## 45th annual county fair opens Thursday

**QUEEN CANDIDATES** — A total of 13 young ladies from Tyler County's five school districts are seeking the title of 1994 Tyler County Fair Queen. Judging in the contest was held Saturday, Sept. 24 and is based on personality, appearance, community involvement and fair participation. The new queen will be crowned during ceremonies beginning at 6 p.m. Saturday prior to the annual fair livestock auction. All activities are being held in and around the Tyler County 4-H and FFA Rodeo Arena located off Highway 190 just west of Woodville. Candidates for the title include (L-R) Amanda Bell of Warren, Angela Jones of Warren, Amanda Wallace of Woodville, Deundra Ford of Woodville, Kachel Rebbe of Spurger, Angela DuBose of Woodville, Melissa Fancher of Woodville, Amber Havis of Chester, Adrienne Bryan of Chester, Tequila McCray of Woodville, Katie Dawson of Colmesneil, Carrie Patrick of Colmesneil and Sunny Stacy of Woodville. ### Livestock entries break old record

WOODVILLE — A record number of livestock entries are expected to be on hand during the 45th Annual Tyler County Fair, scheduled Thursday, Friday and Saturday at the Tyler County 4-H and FFA Rodeo Arena near Woodville.

According to Tyler County Extension Agent Matt Bochat, about 240 head of livestock were expected to be entered into the various judging divisions of the annual fair. Most were expected to arrive at the fairgrounds on Thursday with judging to be held on Friday and Saturday.

"This is a record year for livestock," Bochat said. "We will have more entries in just about every category than in past years. The one exception is in hogs, where we will be down from last year."

Last year, there were 212 livestock exhibited during the annual fair.

As of Monday, Bochat said fair organizers were expecting about 25 entries in the market steer division, up from the 15 that entered last year.

The other "big" area of growth will come in the rabbit categories. Bochat said that the 1994 show will feature about 50 breeder rabbits and about 10-15 rabbit meat pens. Last year, there were a combined total of 35 rabbits entered in the show.

In the market swine category, 69 hogs are expected to be exhibited this year, a figure down from last year's total of 81.

In the other livestock division, Bochat said that about 13 market lambs, 22 broilers, at least 30 head of breeding beef, in both dairy and beef categories - and about 20 dairy goats are expected for this year's show.

The annual fair will reach its climax on Saturday in the annual livestock auction scheduled for 6 p.m. in the rodeo arena. As in years past, the top five animals in each of the market livestock categories will be sold, including steers, swine, lambs, broilers and rabbit meat pens.

Organizers hope that the money raised for the 4-H and FFA students exhibiting the market animals will top last year's total of \$30,791.97.

The grand champion steer was exhibited last year by Kachel Rebbe of Spurger, and was sold for \$3,500 to E&L Lumber Co., while the grand champion swine was exhibited by Tammy Bartash of Warren and was

- 4-5 p.m. .... Home Economics Division Release
- 5 p.m. .... Buyers' Reception
- 6 p.m. .... Official Ceremonies (Awards and Livestock Auction)

## Colmesneil partially okays ELC

WOODVILLE — An apparent misunderstanding by telephone customers in the Colmesneil exchange has led to the partial approval of the Extended Toll-Free Local Calling (ELC) election held last month.

According to Don Ricon, a telephone utility analyst with the Public Utility Commission in Austin, Colmesneil telephone customers approved ELC service to and from Woodville but rejected the same service to and from Spurger and Warren.

"There apparently was a misunderstanding among those who voted," Bob Belt, Tyler County Chamber of Commerce president, said Monday. "They approved the service to and from Woodville, but for the same money they also could have had toll-free dialing to and from both Spurger and Warren."

Under the regulations authorizing ELC service, rural telephone exchange

customers can petition the PUC for toll-free access to neighboring telephone exchanges. If approved by at least 70 percent of those who return their ballots, then, instead of long distance charges, every customer in the exchange would pay a flat monthly fee of \$3.50 per residential line and \$7 per business line.

"In approving the service between Colmesneil and Woodville," the Colmesneil customers approved the \$3.50 and \$7 monthly fees. It would not have cost them any more had they also approved both Warren and Spurger," Belt said.

Ricon confirmed that Colmesneil customers would be charged the single \$3.50 and \$7 monthly fees regardless of how many exchanges are included in their ELC service.

"They can petition for another election at any time involving any other exchange they want to add to the ser-

vice, but they will have to wait at least 18 months before they can petition for another election involving the Warren and Spurger exchanges," Ricon said.

The time schedule for implementing the new ELC service between Colmesneil and Woodville has not yet been finalized, although local chamber of commerce officials hope that it will be in operation by the end of this year.

Ricon noted that General Telephone Co., which serves the Colmesneil exchange, has 30 days to file a cost and implementation schedule with the PUC. Once that schedule is filed in mid-October, Ricon said the date that the service will begin will be established.

The vote breakdown in Colmesneil's ELC vote showed that the toll-free service to and from Woodville passed

See ELC, pg. 16A

## Sheriff praises quick response

-One suspect escapes despite massive manhunt-

WOODVILLE — Quick response by area law enforcement agencies is being credited for the capture of one of two men wanted for stealing a vehicle in Jasper last week.

Tyler County Sheriff Gary Hennigan said that city, county, state and federal officers from a wide area of East Texas converged on the area last week after word was spread over police band radio that the suspects had crossed the Neches River into Tyler County.

"One of the suspects did get away and we believe he is in the Houston area now. We know who he is and a warrant has been issued. It's now just a matter of time before he is in custody," Hennigan said.

The second suspect, Jasper Alexander Beede, 22, of Houston, was captured Monday, Sept. 19, after Tyler County sheriff's deputies stopped the stolen car on Highway 190 near Dam B.

Hennigan said that Tyler County authorities were notified Sept. 19 by the Jasper County Sheriff's Department that a vehicle stolen in Jasper was believed to be headed toward Tyler County. Local deputies were immediately dispatched to the Jasper-Tyler County line where they met the stolen 1992 Oldsmobile as it crossed into Tyler County.

"The subjects pulled in the park area just inside Tyler County, exited the vehicle and fled into the woods," Hen-

nigan said. "The Tyler County Sheriff's Office then proceeded to get officers to the scene in an effort to apprehend the two suspects."

Within minutes, Hennigan said a small army of officers from Tyler, Jasper and Hardin counties, as well as from the Texas Department of Public Safety, were on the scene.

"We also called the Texas Department of Criminal Justice to get their dogs to help track the suspect and a helicopter and a U.S. Customs Service jet with a heat seeking device was called up from Houston to help in the search," Hennigan said.

During the two-day search, Beede

See RESPONSE, pg. 16A

## Local jobless rate plunges to 7.8%

WOODVILLE — Tyler County's unemployment rate continued its downward spiral during August — dropping a whopping 1.5 percentage points down to its lowest point in almost two years.

According to figures released by the Texas employment Commission, the new local jobless rate stands at 7.8 percent and is the first monthly report since 1992 that came in below the 8 percent level.

The last time the county's unemployment figure came in lower than the new rate was in October 1992 when a 7.2 jobless figure was listed.

The new local 7.8 percent jobless figure for August translates to mean that out of a labor force of 6,816, there were 533 county residents looking for work during the month.

The August rate — the latest currently available from TEC — is well below the local five-year high mark of 11.5 percent recorded in March of this year as well as the 8.8 percent jobless figure listed one year earlier in August 1993.

The 7.8 percent rate also is only the fourth monthly figure that has come in below the 10 percent level this year. January's rate was 10.8 percent followed by an 11.4 figure for February and the high of 11.5 percent listed for March. The three months of increasing unemployment was then followed by two months of declines with April's rate coming in at 9.5 percent and May dipping to 9.3 percent. June's rate rose to 10.4 percent. In June, the rate jumped back up to 10.4 percent before sliding back to 9.3 percent in July.

March's 11.5 percent figure was the

highest the county has recorded since the 12.0 percent jobless rate was listed in February 1989.

Over the previous 10 years, the highest unemployment number recorded in Tyler County occurred in June 1986. During that month, a record 18.4 percent jobless figures is listed by TEC.

During the worst unemployment year in recent history — 1986 — the local rate never dipped below an 11.2 percent rateset in January and remained mainly in the 14-15 percent range during almost the entire year.

The lowest local jobless rate during the past decade occurred during April 1990 when a 4.9 percent unemployment figure was recorded by TEC.

While the local jobless picture was

## At the Village

By Dottie Johnson

What an inspiration. It's too bad that every single member of the Heritage Society, every single resident of Tyler County couldn't have been there Monday evening, when John Wilkins of Lufkin addressed our bi-monthly meeting at the home of Joella and Tom Knapp.

Wilkins talked about genealogy and our obligation to hold fast to our heritage and pass it on to those who follow in our footsteps.

He talked about the people who come to the Genealogy Room of the Knap Memorial Library, which he heads, in search of their family histories and the joy of helping them find perhaps just one link to the past.

He told about the Genealogical Society in Lufkin that has grown from just a handful 33 years ago to over 50 dedicated people with a sense of purpose.

"No one can provide Tyler County history like the people in this very

## Inspiration and education help

room," he told his audience, as they sat "bound in the den of the Knapp home.

And he brought some guidelines that can be adapted to our own Library, which are currently being at the seams just waiting for a librarian or a genealogist to make it more easily accessible to those who come to the Village here to do their thing.

From his talk, peppered with amusing anecdotes, we realized that our library provides a perfect spot for meetings in the form of a book or books, family histories and such, either old or new. Another idea, which is not new but needed re-education, was our need not just for a librarian or a genealogist but for a Genealogical Society under the Heritage Society umbrella. Just being a member of the Heritage Society doesn't necessarily mean you're into family histories, but if you are, what better spot for you to satisfy and nurture that interest?

Our thanks then to John Wilkins, who has invited us to visit his Ora McMillen Genealogical Room, for inspiring us, for giving us new ideas and reminding us that some of the old ones just need to be dusted off.

And thanks to Heritage Society member Bill Stewart of Lufkin for bringing him to us.

What an education. And, again, it's too bad that every one couldn't have been at the Village

to hear what Alvin Holley and Woody Woods of Livingston had to say about the artifacts we have stored away that will eventually fill our new Village Vidette newspaper offices.

Holley, of course, is publisher of the Tyler County Booster and several other East Texas weeklies as well as the Polk County Enterprise, where Woods writes the print shop.

And it was a liberal education we received, when they came a-calling last week to tell us what we had.

What we have, we knew, was a Campbell press that W.W. Gardner purchased in 1898 for his Florence Vidette. In the early '70s members of the Gardner and Watson families gave it to Clyde Gray on a long term loan with the condition that it never be moved from the Village.

What we have, we knew, was a number of other pieces that we weren't knowledgeable enough to know what they were.

Thanks to Messrs. Holley and Woods, we now know we have a Platen Press, one used for printing advertising materials, bulletins, forms and such, that could quite easily be put back into operation, they say.

What we have is a handsome Chandler & Fisher hand fed proof press that could be used with hand set type as a demonstration.

What we have is boxes of type that need very badly to be sorted by someone interested in early newspapering.

What we have are a number of other pieces, drawers in which types stored, tables on which type was locked in place, all of which can be worked into an educational display for our visitors.

But most importantly, what we have is two gentlemen with the knowledge, the interest and the willingness to give some time to informing us of the treasure that is hidden in our attic and to be displayed and how they can best be used in our continuing effort to preserve history.

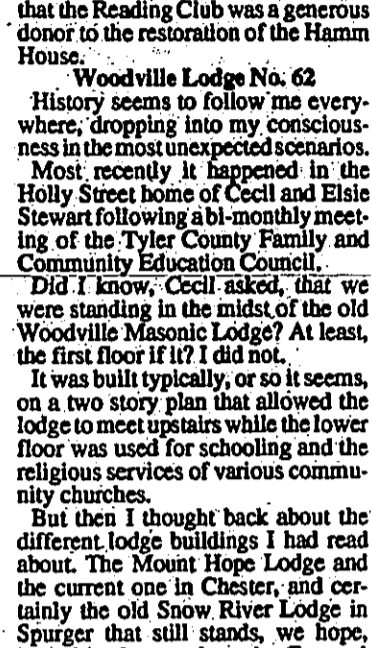

Holley plans to help us track down the makers of our Campbell Press, in hopes that we can get an owners' manual to assist in its restoration, not to mention press but in its appearance.

Meanwhile, what about Woods, who supposedly retired from the life of a printer five years ago? It only took him two years to complete his wife's "honey-do" list, he told us, and then he was ready to get back to the small of printer's life.

Good fellows, both, to have on our side.

## Homemaker Hints

Consider the source of diet and exercise advice

By Sherry Jeanes  
County Extension Agent

Home Economics

Almost every day a "new" and "better" diet or exercise plan is publicized in the media. As if we don't get enough from television and magazines, relatives and friends are always willing to offer advice about losing that extra ten pounds or getting in shape.

