servico de Expansión de Llamadas Locales sin costo de larga distancia con las áreas de Corrigan and Woodville.

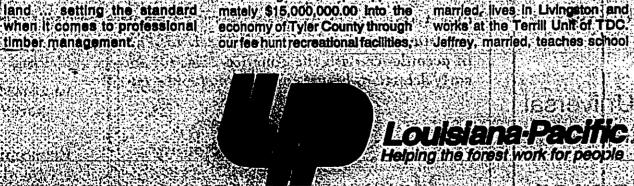

En los próximos 15 días, Eastex Telephone Cooperative, Inc. le enviará por correo boletas a todos los clientes de la área de Chester. Depues de marcar la boleta los clientes deben firmar ye regresar la boleta a la Comisión de Servicios Publicos de Texas (Public Utility Commission of Texas). Junto con la boleta estar incluido un sobre con estampilla y dirección de retorno.

El Servicio de Expansión de Llamada Locales sin costos de larga distancia le permitirá a los clientes de la área de Chester llamar y ser llamado por las áreas de Corrigan and Woodville como si fueran llamadas locales. Si se aprueba la solicitud, todos los clientes de la átea de Chester tendrán que pagar una cuota adicional, por línea, de hasta \$3.50 para líneas residenciales y \$7.00 para líneas comerciales. Este cargo mandatario es adicional a su tarifa de servicio telefónico básico, y se aplicará hasta el próximo caso general de tarifa de Eastex Telephone Cooperative, Inc. En tal fecha, todas las tarifas de servico podrian combiar. Estos cargos son el máximo que pueden cobrarse sin tomar en cuenta el numero de áreas que sean aprobadas pro los votantes en la área telefónica de Chester.

El Servicio de Expansión de Llamadas Locales sin costo de larga distancia sera otorgado a cada área con el voto "SI" de 70% de las personas qu actualmente regresen las boleta. Las áreas que fallen no seran afiadidas a su área de llamadas locales. Si todas las áreas fallan el voto, su servicio no cambiara y no se le cobrara el costo adicional mensual.

La Comisión de Servicios Públicos de Texas tiene autoridad de apruebar el servicio de expansión de llamadas locales en todas las áreas telefónicas localizado entre el mismo area de transporte acceso local. Por que la área telefónica de Woodville esta localizdado en un área diferente de transporte acceso local de la área telefónica de Chester y Corrigan, llamadas a la área telefónica de Woodville tiene que tiener authorization de La Corte Distrito de los Estados Unidos (U.S. District Court). Si las dos áreas telefónicas pasan la boleta, pero si La Corte Distrito de los Estados Unidos no aprueba el servicio de expansión de llamada locales en la área telefónica de Woodville, entonces llamadas a la área telefónica de Corrigan tendrán que pagar el costo mensual. Si las dos áreas telefónicas pasan la boleta y La Corte de Distrito de los Estados Unidos aprueba el Servicio de Expansión de Llamada Locales en la área telefónica de Woodville, el provisión del servico para la área de Woodville pude ocurrir que el tiempo es diferent en la llamada para la área telefónica de Corrigan.

La Comisión de Servicios Públicos de Texas ha asignado a este asunto el Número de Proyecto 13034. Las personas interesadas deben dirigir sus comentarios o/y preguntas sobre la solicitud a la Comisión de Servicios Públicos, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, o pueden llamar a las Oficinas de Información de Servicios Públicos, al 512/458-0256, o 512/458-0221 (teletipo para sordomudos).

A good forester practices environmentally sound forest management for wildlife enhancement.

A good forester *has an acute aware*ness of his surroundings and makes aujusiments to accommodate change while keeping the environment and the future as foremost

A good forester is always working toward a healthy forest.

Victor Hamilton ... is a good forester. He works for Louisiana-Pacific's Tree Enterprise program in Tyler County. Vic began his forestry career with Kirby Lumber Co. in 1968 as an assistant forester in Kirbyville and came to Woodville in 1989. Vic is currently working with 93 Tyler County landowners who have over 19,000 acres under intensive forest

management. Louisiana Pacific's Tree Enterprise program was developed to provide private landowners, just like those here in Tyler County, the professional help needed to profitably grow a commercial tree crop. Vic's expertise in evaluating the forest's potential and developing a customized plan for each landowner makes him a leader in his field. He always keeps the financial goals and the aesthetics of the landowner's forest in balance. Vic cares about the land ... setting the standard when it comes to professional timber management.

potential in both people and resources in Tyler County. We are especially proud of our 10,000 acre fee hunt area which provides outstanding hunting for individuals to enjoy at reasonable rates — and it's all supervised by our own game warden. And our Dogwood Trail, located just east of Woodville, gives people from all over the world a beautiful and peaceful place to enjoy our natural environment.

The Chester exchange has petitioned for Expanded Toll-Free Local Calling to the Corrigan and Woodville

Within the next 15 days, Eastex Telephone Cooperative, Inc. will mail ballots to all customers in the Chester exchange. After marking the ballot, customers should sign their name and return the ballot to the Public Utility Commission of Texas. A stamped self-addressed envelope will be provided with the ballot.

Expanded Toll-Free Local Calling will allow customers in the Chester exchange to call and be called by customers in the Corrigan and Woodville exchanges. If approved, all subscribers in the Chester exchange will be charged an additional monthly per line charge up to \$3.50 for residence and \$7.00 for business. This charge is in addition to your local exchange service rates, and will apply until Eastex Telephone Cooperative's next general rate case, at which time all service rates are subject to change. These charges are the maximum that can be charged regardless of the number of exchanges that are approved by the voters in the Chester exchange.