When you're serious about losing weight and becoming fit, you need all the help you can get. Following bad advice not only sets back your diet and fitness plans, but can also leave you discouraged at your failure.

There are three simple questions that can help you distinguish good from bad dietary and fitness advice.

Who is the source? Is the person who wrote the book, or the person being interviewed on television, qualified? Descriptions such as "famous" or "leading authority" can be misleading.

A degree in one field does not automatically qualify a person to write about a different field. For instance, "Dr. Jane Doe" may have a degree in child psychology, if "Dr. Jane Doe" is a physician, she may not have ever had a course in exercise physiology or nutrition.

Why was it written? Will the author or publisher gain by presenting biased information? Some diet plans may recommend massive doses of vitamins or special food supplements as a means of selling those products.

What do other experts say? Diet and exercise plans are often sold to the public on the basis of personal opinions or testimonials alone. Even if you believe that the person who made the testimonial lost weight, that doesn't mean the plan would work for you. Be especially suspect of information that conflicts with that coming from other sources.

Diet and exercise information based on university or hospital research is most likely to help you be successful, because it has been tested scientifically.

Excellent sources of diet and exercise information include the Texas Agricultural Extension Service, USDA, American Heart Association and the American Diabetic Association.

## Early Learning

### Ladies of the club

By Darby Kethan

Funny what triggers our minds. Sometimes just a "snapshot," like last night, starts all sorts of wheels turning.

The house was old... too old to have even had an indoor kitchen and was, in fact, now a museum. The women attending the meeting, however, were modern and very up-to-date in dress.

Yet, just for a second, in the twilight, the group on the porch seemed to be in the longer dresses and forgotten finery of days past, gloves and hats, the fashion of women in my youth.

And could it be those before my youth, women of intelligence and caring, compassion and responsibility, gathering in homes like this one, wearing longer skirts and bonnets, all coming together as we did on this cool evening, to work and share their lives with their community?

There are many ways that women work together to serve, joining hands and lives to provide emotional, physical and financial support, most often, for programs to help children.

Those who care enough for us as individuals, who made a place for us in their lives and who let us know we greatly influenced our lives as adults.

Those who care enough for us as a group, who made a difference in their lives and who let us know we greatly influenced our lives as adults.

Those who care enough for us as a group, who made a difference in their lives and who let us know we greatly influenced our lives as adults.

Those who care enough for us as a group, who made a difference in their lives and who let us know we greatly influenced our lives as adults.

### Senator appreciates reception

Dear Editor:

Recently I visited Woodville during a six city trip through East Texas as part of my Senate re-election campaign. The warm reception I received during my tour made me feel even more welcome than usual.

Many of the people I met in Woodville felt that too many politicians in Washington have lost touch. The Washington establishment believes that the economic engine of this country is run by government. The people in Washington feel that our economic life can only be saved by new taxes and more regulations. Our Washington representative should come to Woodville, just as I did, to meet with the real people who are taxed and regulated, and hear their real concerns.

If they could go to Woodville, they just might run into Mayor Billy Rice, who expressed great concern about unfunded federal mandates, the cost of which must be passed along to local taxpayers.

I met with small business operators who were concerned about higher taxes stifling their productivity.

I talked to people who are alarmed about the prospect of the government bureaucracy taking over our health care system and ruining it.

This campaign is not going to be about expensive television advertisements and reminding us that some of the old ones just need to be dusted off.

Between now and November, I'll be visiting as many places across Texas like Woodville as I can, places where I can meet with the people who make the laws that work. I look forward to the opportunity of hearing personally from my fellow Texans in the coming months.

Sincerely,  
Kay Bailey Hutchison  
United States Senator

## Works of God and man

Dear Editor:

Salvation is a work of God for man, and not a work of man for God. Faith, on behalf of man, is the only thing from our side that can be involved in our salvation. Rom 11:16 relates that if it is of Grace no works can be involved, and if it is of works no Grace can be involved.

So the thirty plus things that happen to us at the moment of our new birth, spiritual birth, are of God.

Such as: justification, sanctification, forgiveness, imputed righteousness, eternal life, baptism of or by the Holy Spirit (1 Cor 12:13), or given Spiritual gifts (1 Cor 12:11), blessed with all spiritual blessing in the heavens (Eph 1:3), sealed with and by the Holy Spirit (Eph 1:13, 14). Time and space does not afford the opportunity to list them all.

The point is that all of these things are of God, and they are they that make me a new creature, or creation, in Christ Jesus (II Cor 5:17). The old things that pass away are those things that are limited to and by this physical life which was under the power of darkness but now has been translated into the kingdom of His dear Son.

This does not mean that the sin nature has been eradicated, which we inherited from Adam; it does mean

## Works of God and man

that we are no longer the subjects of Satan, but the subjects of God to live unto Him (Col 1:13).

From a working knowledge of these things comes assurance of our security in Christ for time and eternity, and nothing, not even ourselves can remove us out of the family of God, Kingdom of His dear Son (Rom 8:35-39).

For a straying child, there is a doctrine that should be taught, divine discipline. (Heb 12:5-15 and 1 Cor 11:22). You see, God is in the capital punishment business. (1 Cor 11:30-32 and 1 Jn 5:16-17). 1 Cor 1:15 makes it very clear that the person who commits the sin unto death does not lose their eternal security in Christ.

The logic and reasonableness is, how now can we be born from the Kingdom of His dear Son, back into the Kingdom of Satan? If it were possible, as people, we would be most miserable.

What kind of scale would we use to measure sin, what sin and what limit of sin would determine our state? There is no one in the Word that I know of, Oh, but for the Grace of God we all would be lost.

Thank you,  
Yours in Christ,  
H.D. Wagley  
Spurger, TX

## THE BARCLAY CLAN

Members of James Barclay's family gathered for this photograph taken about 1910. In the front row are James O. Barclay, five of Barclay's seven daughters, (L-R) Phoebe Arizona Bevel, Sarah Anderson Lindsey, Mary Lewis Besty, Avarilla Klingner (whose husband was killed in the Civil War) and Jane Elizabeth Bullock. In the back row are Charles B. Barclay, youngest of the family of 12; Martha Isabel and her brother, James O. Barclay, and Thomas Boston Besty, the man whose whereabouts brought about this search into the past.

## State Capital Highlights

### Gambling proponents face 'rough row'

By Lyndell Wilcox  
and Ed Staehling

Texas Press Association

AUSTIN—The Texas Press Association says casino gambling proponents will have a "rough row" to hoe in the Legislature because lawmakers are backed with a money crunch that helped prompt passage of a state lottery.

State leaders recently announced a \$2.2 billion budget for the fiscal year beginning in September.

Avoiding a tax increase in the next legislative session should be "a piece of cake," Sharp said.

But Jim Lee, president of the Texas Association for Casino Entertainment, said, "I'm certain they can use an extra billion dollars per biennium, which is what casinos will produce."

Lee said casino gambling would bring \$300 million to the state annually and create 70,000 direct and indirect jobs.

Last month, state Attorney General Dan Morales ruled that a constitutional amendment would be required before casino gambling is allowed in Texas.

Compeller "Lies" on Lawyers

Meanwhile, the comptroller has begun filing liens against the property of Texas lawyers who have not paid their \$200 annual occupation tax.

Sharp's "Operation: Make 'Em Pay" targets some 850 lawyers who have refused to pay the tax for at least a three-year period and have ignored six past-due statements mailed to them since May 16.

Records show that 8,590 of the estimated 43,000 lawyers are not current on their occupation tax payments, and other tax-dodging lawyers may find liens against their property or freeze on their bank accounts if they don't pay up, Sharp said.

Sharp said that state is due an estimated \$650,000.

Bullcock Gets NRA Support

Lt. Gov. Bob Bullcock, who is recovering from heart bypass surgery, has received re-election support from the National Rifle Association in his campaign against Republican Tex. Leg.

## Woodville trustees okay tax hike

By Dale Gasaway  
Staff writer

WOODVILLE—In the midst of some public comment, the Woodville Independent School Board trustees received a letter last week approving a 10 cent property tax increase, and began discussion of a new process which could bring some financial relief in the coming years.

Approved by a unanimous vote, the increase will bring the district's tax rates to \$1.43 for the 1995 tax roll, 10 cents over the \$1.33 amount for 1994.

"They've just about taxed us down," Billy Wilkes of Dan B told the trustees, emphasizing that the increase would whether who are on fixed incomes: "I don't think we should have a tax increase. Thirty percent of the kids in school don't eat, parents don't eat. I think we should look further than increasing school taxes."

Board President Charles Spurlock told Miles that his comments should be addressed at the legislative level.

"By law, if it's our obligation to provide the best education we can for all students," Spurlock said.

With an appeal that he labeled "just a little shy of the Boston Tea Party," Billy Tindel of Woodville asked the board to cut his budget and put more of the burden on Austin.

"I attended my first school board meeting last month," Tindel said.

Trustee Dr. Brian Babin agreed that much of the blame lies in Austin, adding that state government is putting pressure on boards of trustees, and that the state eventually wants to be "heard from rich, poor, old, young, all crying 'No more taxes.'"

"You people need to be looking into this" before you lay burden on taxpayers, Babin said to the board of education.

Tindel said.

Tindel said.

## Woodville trustees okay tax hike

Tommy Weaver says the action was taken at this time in order that the attorneys can begin working on the appeal now. The 1994 valuations will be used to compute the increase, Weaver stated. "We may possibly go back and appeal our 1993 values, by requesting an audit of them." The 1993 values were used in computing the current year's Tier 2 funding.

Weaver said that the chances of the state granting an appeal for an audit are fairly good. "It's questionable whether they would bring their values in line with ours, however there's some possibility they may lower them by some percentage."

He called the appeal a "first step" in order to join 50 other districts which have completed the appeals process, and are currently involved in lawsuits against the Comptroller's office. "Most of the districts already involved in suits are big schools and big cities," he said, "but those districts who file suits may be the only ones who eventually recover money from prior years' financing."

Weaver explained that every year the state property division does a study of appraisal districts and comes up with its own property values for each one. "These values, which are normally higher than ours, are used by Austin when they compute our Tier 2 financing."

Principal funding for the district comes through a basic allotment of about \$2,300 per student. It's based on the state's average daily attendance (ADA) and varies according to school programs and district size," Weaver said.

"We've gone on to say that Tier 2 funding is currently calculated at a statewide amount of \$20.55 for each district's ADA. This funding is affected by any difference between the local property values and the state's values. When the state's property values are lower than those of the local appraisal district, the state lowers the district's funding by computing what it calls the "state effective tax rate." This rate was \$1.24 in 1993 compared to the actual tax rate of \$1.33, a difference of nine cents.

Based on a district ADA figure of 1,500, Weaver calculates that the district's Tier 2 funding for 1993 was decreased \$30,825 for every one cent that the local tax rate fell below the state's effective tax rate. \$30,825 multiplied by nine cents equaled a \$277,425 decrease in funds.

In addition, the state gives no credit to districts which offer a 20% "local

## Woodville trustees okay tax hike

option homeowner's exemption. Approximately 250 districts statewide are still allowing the exemption over and above the state-mandated \$5,000. The 30 districts currently involved in suits against the state fall within this group.

In addition, Weaver said he expects the state's 1994 values for WISD to be even lower than last year's.

Calame, Linberger and Graham will do the legal work on a contingency basis, meaning that they will charge no fee unless the district receives additional funding based on the appeal. The fee charged will be 10% of any additional funds received by the district.

Other discussion  
Grady Holdeman discussed the completion of the road leading from North Beech street to the parking lot where the band hall is located. "It's a private road not a city road," Holdeman said. "It needs to be widened; it's not safe for buses to use that road on an everyday basis."

Discussion included the addition of a center stripe and the removal of brush which blocks the view of oncoming vehicles.

Other business  
Approved Woodville High School band trip to be taken April of 1995. The trip, which will be funded by Woodville Band Boosters and students, will be the first trip since the summer of 1991.

Approved Campus Improvement Plans.

NO DRUGS ALLOWED—Woodville Street Department workers joined the Rev. Lesmon White (right) Monday in erecting new "Drug Free Zone" signs around the White's Chapel Church of God in Christ playground.

The playground, located near the corner of Walnut and Black Gum streets, is now protected under federal law which prohibits persons from selling or possessing illegal drugs within 1,000 feet of a playground. Persons who violate the law can be charged in U.S. District Court and face tougher prison sentences than currently available under state law. The playground equipment at the church was financed by the First State Bank of Colmesneil as part of a project organized by White and a Neighborhood Watch Group. Woodville Police Chief Scott Yosko said that the declaration of the Drug Free Zone is a tool that the police can use to force drug dealers away from the area which children play. Pictured above are (L-R) Mike Shickler, Lester Mitchell, Street Supervisor Kelli Barries and White. (Photo by John Morrison)

## Woman, two sons arrested

WOODVILLE—A disturbance reported at Woodville High School last week set off a series of events which, like falling dominoes, ended with the arrest of a Woodville woman and her two teenage sons.

According to Woodville Police Chief Scott Yosko, officers were called to Woodville High School on Thursday, Sept. 22, regarding an incident in which a young, female student was reportedly assaulted.

During the course of the investigation, officers questioned Deputy Sargent, 17, and subsequently learned that an arrest warrant had been issued charging him with burglary.

Sargent was arrested and taken to the Tyler County Jail.

Yosko said that later that day, the female student who was the victim in the alleged school assault was walking with her mother when Lois Jean Sargent, 36, mother of Damon and Sargent, confronted them and threatened the girl for having her son arrested.

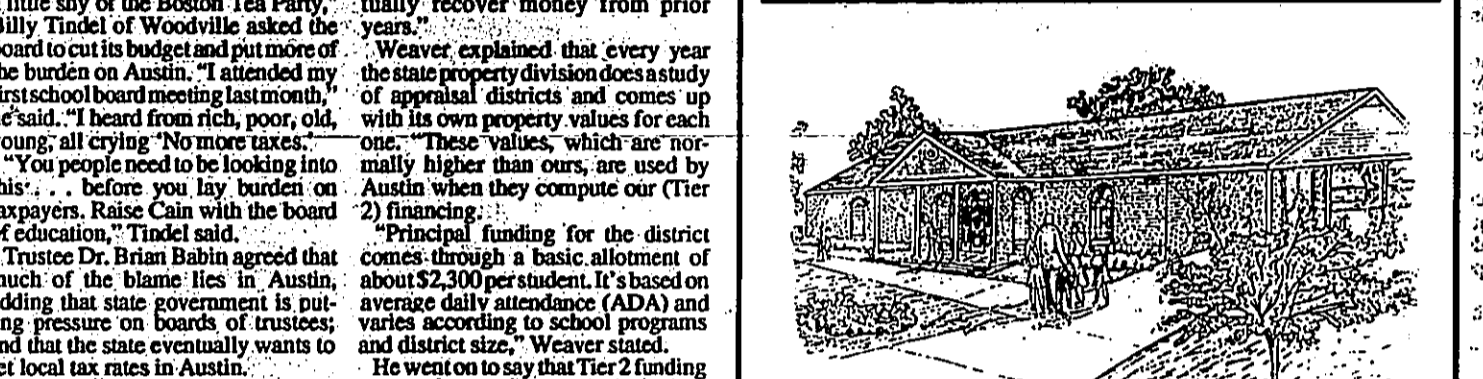

"The thing was, the girl had nothing to do with having him arrested. He was arrested because the county had issued a warrant," Yosko said.

The incident was reported to police on Friday, Sept. 23, and a warrant was issued charging Lois Sargent with retaliation, a third degree felony.

On Sunday, when officers arrived at the Sargent residence to serve Lois Sargent with the arrest warrant, another of her sons, Derrick Sargent, 19, reportedly became irate and began cursing the officers.

## Spotlight on Fair Jewelers

Glen and Jeanette Williams have been in the lakes area since 1948, when they came to Jasper and opened Williams Watch Shop. They soon expanded to retail all types of jewelry, and became Williams Jewelry. In 1964 they became Fair Jewelers because Williams wanted to stress that he intends to always be "fair" to his customers.

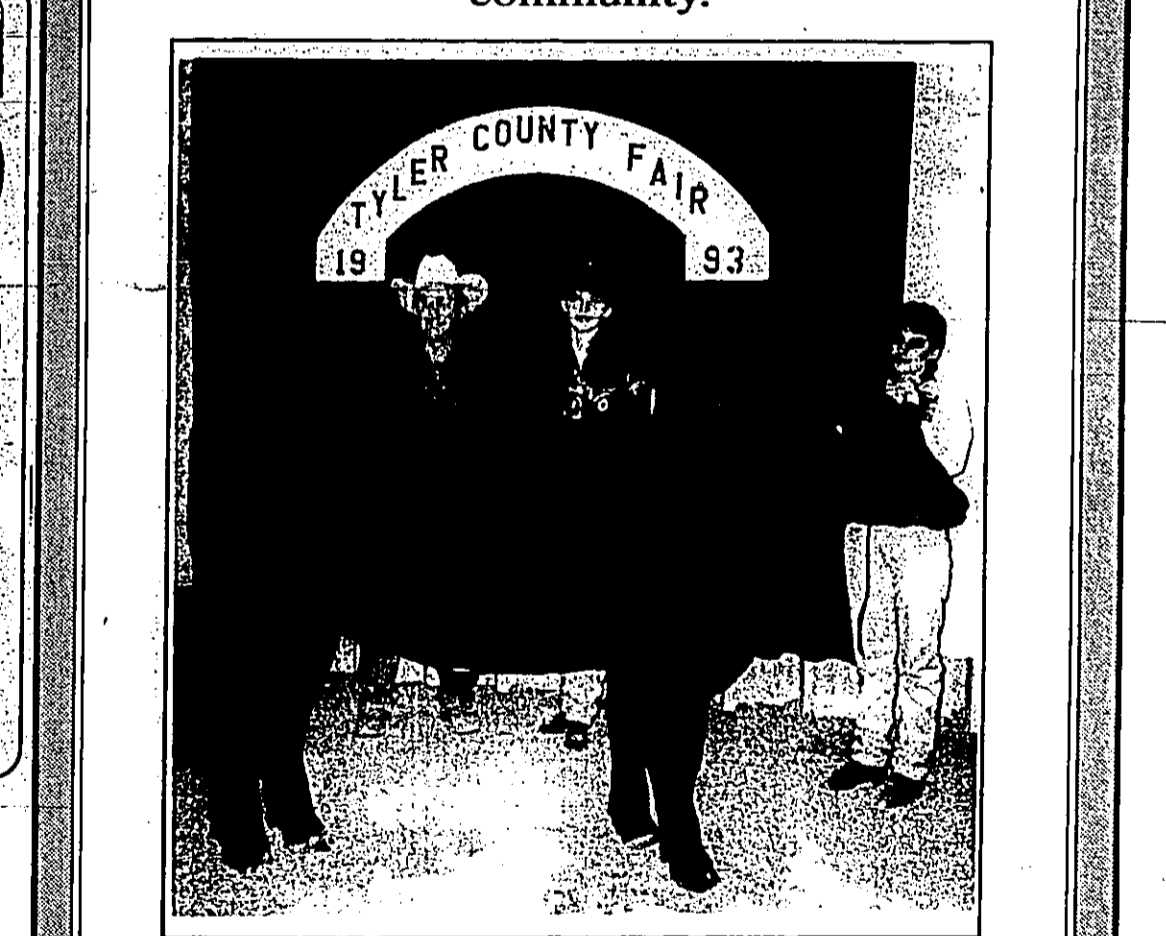

Glen Williams is a graduate of the School of Watch Repair in Paris, Tx. He is also a World War II veteran. The couple has two daughters and five grandchildren who also reside in Jasper. Mickey Cannon a friend and retired school teacher, works part-time in the store.

Fair Jewelers is a licensed distributor of SEIKO waterproof watches and also offers a large selection of diamonds, pearls, gold and silver jewelry, in addition to other name brand watches. High School Seniors may visit and pick out their senior rings at the store.

## Domingue, Thigpen united in Aug. 20 ceremony

CHESTER — Angela Domingue of Chester and Timothy Shane Thigpen of Lufkin were united in marriage during ceremonies held at 2 p.m. Saturday, Aug. 20, at the Caney Creek Baptist Church in Chester.

Bro. George M. Standley officiated. The bride is the daughter of Carol and Jerrill Whitworth of Chester while the groom is the son of Joe and Ann Thigpen of Lufkin.

The bride was given in marriage by

her maid of honor, Jann Martin of Chester. Bridesmaids were Laura Cannon of Uvalde, Kelly Ballard of Wells, Holly Whitworth of Lufkin and Christi Hubbard of Nacogdoches.

Ashlie Haas of Deer Park was the flower girl and Wesley Burnett of Bulla was the ring bearer.

The groom's attendants included best man Chris Stevenson of Hudson and groomsmen Ricky Speiker of Hudson,

Stacy Whitworth, Alison Cryer, Chesley Lewis and Felinda Southem, Bonnie Boartz was the reception director.

The rehearsal dinner was hosted by the groom's parents at the home of Carol and Jerrill Whitworth in Chester.

The bride received a bachelor of science degree from Stephen F. Austin State University in Nacogdoches and will be returning to the SFASU nursing school this fall.

The room is attending Angelina College in Lufkin pursuing a degree in nursing. He also is employed at Memorial Medical Center in Lufkin.

The couple will reside in Lufkin.

Mrs. Timothy Shane Thigpen

## Garden club begins new year of activities

WOODVILLE — The Woodville Garden Club's opening meeting for the 1994-95 year was held at the home of Belle Schulte on Sept. 21. Beulah Schouville served as co-hostess.

A salad luncheon was served to the 10 members and two visitors.

The program, "Know Your Apples", was given by Delcia Kelley. Favorite varieties that are available year-round are the delicious, red and green. Apple varieties that are suitable for growing in Texas are the low-chilling varieties Anna, Elm, Sagmer, Beverly Hills and Tropical Beauty. Brochures on apple growing may be obtained from the Tyler County Extension Agent.

A "Show and Tell" creative design was exhibited by Leslie Perry, featuring apples and twisted wisteria vine. Yard of the Month for September has been awarded to the E.C. Bryant home, 305 Kelly St.

Mrs. Mary Jo Gardner

## Baby brother arrives Sept. 20

TOWN BLUFF — Blake and Leslie Harris have announced the arrival of their new brother, Austin Dakota Stanley, who was born at 2:05 a.m. Sept. 20 at the Tyler County Hospital in Woodville.

The baby weighed seven pounds, 13 ounces and was 21.5 inches long. Parents are Dana and Kendrick Stanley of Town Bluff.

## Club observes anniversary

WOODVILLE — All current and former members of the TWFC Women's Study Club of Woodville are invited to a celebration of the 70th anniversary of the founding of the Texas Federated Women's Clubs.

The club will host a reception at 2 p.m. on Tuesday, Oct. 11, at the Louise Anthony Youth Center of the Woodville United Methodist Church.

## TOPS changes meeting place

WOODVILLE — The Woodville Take Off Pounds Sensibly (TOPS) Chapter No. 1510 will be meeting in a new location, the Law Center (formerly Southwest Texas Savings and Loan) on West Bluff St. in Woodville. The meetings are held from 6:30-7:30 p.m. on Mondays.

Members of the group meet to weigh-in, encourage each other and to share experiences. They also walk at the Woodville Eagle Football Field after the meetings.

Anyone interested in participating in the weight loss support group is invited to attend the meetings.

For more information, call Mary Harrington at 423-3059 or Jeanna Stuffed at 283-5416.

## November wedding planned

Sherry Jeanes and Bill Gardner wish to announce their engagement and approaching marriage. Their vows will be exchanged at 7 p.m. Nov. 4 at Calvary Baptist Church in Woodville. The bride-elect is the daughter of Mrs. Shirley Goanwein and the late Wesley Goanwein of Emerald Bay. She is employed by the Texas Agricultural Extension Service as Tyler County extension agent, home economics. The groom-elect is the son of Mr. and Mrs. Paul Gardner of Jasper. He is employed by Calvary Baptist Church, Woodville, serving as pastor.

## Obituaries

**Nan Abbott Cooper**  
JACKSONVILLE — Services for Nan Abbott Cooper, 47, of Jacksonville were held at 4:30 p.m. Wednesday, Sept. 21, 1994, from the Thompson Funeral Home Chapel in Jacksonville with the Rev. Bill Rambo and the Rev. George Folmar officiating.

Burial followed at Jarrett Cemetery in the Turney Community near Jacksonville.

Mrs. Cooper died Sept. 19 in a Jacksonville hospital.

Born March 25, 1947, in Jacksonville, she had lived in that area most of her life. She was a teacher at Lon Morris College and previously was a public school teacher in several East Texas school districts from 1968-1992. She received her bachelor of science degree with a double major in English and health and physical education in August 1969 from Stephen F. Austin State University in Nacogdoches. She also received a master of education degree in curriculum and instruction and in health and physical education in May 1980 from the University of Texas at Tyler. She also performed post-graduate studies at UT-Tyler, SFASU and Sul Ross University. She was a member of the Association of Texas Professional Educators and the American Association of University Women. Professional honors

include Who's Who in the South and Southwest - 1985; Most Respected Educators in Texas - 1985; World Who's Who of Women - 1986-90; and Who's Who in American Education - 1990-92.