Expanded Toll-Free Local Calling will be granted to each exchange with a "Yes" vote from 70% of the people who actually return their ballots. Exchanges that fail to receive a 70% "Yes" vote will not be added to the local calling scope. If all exchanges fail to meet the requirements of the ballot, service will not change and customers will not be billed an additional monthly fee.

The PUC only has the authority to approve a local calling area in which all exchanges are located within the same Local Access Transport Area (LATA). Because the Woodville exchange is located in a different LATA than Chester and Corrigan, authorization for calling into Woodville must be granted by the U.S. District Court. If both exchanges pass the ballot, but the U.S. District Court does not approve local calling into Woodville. the monthly charge would be for calling into Corrigan only. If both exchanges pass the ballot and the U.S. District Court approves local calling into Woodville, provision of service for local calling to Woodville may occur at a different time than service to Corrigan.

The Public Utility Commission has assigned this matter Project Number 13034. Interested parties should direct any comments that they may have about the petition to the Public Utility Commission, 7800 Shoal Creek Boulevard, Suite 400, Austin, Texas 78757, or they may call the Public Utility Commission Information office at 512/458-0256 or 512/458-0221, teletypewriter for the deaf.

Aviso Publico

La área telefónica de Chester ha solicitado el Servico de Expansión de Llamadas Locales sin costo de larga distancia con las áreas de Corrigan and Woodville.

En los próximos 15 días, Eastex Telephone Cooperative, Inc. le enviará por correo boletas a todos los clientes de la área de Chester. Depues de marcar la boleta los clientes deben firmar ye regresar la boleta a la Comisión de Servicios Publicos de Texas (Public Utility Commission of Texas). Junto con la boleta estar incluido un sobre con estampilla y dirección de retorno.

El Servició de Expansión de Llamada Locales sin costos de larga distancia le permitirá a los clientes de la área? de Chester llamar v ser llamado por las áreas de Corrigan and Woodville como si fueran llamadas locales. Si se aprueba la solicitud, todos los clientes de la área de Chester tendrán que pagar una cuota adicional, por línea, de hasta \$3.50 para líneas residenciales y \$7.00 para líneas comerciales. Este cargo mandatario es dicional a su tarifa de servicio telefónico básico, y se aplicará hasta el próximo caso general de tarifa de Eastex Telephone Cooperative, Inc. En tal fecha, todas las tarifas de servico podrian combiar. Estos cargos son el máximo que pueden cobrarse sin tomar en cuenta el numero de áreas que sean aprobadas pro los votantes en la área telefónica de Chester.

El Servicio de Expansión de Llamadas Locales sin costo de larga distancia sera otorgado a cada área con el voto "SI" de 70% de las personas qu'actualmente regresen las boleta. Las áreas que fallen no seran afiadidas a su área de llamadas locales. Si todas las áreas fallan el voto, su servicio no cambiara y no se le cobrara el costo adicional mensual.

La Comisión de Servicios Públicos de Texas tiene autoridad de apruebar el servicio de expansión de llamadas locales en todas las áreas telefónicas localizado entre el mismo area de transporte acceso local. Por que la área telefónica de Woodville esta localizdado en un área diferente de transporte acceso local de la área telefónica de Chester y Corrigan, llamadas a la área telefónica de Woodville tiene que tiener authorization de La Corte Distrito de los Estados Unidos (U.S. District Court). Si las dos áreas telefónicas pasan la boleta, pero si La Corte Distrito de los Estados Unidos no aprueba el servicio de expansión de llamada locales en la área telefónica de Woodville, entonces llamadas a la área telefónica de Corrigan tendrán que pagar el costo mensual. Si las dos áreas telefónicas pasan la boleta y La Corte de Distrito de los Estados Unidos aprueba el Servicio de Expansión de Llamada Locales en la área telefónica de Woodville, el provisión del servico para la área de Woodville pude ocurrir que el tiempo es diferent en la llamada para la área telefónica de Corrigan.

La Comisión de Servicios Públicos de Texas ha asignado a este asunto el Número de Proyecto 13034. Las personas interesadas deben dirigir sus comentarios o/y preguntas sobre la solicitud a la Comisión de Servicios Públicos, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, o pueden llamar a las Oficinas de Información de Servicios Públicos, al 512/458-0256, o 512/458-0221 (teletipo para sordomudos).

ANNOUNCEMENT

H&R Block is offering the Basic Incomé Tax Course starting in September. Evening classes will begin September 12. Classes vill be held at the H&R Block office in Woodville. Thousands of people with spare time are earning money as tax

preparers in the growing field of Income Tax Preparation.

The modest fee for this course includes all textbooks, reference materiels and tax forms necessary for completion of the school. The fee may be paid by installments. The course is approved by the Texas Education Agency. Certificates are awarded to all graduates upon satisfactory completion of the course. These courses conform to the standards adopted by the Texas State Board of Public Accountancy.

The tax school will meet twice per week for 11 1/2 weeks and

will consist of 66 hours of instruction. ExperiencedBlock personnel will teach current laws, theory and application as practiced in their offices coast to coast. Anyone may enroll. There are no restrictions or qualifications

of any kind. The course is ideally suited for housewives, retired persons, teachers or anyone wanting to acquire tax knowledge or supplement their income While qualified graduates of the course may be offered job

interviews, they are under no obligation to accept employment Registration forms and a brochure describing the course may

be obtained by contacting the office listed below: H&R Block