Mrs. Cooper was a charter member of Beall Chapel Baptist Church in Jacksonville where she served as church librarian on a volunteer basis, was associate teacher for the Single Adult Sunday School Class and was a member of the sanctuary choir. In addition, she was an active member of the Women's Missionary Union, and had served as W.M.U. director for the Cherokee Association of the Southern Baptist Convention.

Survivors include two sons, Richard Cooper of Nacogdoches and Ronnie Cooper of Henderson; her parents, Jack and Dorothy Abbott of Jacksonville; a brother, James Abbott of Jacksonville; two sisters, Jackie Hinch of Dialville and Jane Burroughs of Mt. Belvieu; an aunt and uncle, Lois Lee and J.T. Stryker of Woodville; and a number of nieces and nephews.

Memorials may be sent to the Beall Chapel Baptist Church Library. Thompson Funeral Home of Jacksonville directed the arrangements.

**Ruth Ellen Parks**  
CHESTER — Services for Ruth Ellen Parks, 55, of Chester were held at 2 p.m. Saturday, Sept. 24, 1994, from the Riley Funeral Home Chapel in Woodville with Bro. Delbert Lamb of Ivanhoe and Bro. Hill of Corrigan officiating.

Burial followed in the Mt. Zion Cemetery in Chester.

A native and longtime resident of Corrigan, she had resided in Chester for 20 years.

Survivors include her husband, Milton "Mutt" Parks of Chester; a daughter, Carolyn Daniel of Knox City; two sons, Darrell Gray and Lewis Gray, both of Chester; a stepdaughter, Lucretia Haws of Chester; two stepsons, Andrew Parks and Ronald Parks, both of Chester; her mother, Olga Bell of Lufkin; a brother, Lewis Beron Bell of Lufkin; two sisters, Geneva Bell and Virginia Bell of Lufkin; and 11 grandchildren.

Palbearers were Kenny Patterson, Denny Patterson, Bruce Criddle, Larry Thompson, Willie Thompson and Charlie Fairchild.

Riley Funeral Home of Woodville directed the arrangements.

**Betty Sue Sanders**  
SILSBEE — Services for Betty Sue Sanders, 52, of Silsbee were held at 4 p.m. Saturday, Sept. 24, from Farmer Funeral Home in Silsbee with burial following at Antioch Cemetery in Town Bluff.

Mrs. Sanders died Sept. 22 at John Sealy Hospital in Galveston.

A native of Spurger, she had resided

## Church News

**Church plans annual festival**  
FRED — The Second Annual Fall Festival will be conducted from 10 a.m. to 3 p.m. Saturday, Oct. 8, at the Oak Grove Assembly of God Church in Fred.

Games of all kinds as well as clowns and different costumes of fall characters will be featured during the event. At 11 a.m. an auction of ladders, Windberg paintings, crafts, baked goods and other items will be held. Food items will be sold including barbecue, corn dogs, Fritos, scones, popcorn, and cotton candy. An outdoor singing program will follow.

Pastor Jony Fock has invited area parents to bring their children for a day of fun.

**Gospel concert planned Friday**  
JASPER — The Waymakers of Lufkin and the Glory Road group based in Colmesneil will be the featured performers during a benefit gospel concert planned for 7 p.m., Friday, Sept. 30, at the Ebenezer Baptist Church located on FM 255 near Jasper.

All proceeds will go to help Bro. Ellis who has been confined to a hospital since July 1.

**Glory Road to perform Oct. 1**  
COLMESNEIL — The gospel music group Glory Road will be the featured performers during the singing program scheduled for 7 p.m. Saturday, Oct. 1, at the Grace Baptist Church in Colmesneil.

**Homecoming planned for Sunday**  
TYLER COUNTY — Annual homecoming services for the First Shiloh Baptist Church, located on FM 256, will begin at 10:30 a.m. Sunday, Oct. 2.

**Egypt Baptist slates homecoming**  
COLMESNEIL — The annual homecoming for the Egypt Baptist Church south of Colmesneil will be held Sunday, Oct. 9. The public is invited to attend the special services.

# Alpha Delta Kappa meeting held Sept. 12

WILDWOOD — The first meeting of the 94-95 biennium for the Gamma Phi Chapter of the Alpha Delta Kappa Sorority was hosted by Marjorie Kirk at her home in Wildwood on Sept. 12. President Sharon Thompson presided over the meeting where plans discussed for the current year included:

hosting a tea honoring retirees; past scholarship recipients and employees; and holding a barbecue in October, the proceeds of which will go into their scholarship fund. Plans also include attending the Founder's Day luncheon in Silsbee where the Marjorie Kirk will speak; and participating in the

Texas State Alumnae project, providing school supplies for needy children in rural areas of Mexico. The Gamma Phi chapter received "Hall of Fame" status recently at the state convention in Waco. Only three out of 130 local chapters received the award. At the convention Marjorie Kirk was elected state treasurer. Gwen Martin was appointed to the state auditing committee and Shirley Gann received a plaque from the Texas Alpha Delta Kappa of Distinction Com-

mittee. Nine members of the sorority attended the regional conference in Little Rock along with members from Kansas, Arkansas, Missouri, Texas and Mexico. Brides, Baker, Deloris Brunet and Gwen Martin were selected to the regional chair. Refreshments for the local meeting were furnished by Marjorie Kirk, Toni Melo and Rhena Brodnax.

## Meetings/Events

**Dog show included in fair**  
WOODVILLE — The Annual Tyler County Dog Show will be held from 9:30-4 p.m. Saturday, Oct. 1, at the 4-H and FFA Rodeo Arena in conjunction with the Tyler County Fair. The entry fee is \$1 with registration beginning at 3 p.m. Entry classifications will include the smallest, shortest tail, curliest tail, ugliest, funniest character, smartest, best trained, cutest and best dressed dog of show. Ribbons will be awarded to the winners.

**Class of '69 reception planned**  
WOODVILLE — The Kirby High School graduating class of 1969 will be having a 25-year reception as part of the Woodville High School homecoming activities on Friday, Oct. 7. The group will participate in the homecoming ceremonies prior to the Woodville-Kountze football game with the 1969 graduates meeting at the east end of the Woodville Eagle Football Stadium at 6:30 p.m. The reception will be held following the game. For more information, contact Lynette Grimes at (409) 283-7600.

**Firemen to host barbecue**  
WOODVILLE — The annual barbecue dinner hosted by the Woodville Volunteer Fire Department will get underway at 4 p.m. Friday, Oct. 7 at the Woodville Fire Station. Carryout dinners will be available.

**Schools set open house**  
WOODVILLE — Wheat Elementary School and Woodville Intermediate School are hosting open houses from 6:30-7:30 p.m. Thursday, Sept. 29. Parents are invited to meet homeroom teachers and receive their child's report cards. A Scholastic Book Fair also will be held in the elementary school library with proceeds being used to purchase new books. "Hug-A-Bear" will be at both schools to give out hugs and PTA officials will be on hand to sign up new members and volunteers.

**Senior citizens breakfast set**  
WOODVILLE — The Single Senior Breakfast Club will meet for a Dutch treat breakfast at 8 a.m. Saturday, Oct. 1, at the Woodville Inn.

**Talent show planned Saturday**  
WOODVILLE — The monthly County & Talent Show hosted by the Opera House in downtown Woodville will be held Saturday with a variety of acts featuring local performers on the schedule. The show kicks off with a "jam session" at 3 p.m. with the program getting underway at 6:30 p.m. Admission is free. A dinner buffet will be served from 6-8 p.m. Highlighting this month's program will be a drawing sponsored by the newly formed Southeast Texas Artist Association. Prizes include free lunch buffets at the Opera House, tickets to the upcoming production of "The Last Chance Saloon"; and an "Intarsia" wood piece by local artist Troy Taylor. Taylor was recently featured in a segment on KFDMD Channel 6 News. All proceeds from the drawing will benefit the association, according to President Pay Taylor. For information about the show, contact the Opera House at 283-7803.

**Camp Fire reunion set Oct. 9**  
WOODVILLE — Men, women and families who have been a part of the Camp Fire program since its organization in 1939 are invited to a reunion of Camp Fire alumni and friends set for Oct. 9 at Camp Niwana, located five miles west of Woodville. The reunion, which includes a covered dish dinner, is scheduled for 1-4 p.m. and will include participation from persons who reside in Tyler, North Jefferson, Hardin and Jasper counties. For more information, call the Camp Fire office at (409) 832-3402.

**Coward reunion slated Oct. 1**  
WOODVILLE — There will be a Coward Family Reunion Saturday, Oct. 1 beginning at 10:30 a.m. at the Woodville Lions Club. Family and friends are asked to bring a covered dish.

**Jam session planned**  
WOODVILLE — The Woodville Volunteer Fire Department has extended an open invitation to area country-western musicians to participate in a fund-raising jam session to be held at a date which is yet to be announced. Proceeds from the event will go to the fire department. Interested persons are asked to call Sam Givens at 283-3170.

**Hospice volunteer training set**  
WOODVILLE — Hospice in the Pines of Lufkin will sponsor a volunteer training session at the Woodville United Methodist Church from 10 a.m.-4 p.m. on Oct. 10, 11 and 12. The training is free of charge and is designed to teach volunteers how to help serve patients in the Woodville area. Persons who would like to be a part of the Hospice in the Pines organization are invited to attend.

**Firemen sponsor newsletter**  
WHITE TAIL RIDGE — The White Tail Ridge Volunteer Fire Department will be sponsoring a monthly newsletter for residents of White Tail Ridge. Each issue will feature meeting announcements, fund raisers, fire department training updates, fire safety tips, community news, kids' activities and a recipe of the month. Circulation of the newsletter will begin with an October issue, and will be ready for distribution on the last Wednesday of each month. Residents may pick up their copy of the newsletter each month from the mailbox which is located in front of the marquee sign at the fire department on White Tail Ridge Road. Editor Deborah Touss and assistant editor Melda Siebe would like to encourage all of the community's residents to send in their questions, comments, news and recipes to White Tail Ridge VFD, THE REAL DEAL, 160 White Tail Ridge, Woodville, TX 75979.

## Chamber dues increased

WOODVILLE — In an effort to provide additional funds to pay for increased services, the Tyler County Chamber of Commerce has approved increases to its 1995 membership dues structure. During the chamber's regular board meeting Monday, chamber President Bob Bell said the additional money would help fund the change from part-time to a full-time chamber secretary to man the tourist information office. "With the demand on the chamber for extra services, it was necessary to go to the full-time situation," Bell said. "And with the full-time employee, it is necessary to increase dues to help offset the cost." Bell noted that Missy Ogden, the chamber's secretary, also will be working to increase chamber membership which in turn will generate more income for the organization. In his report, Bell noted that during the coming year, the City of Woodville will be allocating an additional \$247 for 5-day dumpster pick-up. COMMERCIAL: NEW 3-day dumpster service pick-up offered, \$148. COMMERCIAL: \$55 increased to \$80 for 2-day dumpster pick-up. COMMERCIAL: 2-day commercial pickup/limit four 32 gallon containers per pick-up. No fee change from \$270. COMMERCIAL: \$35 increased to \$40 for 3-day commercial pick-up/limit four 32 gallon containers per pick-up. COMMERCIAL: \$50 increased to \$60 for 5-day commercial pick-up/limit four 32 gallon containers per pick-up.

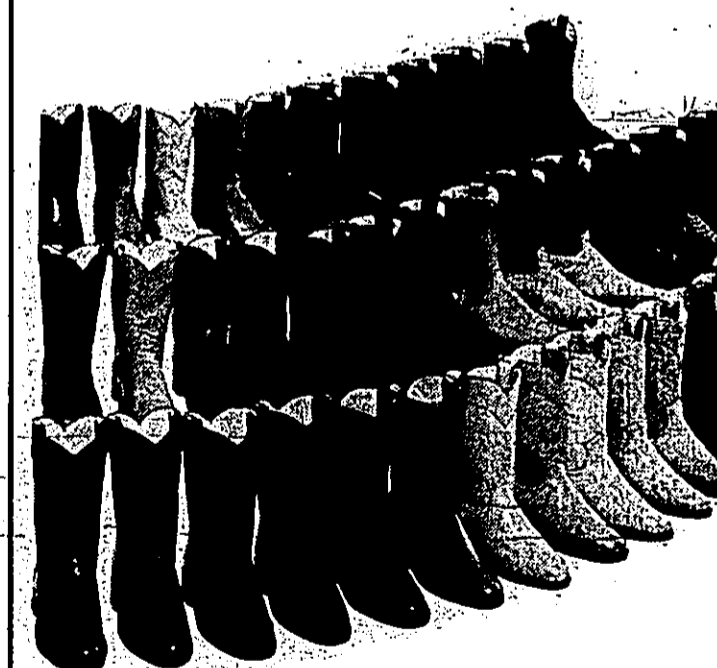

## Woodville's new garbage rates take effect Oct. 1

WOODVILLE — A schedule of new city garbage rates which go into effect Oct. 1 was mailed by a letter signed by City Secretary Don Shaw and contained the upcharges for both residential and commercial city garbage customers. Shaw told the council at an earlier budget hearing, "That the city is going in the hole because of solid waste fees at the Angelina County Landfill where Woodville pays to deliver its refuse." Here is the new garbage fee schedule: RESIDENTIAL: from \$11 increase to \$12, limit two 32 gallon containers per pick-up. COMMERCIAL: \$80 increased to \$247 for 5-day dumpster pick-up.

**Power Team here Sept. 28-Oct. 2**  
WOODVILLE — One of the world's greatest exhibition of power, strength, speed, inspiration and motivation known as "The Power Team" will perform nightly exhibitions in the Kirby Auditorium at 505 N. Charlton beginning at 7 p.m. each evening from Wednesday, Sept. 28, to Oct. 2. A \$2 door donation is requested. The Power Team is being sponsored by the First Baptist Church of Woodville. The Power Team will offer various demonstrations on the team's individual and group strength as a means to spotlight the message they carry. The Power Team exposes the dangers of using and abusing drugs and alcohol, the seriousness of teenage pregnancy, and suicide not being the ultimate high. The group has performed in over 4,000 high schools across the nation and has been recognized by the White House as one of the leading anti-drug and alcohol messages in the country.

## Eagles thrash Wildcats in first game of district play

By Cathy Allen  
Sports writer  
WOODVILLE — The Woodville Eagles showed "maturity" last Friday night, whipping the Kirbyville Wildcats on one side of the field, and down the other. The hometown boys ended with a 26-8 win.

"Our offensive and defensive lines played better, working together and playing harder than they had — it

started last week, but this week, and tonight we saw them really come together. They're effective," said head coach Greg Pimm. "I had Kevin Adams playing man to man on their Diamond Bluetit, that really held them down. He usually has very high numbers, but Kevin held him back," McCallion said.

This week the Eagles will be going to Newton to play on Friday night.

Newton massaged the Warren Warriors last Friday night 48-0, which opened district play for both of those teams as well.

"It'll be a big game, we're not looking forward to it," said McCallion. "That's what makes Friday night football what it is, these big games. It will be a good one."

The Kirbyville Wildcats stalked into Eagle territory in the first quarter of Friday night's game. They were positioned themselves to score when Wildcat player Tremaine Hadnot slipped after taking a hand-off from quarterback Jerome Allen. He fumbled and the Eagles quickly recovered on their own 32 yard line.

On first and 10 from the Eagles 32, Eagle quarterback Larry Thomas pitched back to Anthony Hadnot, who managed to slip through the Wildcats defense line and pick up 30 yards before he was brought down by the Wildcats' Jason Seale and Ashley Elliott at their 38 yard line.

A few ground plays followed, and on third down Thomas failed to connect with his running back on a hand-off and the ball was loose. Thomas caught it quickly and threw himself on it to spare the Eagles a turnover, and to keep the drive alive.

Thomas dropped back to pass on the next play and connected with Darrell Throver on the Wildcat's 23 yard line.

Aubrey Jackson proved to be a determinative force in the game, handling the ball next to bring play in to the 10. On first and goal Thomas again went to Jackson who broke tackles to the Wildcat's two yard line.

On third down from the two, Jackson broke through the defensive front to put the Eagles on the board first, for 10-0 to go in the first half. On first down and 15 to go, Jackson broke tackles and pushed through to the 30, where he was brought down on the next play for a loss of two.

Thomas then pitched back to An-

thony Hadnot who carried the ball out to the 39. On third and one, Thomas again went to Jackson who picked up an Eagle first down and then some, moving the play to midfield.

Thomas and Allen Adams drove for another six points up for Woodville. Jackson and Allen Adams drove for another six points up for Woodville. Jackson tried to convert, the attempt failed.

Wildcat Bluetit returned the kick-off 22 yards for play to resume at the 22. Jackson quickly more than made up for it on the next play, burning the Wildcat defense with a 56 yard run, taking the ball across the midfield point. He moved down to the Wildcat's one yard line where Tremaine Hadnot managed to bring him down, only postponing the Eagles scoring again for one more play.

Allen Adams brought in the touchdown on the next play with 5:08 left in the half. Jason Tolbert's kick was good, bringing the score to 16-0, where it stayed until late in the third quarter.

One minute before the half, Sonny Hilliard, one of the Eagles star players, was injured. He suffered a severed tear in his ACL ligament. He will undergo surgery in two weeks, according to McCallion. His presence will be noticeably missed through the remainder of the season.

The third quarter began with mistakes. A pair of turnovers led to nothing, as both defensive sides seemed to have tightened up.

The Wildcat's had fielded an Eagles punt at their own 24 yard line. After a gain of one and a penalty, Jason Tolbert connected with Kevin Nelson on a thirty yard pass, who ran for another yard and 28. Eagle Frank Foster saw to it that they didn't pick up much on that play, and the Wildcat's were forced to punt from their own 10 yard line, their possession amounting to a 14 yard loss.

With just over five minutes left in the third quarter, Justin Surrock fielded the punt on the Wildcat's 35. Thomas handed off to Hadnot on first down, who broke tackles and pushed his way down to the seven. On second down after a penalty had taken away a TD and pushed play back out to the twelve, Thomas and Jackson drove into the five, and then to the one, where on fourth-down Jackson finally broke through for another Eagle TD.

Tolbert's kick was good, bringing this slaughter to 26-0.

The Eagles continued their slaughter when Kirbyville player Diamond Bluetit dropped the ball at the Eagles 25 yard line, and Darrell Throver picked it up and ran 63 yards to the Wildcat's 12. A clipping penalty against the Eagles brought it back out to the 27. Jackson moved it back to the six on the next play, but the Eagles failed to break through for the touchdown, and attempted a field goal on fourth down. Tolbert's kick was no good though, and the Eagles again were injured.

The ball was fielded at the Wildcat's own 28 yard line where they began their face-saving drive. The Wildcat pulled off a third down conversion

with Beldon Charpentier breaking through the Eagles defensive front for a ten yard gain, which brought play to the 39, where Darrell Throver had stopped him. Tremaine Hadnot picked up another first down on the next play, with an eleven yard run to the 50.

Kirbyville quarterback Jerome Allen connected with Kevin Nelson on a thirty yard pass, who ran for another yard and 28. Eagle Frank Foster saw to it that they didn't pick up much on that play, and the Wildcat's were forced to punt from their own 10 yard line, their possession amounting to a 14 yard loss.

With just over five minutes left in the third quarter, Justin Surrock fielded the punt on the Wildcat's 35. Thomas handed off to Hadnot on first down, who broke tackles and pushed his way down to the seven. On second down after a penalty had taken away a TD and pushed play back out to the twelve, Thomas and Jackson drove into the five, and then to the one, where on fourth-down Jackson finally broke through for another Eagle TD.

Tolbert's kick was good, bringing this slaughter to 26-0.

## Colmesneil Bulldogs 'slicker' than the West Hardin Oilers

By Cathy Allen  
Sports writer  
COLMESNEIL — The Colmesneil Bulldogs outclassed the West Hardin Oilers last Friday night, sliding through the Oilers' defense for a decisive score of 42-7.

Greg Bean tallied out at 141 yards on nine carries, 35 yards more on the ground than the entire Oilers' offense was able to scramble for.

This week the Bulldogs will play Shelbyville, who defeated West Hardin last Friday night by a score of 18 to 6. The team is 3 and 1 for the season so far.

This week's contest will be the final non-district game for the Bulldogs, but promises to be a good competi-

tion. The Bulldogs will begin district play next week against Apple Springs. On third down with 10 to go, I.S. Pittman attacked the Oilers' quarterback for a loss of six, forcing the punt.

The Bulldogs fielded the punt near mid-field, and with the help of a 26 yard pass by Herman Allen, drove back to the Oilers 15. Then, on first and 10, Van Brewer bulldozed his way through the defensive front to score. Allen shot a bullet to Ronnie Douglas down in the deep right corner of the end zone to successfully convert, picking up two more Bulldog points.

With still 6:14 left in the first quarter, the Oilers got another turn but still couldn't even side their way up to mid-field. After six plays they punted

again. The Oilers should invest in some GO-10 before they play, again this week, they're a bit too "slick" to hang onto the football. They fumbled again on their 14 yard line this time, setting up another Bulldog score. On the third play, Ray Dobbins carried it in six yards for the final Bulldog score. Jack Jacobs, Bo Bandy, Marcus Allen, and John Von Eason led the offensive charge for the Bulldogs' clearing the path for Greg Bean to carry the ball nine times for 14 yards. Marcus Allen and Cody Widner shined on the defensive side, each

from the five. Greg Bean brought that one through the 10 and Greg Pittman caught a pass from Allen for two more Bulldog points.

## Pirates pilfer 21-20 victory over Chester Yellowjackets

By Cathy Allen  
Sports writer  
DEWEYVILLE — The Jackets came within two points of pulling off a project as 21-point underdog's. The Chester Yellowjackets showed that they were complete this year, sending out a strong signal to their district opponents, despite their slow start this year.

"The things we're doing, we're doing well and Steve Park, Chester Yellowjackets' head coach, said "Our younger players are really coming together to play well. We're getting better every week."

The Jackets will have an extra week to prepare for their next game which will be played at High Island. This game will be their first District 24A

contest, and will be the proving ground for the Jacket's recovery from their three game slump.

"We've got two weeks to prepare for High Island. We'll spend that working on the fundamentals, getting ready for in-district play," said Park.

"This was really a heartbreak loss," said Park. "We just didn't put them away early on, but our boys really did play well."

"It was an exciting game for the fans who came out," said Deweyville head coach Billy Thiton. "Chester played good, hard football. They're a real

defensive team, and they played a good game. While our boys didn't execute as well as they should have, they did a good job of hanging in and coming back to win."

"Our boys came out flat," said another Deweyville coach, "we weren't expecting such a fight, and we almost lost it."

The game didn't start out flat at all, the action was alive in the first quarter of play, when the Pirates fumbled on their own five yard line, where Patrair again slipped through the Pirates line for six more Jacket points, giving Chester a 12 point lead.

The key to the game might have been on the conversion attempt by the Jackets on this second touchdown. Jewell went with a short pass to Matt Standley to pick up two points that could have made this game, but the play was broken up by R.J. Hester and Keith Penzo of the Pirates. In the second quarter the Pirates finished a drive that began in mid-field and ended with Brian DuHon connecting with a 12 yard bullet to Dane South for Deweyville's first score of the night, putting them back in the game early in the quarter. The score at the half was 7-12 with Chester hold-

## Newton Eagles devour Warriors 48-0

By Cathy Allen  
Sports writer  
WARREN — There was no stopping the state ranked Newton Eagles last Friday night in Warren. The Eagles scored an 48-0 victory in the District 21-A opener with six touchdowns being scored by the Eagles, three of which came in the first quarter of play.

While Newton remains undefeated with a 4-0 record, the Warriors are still looking for their first win.

The Warriors gave up some big plays in the first quarter allowing the Eagles to take a strong lead early in the game. Newton scored on a 64 yard run by Warren's Thomas on the first play from scrimmage. Shane Pugh kicked the first of his 6 PAT's and the score stood 14-0.

The Warriors managed to pick up two first downs in their first possession, but were held on third and three plays and were forced to punt.

Newton scored on a 12 yard run by Warren's Thomas on the first play from scrimmage. Shane Pugh kicked the first of his 6 PAT's and the score stood 14-0.

Newton scored on a 12 yard run by Warren's Thomas on the first play from scrimmage. Shane Pugh kicked the first of his 6 PAT's and the score stood 14-0.

Newton backs as they broke into the secondary. DuBoise said, "I've had tremendous ability, and he improves each game as he learns more about what he can do."

The Warriors will play at Kountze next week. Kick-off will be at 7:30.

After keeping the Warriors from advancing, Newton's lightning offense struck once more on a 63 yard pass completion on first down. Quarterback Eric Davis found tight end Jamie Dawson all alone behind the Warrior secondary, and when Pugh missed the extra point, the score stood at 20-0, still in the first quarter.

The Eagles' final score of the night followed with a 12 yard bullet to Dane South for Deweyville's first score of the night, putting them back in the game early in the quarter. The score at the half was 7-12 with Chester hold-

ing the kick-off, they fumbled and the Eagles again recovered well inside Warrior territory. Jerry McLemore punched the ball over the goal line on a two yard run, and with less than two minutes gone in the second half, the score was 41-0.

Warren responded with an impressive drive that brought them in to the Eagles nine, but a field goal attempt by John Ferguson was blocked.

TD PUSH — Aubrey "Rip" Jackson powered over the goal line for another Woodville Eagle touchdown Friday night despite the efforts from Kirbyville Wildcat defensive player Vandle Smith. Woodville came away with a victory over Kirbyville with a score of 26-8 and will meet Newton this week for their second district game.

## Cross country track meet held at Lake Tejas

By Cathy Allen  
Sports writer  
COLMESNEIL — The first Lake Tejas Invitational cross country track meet organized by Coach Mike Lamm of Colmesneil High School took place Saturday at Lake Tejas. The meet was held at Colmesneil. The meet may turn out to be an annual event, according to Lamm.

Twenty-one East Texas schools participated in the event, which was open to both boys and girls from the varsity, junior varsity and junior high levels. Over 100 runners competed in the races, which were a test of both speed and endurance.

Woodville, Colmesneil, Chester and Warren schools were represented in the three-mile varsity boys race. Representing Warren were Jason Hicks and Bobby Tolar. Kyle Simpson, Steven and Anthony Hadnot and Martin Miles. Chester was represented by Bob Jewell, Lake David, Toby Toler and Yousef Jefferson. Running for

Colmesneil were Duane Porter, Clayton Foreman, Todd Stephens and Josh Schmitt. In the two mile girls varsity meet, Woodville, Colmesneil and Chester were represented. For Colmesneil, Jennifer Plummer, who placed first in district last year, placed 13th on Saturday, followed closely behind Rachel McKinney, who came in 19th out of 76 runners. Also representing Colmesneil were Chelanie Shultz, Tasha Buckner, Rochelle Daniels, Keisha Bower and Shari Mac Ginnis.

In the same category representing Chester were Adrienne Bryan, who placed 20th, Brandi Williams, Cheryl Park, Angela Johnson and Lisa Richardson. For Woodville, Ashley Allison, Kristen Babin, Latasha Mitchell, Kelli Lannon, Stefani Byron and Brandi Nagypay.

In the junior varsity girls' two mile race Heather Flowers, Karen Peacock, Lakisha Jones, Amanda Fowler, Leslie Turner and Stephanie Tomkins represented Colmesneil, while Cassandra Foster, Lauren Evason, DeAndrea Ford, and Velvet Kibler

came out to represent Woodville. Colmesneil was the only local school represented in the junior high girls' two mile race with Alicia Fowler placing 18th out of 68, and Raven Smith, Kelly Gallagher, Jennifer Reynolds, Cynthia Davis, Miranda Coleman, Bridgette Snider and Angie Wood also coming out to run.

"There will be another cross country meet this Saturday, starting at 9 a.m. in Huntington."

**Undefeated JV Eagles roll over Wildcats 18-8**

By Josh Peritz  
**KIRBYVILLE** — The Woodville Eagles junior varsity team won their first district game against the Kirbyville Wildcats in Kirbyville Thursday by a score of 18-8.  
 Woodville received the kickoff on the one yard line. Running back Robert Adams made two consecutive first downs giving the Eagles decent field position.  
 The Kirbyville defense picked off a pass to set up a touchdown run by Richard Gilford, who also ran in the two-point conversion, making the score 8-0 in favor of the Wildcats.  
 On Woodville's next possession, Matt Key picked up a fumble on the 47

yard line for Kirbyville. Kirbyville had to give up the ball on a fourth down penalty to the Eagles on their 23 yard line.  
 In the second quarter, after a long drive by Woodville, Chris Smith intercepted a pass by quarterback Charlie McCullough in the end zone.  
 Robert Hargrave recovered a fumble, regaining possession for the Eagles. This set up a 15 yard touchdown break by Carlos Goodman. After a failed extra point attempt the score was 8-6.  
 On Woodville's next drive McCullough sparked the offense with passes to Rob Adams for over 25 yards. McCullough then passed from the 40 yard line to Armond Gregory

**Junior Bulldogs giving their all**

for his second touchdown reception of the year.  
 "Big" Tim Dennis hit the Wildcat receiver hard after the kickoff.  
 Halfway into the third quarter, Adams was hit hard after nailing a punt for a 15 yard personal foul. Kirbyville was called shortly after for another personal foul, giving Woodville the ball on the 22 yard line.  
 McCullough threw a 25 yard pass to Adam Greenwood over three defensive Wildcats.  
 Jared Stanley and Gilford both snagged fourth quarter fumbles for Kirbyville.  
 Next Thursday, undefeated Woodville plays Dana in Woodville.

**Warriorettes wipe out Ponies**

**WARREN** — The Warren junior varsity Warriorettes took first place in their own tournament Saturday, Sept. 24. Grabbing All-Tournament for the JV team are Christina Graham, Amanda McInnis, Katie Cautien and Mandy Adkins.  
 The Warriorette freshman also won, taking second place. All-Tournament honorees went to Melissa Mixon, Crystal Leverett, Suzan Lewis and Betty Cerzo.  
 Both the varsity and junior varsity teams are getting ready to play Kountze on Saturday. It will be a challenge they say they are ready for.

**Kirbyville 7th grade defeats Eagles 28-16**

**KIRBYVILLE** — The Woodville seventh grade football team came up short in the district opener against Kirbyville, losing by a score of 28-16.  
 Highlights for the Eagles include a 75 yard touchdown pass from QB T.J. Thomas to TE Drew Nix. Thomas scored the two point conversion on an option play to the right.  
 Tee Washington scored on a 60 yard scamper around the right side. Tory Foster scored the two point conversion on a base dive play to the right behind the blocking of Earl Foster, Clifton Lynn and Mike DeBner.  
 Defensive standouts for the Eagles included DT Justin Scott, FS Trey Scales, DE Jeremy Hall, DE Jeremy Luce and NGS Kenneth Russell and Jeremy Gimes.  
 The Eagles record now stands at 1-1.

**Eagle eighth grade falls to Kirbyville**

**KIRBYVILLE** — The Woodville eighth grade football team played a hard-fought battle against Kirbyville despite a 24-14 loss.  
 The Eagles were down 16-0 early in the first quarter but they scored in the second quarter when Kevin Mitchell caught a swing pass from AB Lane Weaver and ran 20 yards for the touchdown.  
 The Eagles were down 16-6 at half-time and at the beginning of the second half Kevin Mitchell scampered around the left end 67 yards for another Eagle touchdown. Daniel Battise added a two point conversion on a three yard drive up the middle.  
 The Eagles scored a go ahead touchdown in the third quarter, but had it called back on a penalty.  
 Kirbyville scored once more to put them ahead 24-14, but the Eagles were not finished. When the last second ticked off the game clock, the Eagles were on the Wildcats 12 inch line, ready to score once more.  
 Outstanding defensive players for the Eagles include DB Shelton Thomas with an interception, DE Jimmy Scott, DE Matt Satterwhite, LB Kevin Mitchell with a "big hit", LB Daniel Battise, LB Jared Odum, DTs Anthony Adams, John Henry and Lynn Shane, NG DJ Williams and DBs Cody Spells and Chris Loftin.  
 The Eagles record now stands at 1-2. Their next game is at Newton on September 29.

**Pvt. McKee completes basic training**

**COLUMBIA, S.C.** — Army Pvt. Kevin D. McKee has completed basic training here.  
 During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.  
 McKee is the son of Joyce M. and James H. McKee of Warren.  
 He is a 1992 graduate of Warren High School.

**Roberts returns from Haiti**

**NORFOLK, Va.** — Navy Fireman Daniel W. Roberts, son of Gayle Roberts of Spurger, recently returned from operations off the coast of Haiti aboard the amphibious assault ship USS Inchon, home-ported in Norfolk, Va., as the lead ship of its four-ship Amphibious Ready Group.  
 While deployed, USS Inchon operated in support of Operation Support Democracy, the United Nations sanctions aimed at restoring democracy to Haiti.  
 The Inchon Amphibious Ready Group was relieved by the amphibious assault ship USS Wasp and several other ships which are now deployed to augment the international forces already in the Caribbean.  
 The 1991 graduate of Spurger High School joined the Navy in September 1991.

**Founder's Day, Centennial Celebration set Sunday**

**Mt. Carmel Baptist marks 120th anniversary, 100 years in current building**

**MOUNT CARMEL** — The Mt. Carmel Baptist Church will hold its Founder's Day and Centennial Celebration this Sunday, Oct. 2, beginning with worship services at 11 a.m. and continuing with a Worship in Praise activity at 2 p.m., said the Rev. Jack Lewellen, church pastor.  
 who as pastor, has served that pulpit since February, 1965.  
 There will be special music, a reading of a historical report and a word of exhortation from the Rev. Jack Lewellen, church pastor.  
 The church records indicate that the session to establish the Mount Carmel Church was held at the Mount Zion Church by petitioning letters to become a part of the New Bethel Association.  
 The budget for 1955 reflects that the pastor's salary was \$40 per month. The budget also allowed for \$2 for a cooperative program; \$1.50 for lights; \$4 for home missions; \$1.33 for Sunday School literature; and 70 cents for the Baptist Standard.  
 Noel Rawls, the oldest living member of Mt. Carmel Baptist Church, was born in 1903 and he was reared in the Smith Ferry-Mount Carmel area. Rudolph and Margaret Smith built the ferry on the Neches River and thus the church received its first name.  
 When the people decided to move the church to make it nearer the center of the community they decided also to name it Mount Carmel. People were most often baptized at Smith Ferry.  
 The first sermon at Mount Carmel on June 27, 1915, paid \$2.01.  
 With Lewellen serving the church the longest (since 1965), the following is a list of pastors beginning with its first: J.C. Hensarling, 1874; S.E. Mann, 1896-1891; G.W. Carter, 1891-1892; J.E. Duff, 1892-1893; B.A. Willis, 1893-1895; J.C. Fondren, 1896; R.L. Mott, 1897-1903; C.C. Sweeting, 1904-1915; Dudley, 1905-

remodeled in 1965, some of the boulders were removed and in recent years, these stones were placed in the flower beds near the front of the church.  
 The church was moved from the original location on Rawls Creek to make it more accessible and nearer the center of the community. John Henry Kirby conveyed the land on Sept. 8, 1894 to the Mount Carmel School District No. 28 in Tyler County.

In the beginning the church was used for school as well as worship. Church services were alternately used for Methodists and Baptists. The school land was deeded to the church in 1949 and is directly adjacent to the present church to the south. Kirby also deeded the two acres of land where the church had been built, to Mount Carmel Missionary Church, Aug. 5, 1896.

The church records indicate that the session to establish the Mount Carmel Church was held at the Mount Zion Church by petitioning letters to become a part of the New Bethel Association.

The school land was deeded to the church in 1949 and is directly adjacent to the present church to the south. Kirby also deeded the two acres of land where the church had been built, to Mount Carmel Missionary Church, Aug. 5, 1896.

The church records indicate that the session to establish the Mount Carmel Church was held at the Mount Zion Church by petitioning letters to become a part of the New Bethel Association.

The budget for 1955 reflects that the pastor's salary was \$40 per month. The budget also allowed for \$2 for a cooperative program; \$1.50 for lights; \$4 for home missions; \$1.33 for Sunday School literature; and 70 cents for the Baptist Standard.

Noel Rawls, the oldest living member of Mt. Carmel Baptist Church, was born in 1903 and he was reared in the Smith Ferry-Mount Carmel area. Rudolph and Margaret Smith built the ferry on the Neches River and thus the church received its first name.

When the people decided to move the church to make it nearer the center of the community they decided also to name it Mount Carmel. People were most often baptized at Smith Ferry.

The first sermon at Mount Carmel on June 27, 1915, paid \$2.01.

With Lewellen serving the church the longest (since 1965), the following is a list of pastors beginning with its first: J.C. Hensarling, 1874; S.E. Mann, 1896-1891; G.W. Carter, 1891-1892; J.E. Duff, 1892-1893; B.A. Willis, 1893-1895; J.C. Fondren, 1896; R.L. Mott, 1897-1903; C.C. Sweeting, 1904-1915; Dudley, 1905-

remodeled in 1965, some of the boulders were removed and in recent years, these stones were placed in the flower beds near the front of the church.

The church was moved from the original location on Rawls Creek to make it more accessible and nearer the center of the community. John Henry Kirby conveyed the land on Sept. 8, 1894 to the Mount Carmel School District No. 28 in Tyler County.

In the beginning the church was used for school as well as worship. Church services were alternately used for Methodists and Baptists. The school land was deeded to the church in 1949 and is directly adjacent to the present church to the south. Kirby also deeded the two acres of land where the church had been built, to Mount Carmel Missionary Church, Aug. 5, 1896.

The church records indicate that the session to establish the Mount Carmel Church was held at the Mount Zion Church by petitioning letters to become a part of the New Bethel Association.

**No More Excuses**

The price excuse has just become obsolete. Because now when you buy a Nutri/System® program plus a food club membership you pay \$49 per week for food.

That works out to be \$2.33 a meal or \$7.00 a day. And that's for healthy, well-balanced meals, not just junk food.

It's an incredible food offer from Nutri/System. Same great food, fantastic low price. Call for details and start saving. The best weight loss system has now become the most affordable!

**\$49** Per Week for Food

TO ALL OUTLYING AREAS if you want to lose weight, but a trip to Huntsville or Lubbock, too far, call now and ask us about our new at-home services.

**\* ELC partially approved**

Warren by a margin of 344 to 132 or by 72.3 percent.

Although a majority of those voting favored ELC, and from both Warren and Spurger, because the vote margin fell below the 70 percent mark, the service will not be available at this time.

Voters favored the ELC service to

Warren by a margin of 227 to 178 or 56 percent, and to Spurger by a margin of 228 to 183 or 55.3 percent.

"There were a total of 1,013 ballots sent out and 492 were returned," Ricco said. "That's roughly a 50 percent return and, based on other elections, is a pretty respectable number."

Earlier this month, the PUC announced that Warren telephone customers had approved ELC service to and from Woodville, Spurger and Kountze.

Customers in the Chester exchange are now voting on ELC service to and from Corrigan and Woodville, although should the Woodville service be approved, it will take an order from a U.S. District Court to implement it.

The problem is that Chester and Woodville are in different Local Access Transport Areas (LATAs), which means calls to and from Chester and Woodville are routed through both Houston and Beaumont.

Village Mills/Wildwood telephone customers also are currently voting on ELC service to and from Woodville, Spurger and Kountze.

**\* Response**

(Continued from Page 1A)

was apprehended but the second suspect managed to evade police. Beede was placed in the Tyler County Jail in Woodville and was subsequently transferred to Jasper County.

The second suspect was almost captured during the manhunt, but managed to break away and escape. Hennigan noted that a number of people have asked why didn't officers use their weapons to stop the man.

"Our officers are trained regarding what type of force should be used in a given situation and this definitely was not the time to use deadly force. The man was wanted for auto theft, which is a misdemeanor offense, and the use of an automatic probation offense," Hennigan said.

"The suspect was not armed and did not threaten any of the officers. Hennigan noted he was "very apprehensive" of the quick response given by all of the agencies involved in the manhunt.

"I think this should really show the citizens of Tyler County that the vast amount of law enforcement agencies in adjoining areas. It shows that county, state and federal agencies can work together."

Hennigan said it has been one of his priorities to maintain strong working ties with other agencies to insure that when cooperation is needed, things can move smoothly forward.

"We had one Dam B citizen call in saying he was not only amazed at the number of officers who had on the scene, but was surprised by the various law enforcement agencies that were here. He said he appreciated staying with the situation until it was complete," Hennigan said.

The sheriff also voiced his thanks to the people of the Dam B area for their help in watching for the suspects being sought in the manhunt. "In many instances, the citizens of our community can be our eyes and ears and provide valuable assistance to law enforcement officers," he said.

Hennigan noted that agencies involved in the two-day search included the Tyler, Jasper and Hardin county sheriffs departments; the Woodville and Jasper police departments; Tyler County constables, Texas Parks and Wildlife Department game wardens; DPS troopers from Woodville, Jasper, Livingston, Buda and Kirbyville; the Southeast Texas Narcotics and Intelligence Task Force; the Texas Department of Criminal Justice; the U.S. Customs Service; and Civil Air Patrol.

**\* Jobless**

(Continued from Page 1A)

brightening during August, TEC's report also shows that the labor statistics statewide also were improving. The state's unemployment rate dropped from 6.5 percent in July to 6.2 percent in August. The new Texas rate is identical to the April 1994 rate which was the lowest for the state in three years.

TEC Chairman Eddie Cavazos said the decline comes as a result of Texas employers creating 21,600 jobs last month.

"Texas business is expressing confidence in our state's favorable economic climate," Cavazos said. "Texas is experiencing good, solid growth. We expect this improved employment rate to continue through the winter."

Trade and construction industries continued to show a steady increase of 14,800 jobs during August. The largest employment growth occurred in the government sector, solely in public education. That industry created 8,300 jobs.

All of the state's metropolitan statistical areas (MSAs) experienced a drop in unemployment during August. The area with the lowest rates were the Bryan-College Station MSA at 3.3 percent, followed by the Austin-San Marcos MSA at 3.6 percent and the Amarillo MSA at 4.0 percent.

The three MSAs with the highest jobless rates were the McAllen-Edinburg-Mission MSA at 15.8 percent, the Brownsville-Harlingen MSA at 10.4 percent and the Beaumont-Port Arthur MSA at 9.4 percent.

August's rate for other East Texas counties include:

COUNTY	AUG.	%
Angelina	6.4	0.9
Hardin	7.9	1.0
Jasper	6.3	1.2
Jefferson	8.5	1.2
Liberty	8.6	1.4
Nacogoches	6.7	0.2
Newton	12.3	2.4
Orange	12.4	0.9
Polk	6.7	1.1
Shelby	7.1	0.8
San Augustine	7.3	0.3
San Jacinto	5.2	0.7
Shelby	7.1	0.8
TYLER	7.8	1.5
Walker	7.3	+0.1

**Hennigan earns master certification**

WOODVILLE — Tyler County Sheriff Gary Hennigan has been awarded a Master Peace Officer's Certificate by the Texas Commission on Law Enforcement Officer Standards and Education in Austin.

The master certificate is the highest certification awarded by TCLEOSE and has been given to only a handful of officers in Texas.

Prior to Jan. 1, 1991, the highest certificate awarded to peace officers in Texas was the Advanced Certificate, which that date, the state has begun awarding the higher certificate to the few Texas officers who are certified.

Hennigan holds an associate degree from Prairie College and a Law Enforcement Instructor Certificate from Kilgus College. He has 29 years of experience in law enforcement, including 22 years of service as a Texas Department of Public Safety trooper.

Hennigan has served as the Tyler County sheriff since 1989 and has more than 1,000 hours of law enforcement training.

# Are you Suffering from Trichotillomania?

HOUSTON—Ever feel like pulling your hair out? Those suffering from trichotillomania do, one hair at a time. Trichotillomania is the irresistible impulse to pull out one's own hair. The bizarre disorder affects millions of Americans and the majority appear to be women, says a psychiatrist at Baylor College of Medicine in Houston.

"It is difficult for us to know exactly how many people suffer from trichotillomania because victims are so secretive," said Dr. Suzan Streichenwein, an assistant professor of psychiatry at Baylor and chief of the Mental Hygiene Clinic at the Houston Veterans Affairs Medical Center (VAMC). "Most men who discuss the disorder, whereas more women may open up and tell their doctors about the problem, which may be why we see a higher incidence among women."

Trichotillomania usually begins in childhood and can continue throughout a lifetime. Young children will pull out their eyebrows or eyelashes while adults pull hair from the scalp and pubic areas.

"Kids do not have the resources adults do to hide the condition such as buying an eyebrow pencil or a wig and may withdraw socially," Streichenwein said.

Patients carefully examine the hair's texture, color, and condition before deciding which one to pull.

The urge to pull, ranging from a short period of time to all day, can be brought on by stress, caffeine, sugar, chocolate or pre-menstrual syndrome. There is usually an increased sense of relief and gratification after pulling.

"Trichotillomania is thought to be a neuro-chemical imbalance and can be regulated with certain medications," said Streichenwein.

Streichenwein also suggests, in addition to medication, that a high protein diet and behavior modification may control the disorder.

"Becoming involved in activities to keep the hands occupied diminishes the urge to pull," said Streichenwein. "It is also important to relax."

Relaxation techniques include sitting in a favorite chair, listening to soothing music, taking a warm bath, or taking time to be alone.

Psychiatrists are not always familiar with the disorder, since patients generally seek the advice of pediatricians, dermatologists, gynecologists or clergy members.

"Once the secret of trichotillomania is revealed, more patients can be relieved of their terrible emotional pain and suffering," said Streichenwein.

# Osteoporosis may begin in childhood

HOUSTON—A researcher at the Children's Nutrition Research Center (CNCR) in Houston suspects osteoporosis, a crippling bone disease, may begin in childhood.

"Most of an adult's skeleton is built and enlarged during adolescence. Being shortchanged on calcium at this stage of life could be especially damaging," said Dr. Steve Abrams, assistant professor of pediatrics at Baylor College of Medicine.

Little is known about how growing children absorb calcium from foods and deposit it into healthy bones. Previous studies were performed more than 40 years ago and do not represent growth or dietary patterns of American children today.

Abrams is working on a study that will help fill this "calcium gap" by measuring calcium absorption and skeletal formation of young girls. Girls were chosen for the study because women are more susceptible to bone loss in later years.

The study will follow 50 white and 50 black volunteers between the ages of 5 and 15.

Abrams will look at the amount of calcium absorbed from the diet, how it is distributed and how rapidly that calcium forms bones in relationship to age, the onset of puberty, diet and race.

Current Recommended Daily Allowances (RDAs) of calcium range from 800 milligrams for children ages 1-10 and 1,200 milligrams for children eleven and older. Abrams suspects the RDA may not be adequate for the skeletal needs of all children.

Abrams believes that many children do not receive enough calcium. He also expects to find a significant difference in calcium distribution and bone density among ethnic groups.

Caucasians appear to be at higher risk for developing osteoporosis than blacks.

Osteoporosis, a disease that causes bones to break easily, leads to hip fractures and crushed vertebrae as well as "dowager's hump," a telltale sign of a collapsing spine. Osteoporosis affects an estimated 20 million Americans—most of them elderly women.

"There is no cure, but Abrams believes that understanding calcium needs and bone growth during childhood can lead to its prevention."

# Solid foods may be bad for infants

HOUSTON—Parents eager to start their infant on solids may want to postpone the porridge for the time being.

A researcher at the Children's Nutrition Research Center in Houston suspects that introducing solids into the diets of infants to soon could rob them of important minerals.

"We know that infants can digest cereal relatively well as early as one month. However, the extra protein and calories contained in the cereal are lost in the stool," said Dr. Robert Shulman, associate professor of pediatrics at Baylor College of Medicine.

Shulman has also found that the stool of cereal-fed infants contains increased levels of nitrogen, a building block of protein. "I want to know where this nitrogen is coming from," he said.

Shulman suspects that the nitrogen in the stool is caused by either diet or nitrogen-containing cells that line the intestine.

"Is the nitrogen coming from improperly digested formula and cereal or does the cereal cause the intestinal cells to slough off at a more rapid rate than normal?"

To find the answer, Shulman will follow the diets of male infants at the center's Metabolic Research Unit. He believes the answer will help scientists understand how the introduction of cereal affects digestion.

"This information may help us determine the most nutritionally beneficial time to introduce cereals into an infant's diet, learn more about the components of nutrients and, in the future, allow pediatricians to design diets where nutrients complement rather than inhibit each other," he said.

In the meantime, he encourages parents to avoid the temptation to introduce cereal to their infant's diet because they think their infant needs to gain more weight, they prefer the convenience and availability of baby foods, or they mistakenly believe that added solids help an infant sleep through the night.

If parents have questions, they should consult their pediatrician, he said.

# Estrogen replacement therapy may help women more than previously thought

HOUSTON—While researchers knew estrogen replacement therapy (ERT) strengthened bones, a study at Baylor College of Medicine in Houston will determine if estrogen also makes a menopausal woman's heart stronger.

"We suspect estrogen strengthens the heart and improves its ability to pump blood," said Dr. Michael C. Snabes, the study's lead investigator.

"If this is true, it helps explain why menopausal women taking estrogen have less cardiovascular disease than those not taking the hormone. It may also explain why estrogen protects premenopausal women from the heart disease that afflicts their male peers," Snabes said.

Snabes, a senior reproductive endocrinology fellow in Baylor's department of obstetrics and gynecology, is teaming with investigators in The DeBakey Heart Center to learn how estrogen affects the structure and function of a menopausal woman's heart.

Menopausal women who are not taking estrogen begin the study with treadmill and ultrasound bicycle tests to determine how their hearts function before, during and after exercise.

The tests will be repeated after three months of ERT and after three months without estrogen, Snabes said.

"We know estrogen helps prevent osteoporosis and helps keep the ratio of 'good' to 'bad' cholesterol favorable. We think estrogen may also directly benefit the heart, but no one has studied that question until now," Snabes said.

Co-investigators for the study, which should be completed by early 1993, include Dr. Ronald L. Young, associate professor of obstetrics and gynecology, Dr. J. Alan Herd, professor of medicine, and Dr. William A. Zoghbi, assistant professor of medicine and assistant director of the echocardiography laboratory of the Methodist Hospital in Houston.

The DeBakey Heart Center is a joint program of Baylor College of Medicine and The Methodist Hospital in Houston supporting cardiovascular research, treatment and education.

**Sleeping babies' bottle feeding can cause serious tooth decay**

AUSTIN—The Texas Department of Health (TDH) Bureau of Dental Health Services warns parents that the practice of calming a baby for sleep by giving it a bottle of milk, formula or juice can cause serious harm to the infant's teeth.

Dr. Donald Crow, chief of the bureau, said that prolonged bottle feeding of babies with sugary liquids during sleep can lead to a condition called "baby bottle tooth decay." The condition is a leading cause of oral health problems among children younger than three, and often is the start of severe, life-long dental problems which can affect the patient's general health and nutrition.

While about 60 percent of Texas children have some tooth decay, about 16 percent is caused by baby tooth decay, according to Dr. Crow.

Dr. Crow explained that when children feed from bottles while they are asleep, saliva helps to wash away concentrations of sugar and acid that can damage teeth.

However, while sleeping, a baby's saliva flow is greatly reduced.

**Sept. 28**

WEDNESDAY

September 28, 1994

Volume 16 Number 29

WOODVILLE, TEXAS

28 CENTS

USPS 645-560

**THIS WEEK**

Wednesday, Sept. 28

Woodville Rotary Club meets at 7:30 p.m. at the Woodville Hotel.

Open House will be held at 7 p.m. at the Woodville Middle School. The school will be open during the annual Academic Book Fair through Sept. 30.

The River Team will be performing exhibitions of power, strength, speed and motivation at 7 p.m. nightly through Sunday, Oct. 2, at the River Auditorium in Woodville.

Thursday, Sept. 29

Woodville Lions Club meets at 8:00 a.m. in the Lions Den on US 190.

Woodville Elementary and Woodville Intermediate Schools will host open house in the Colmesneil exchange has lead to the partial approval of the Extended Toll-Free Local Calling (ELC) election held last month.

According to Don Ricon, a telephone utility analyst with the Public Utility Commission in Austin, Colmesneil telephone customers approved ELC service to and from Woodville but rejected the same service to and from Spurger and Warren.

"There apparently was a misunderstanding among those who voted," Bob Bell, Tyler County Chamber of Commerce president, said Monday.

"They approved the service to and from Woodville, but for the same money they also could have had toll-free dialing to and from both Spurger and Warren."

Under the regulations authorizing ELC service, rural telephone exchange customers can petition the PUC for toll-free access to neighboring telephone exchanges. If approved by at least 70 percent of those who return their ballots, then, instead of long distance charges, every customer in the exchange would pay a flat monthly fee of \$3.50 per residential line and \$7 per business line.

In approving the service between Colmesneil and Woodville, the Colmesneil customers approved the \$3.50 and \$7 monthly fees. It would not have cost them any more had they also approved both Warren and Spurger," Bell said.

Ricon confirmed that Colmesneil customers would be charged the single \$3.50 and \$7 monthly fees regardless of how many exchanges are included in their ELC service.

"They can petition for another election at any time involving any other exchange they want to add to the service, but they will have to wait at least 18 months before they can petition for another election involving the Warren and Spurger exchanges," Ricon said.

The time schedule for implementing the new ELC service between Colmesneil and Woodville has not yet been finalized, although local chamber of commerce officials hope that it will be in operation by the end of this year.

Ricon noted that General Telephone Co., which serves the Colmesneil exchange, has 30 days to file a cost and implementation schedule with the PUC. Once that schedule is filed in mid-October, Ricon said the date that the service will begin will be established.

The vote breakdown in Colmesneil's ELC vote showed that the toll-free service to and from Woodville passed 57 percent.

See ELC, pg. 16A

**Sheriff praises quick response - One suspect escapes despite massive manhunt**

WOODVILLE—Quick response by area law enforcement agencies is being credited for the capture of one of two men wanted for stealing a vehicle in Jasper last week.

Tyler County Sheriff Gary Hennigan said that city, county, state and federal officers from a wide area of East Texas converged on the area last week after word was spread over police band radio that the suspects had crossed the Neches River into Tyler County.

"One of the suspects did get away and we believe he is in the Houston area now. We know who he is and a warrant has been issued. It is now just a matter of time before he is in custody," Hennigan said.

The second suspect, Jasper Alexander Beede, 22, of Houston, was captured Monday, Sept. 19, after Tyler County sheriff's deputies stopped the stolen car on Highway 190 near Dan B.

Hennigan said that Tyler County authorities were notified Sept. 19 by the Jasper County Sheriff's Department that a vehicle stolen in Jasper was believed to be headed toward Tyler County. Local deputies were immediately dispatched to the Jasper-Tyler County line where they met and arrested the two suspects.

"The subjects pulled in the park area just inside Tyler County, exited the vehicle and fled into the woods," Hennigan said.

See RESPONSE, pg. 16A

**Local jobless rate plunges to 7.8%**

WOODVILLE—Tyler County's unemployment rate continued its downward spiral during August — dropping to its lowest point in almost two years.

According to figures released by the Texas employment Commission, the new local jobless rate stands at 7.8 percent, the lowest since August 1986, when a 7.2 jobless figure was listed. That new local 7.8 percent jobless figure for August translates to mean that out of a labor force of 6,816, there were 533 county residents looking for work.

The August rate is the lowest currently available from TEC — is well below the local five-year high mark of 11.5 percent recorded in March of this year as well as the 8.8 percent jobless figure listed one year earlier in August 1993.

The 7.8 percent rate also is only the fourth monthly figure that has come in below the 10 percent level this year. January's rate was 10.8 percent followed by an 11.4 figure for February and the high of 11.5 percent listed for March.

The three months of increasing unemployment was then followed by two months of declines with April's coming in at 9.5 percent and May dipping to 9.3 percent. June's rate rose to 10.4 percent. In June, the rate jumped back up to 10.4 percent before sliding back to 9.3 percent in July.

March's 11.5 percent figure was the highest the county has recorded since the 12.0 percent jobless rate was listed in February 1989.

Over the previous 10 years, the highest unemployment number recorded in Tyler County occurred in June 1986. During that month, a record 18.4 percent jobless figures is listed by TEC.

During the worst unemployment year in Tyler County's history, 1986, the local rate never dipped below an 11.2 percent rate in January and remained mainly in the 14-15 percent range during almost the entire year.

The lowest local jobless rate during the past decade occurred during April 1993 when a 4.9 percent unemployment figure was recorded by TEC.

While the local jobless picture was

# 45th annual county fair opens Thursday

**Livestock entries break old record**

WOODVILLE — A record number of livestock entries are expected to be on hand during the 45th Annual Tyler County Fair, scheduled Thursday, Friday and Saturday at the Tyler County 4-H and FFA Rodeo Arena near Woodville.

According to Tyler County Extension Agent Matt Bochat, about 240 head of livestock were expected to be entered into the various judging divisions of the annual fair. Most were expected to arrive at the fairgrounds on Thursday with judging to be held on Friday and Saturday.

"This is a record year for livestock," Bochat said. "We will have more entries in just about every category than in past years. The one exception is in hogs, where we will be down from last year."

Last year, there were 212 livestock exhibited during the annual fair. As of Monday, Bochat said fair organizers were expecting about 25 entries in the market steer division, up from the 15 that entered last year.

The other "big" area of growth will come in the rabbit categories. Bochat said that the 1994 show will feature about 50 breeder rabbits and about 10-15 rabbit meat pens. Last year, there were a combined total of 35 rabbits entered in the show.

In the market swine category, 69 hogs are expected to be exhibited this year, a figure down from last year's total of 81.

In the other livestock division, Bochat said that about 13 market lambs, 22 broilers, at least 30 head of breeding beef — in both dairy and beef categories — and about 20 dairy goats are expected for this year's show.

The annual fair will reach its climax on Saturday in the annual livestock auction scheduled for 6 p.m. in the rodeo arena. As in years past, the top five animals in each of the market livestock categories will be sold, including steers, swine, lambs, broilers and rabbit meat pens.

Organizers hope that the money raised for the 4-H and FFA students exhibiting during the market animals will top last year's total of \$30,791.97.

The grand champion steer was exhibited last year by Kachel Rehbe of Spurger, and was sold for \$3,500 to E.L. Lumber Co., while the grand champion swine was exhibited by Tammy Barish of Warren and was sold for \$1,500.

## At the Village

By Dottie Johnson

What an inspiration. It's too bad that every single member of the Heritage Society, every single resident of Tyler County couldn't have been there Monday evening, when John Wilkins of Lukin addressed our bi-monthly meeting at the home of Joella and Tom Knapp. Wilkins talked about genealogy and our realigning to hold fast to our heritage and pass it on to those who follow in our footsteps.

He talked about the people who come to the Genealogy Room of the Kurth Memorial Library, which he heads, in search of their family histories and the joy of helping them find perhaps just one link to the past.

He told about the Genealogical Society in Lukin that has grown from just a handful 33 years ago to over 50 dedicated people with a sense of purpose.

"No one can provide Tyler County history like the people in this very

## Inspiration and education help

room," he told his audience, as they sat spellbound in the den of the Knapp home.

And he brought some guidelines that can be adapted to our own Library, which is already bulging at the seams just waiting for a librarian or a genealogist to make it more easily accessible to those who come to the Village for help.

From his talk, peppered with amusing anecdotes, we realized that our library provides a perfect spot for memorials in the form of a book or books, family histories and such, either old or new. Another idea, which is not new but needed resurrection, was our need not just for a librarian or a genealogist but for a Genealogical Society under the Heritage Society umbrella. Just being a member of the Heritage Society doesn't necessarily mean you're into family histories, but if you are, what better spot for you to satisfy and nurture that interest than at the Village?

Our thanks then to John Wilkins, who has invited us to visit his Ora McMillen Genealogical Room, for inspiring us, for giving us new ideas and reminding us that some of the old ones just need to be dusted off.

And thanks to Heritage Society member Bill Stewart of Lukin for bringing him to us.

What an education. And, again, it's too bad that every one couldn't have been at the Village

to hear what Alvin Holley and Woody Woods of Livingston had to say about the artifacts we have stored away that will eventually fill our new Village website newspaper offices.

Holley, of course, is publisher of the Tyler County Booster and several other East Texas weeklies as well as the Polk County Enterprise, where Woods works in the print shop.

And it was a liberal education we received, when they came a-calling last week to tell us what we had.

What we have, we knew, was a Campbell press that W.W. Gardner purchased in 1898 for his Florence office. In the early 70's members of the Gardner and Watson families gave it to Clyde Gray on a long term loan with the condition that it never be moved from the Village.

What we have, we knew, was a number of other pieces that we weren't knowledgeable enough to know what they were that we had.

Thanks to Messrs. Holley and Woods, we now know we have a Platen Press, one used for printing advertising materials, ballpoint pens and such, that could quite easily be put back into operation, they say.

What we have is a handsome Chandler's Press hand fed proof press that could be used with hand set type as a demonstration.

What we have is boxes of type that need to be sorted by someone interested in early newspapering.

What we have are a number of other pieces, drawers in which type is stored, tables on which type was locked in to place, all of which can be worked into an educational display for our visitors.

But most importantly what we have is two gentlemen with the knowledge, the interest and the willingness to give some time to informing us of the treasures we have around here, which should be displayed and how they can best be used in our continuing effort to preserve history.

Holley plans to help us track down the makers of our Campbell Press, in hopes that we can get an owners' manual to assist in its restoration, not as a working press but in its appearance.

Meanwhile, what about Woods, who supposedly retired from a life of a printer five years ago? It only took him two years to complete his wife's "honey-do" list, he told us, and then he was ready to get back to the smell of printer's ink.

Good folks, both, to have on our side.

Reading club meets at Hamm House

No sooner had we filed last week's column, in which we told of the meeting of the Reading Club at Hamm House, than we tripped over the fact that the Reading Club was doing the same, only different.

Members at Village meetings, Reading Club members were teased to an evening dinner and program at the Hamm House, where they were treated to a fine meal, music and additions and appraised of plans for that other historic home coming to the neighborhood.

Again, our pleasure and we are assured, theirs, a chance to be informed

## Homemaker Hints Consider the source of diet and exercise advice

By Sherry Jeanes County Extension Agent Home Economics

Almost every day a "new" and "better" diet or exercise plan is publicized in the media. As if we don't get enough from television and magazines, relatives and friends are always willing to offer advice about losing that extra ten pounds or getting in shape.

When you're serious about losing weight and becoming fit, you need all the help you can get. Following bad advice not only sets back your diet and fitness plans, but can also leave you discouraged at your failure.

There are three simple questions that can help you distinguish good from bad dietary and fitness advice.

Who is the source? Is the person who writes the book, or the person being interviewed on television qualified? Descriptions such as "famous" or "leading authority" can be misleading.

A degree in one field does not automatically qualify a person to write about a different field. For instance, "Dr. Jane Doe" may have a degree in child psychology, if "Dr. Jane Doe" is a physician, she may not have ever had a course in exercise physiology or nutrition.

Why was it written? Will the author or publisher gain by presenting biased information? Some diet plans may recommend massive doses of vitamins or special food supplements as a means of selling those products.

What do other experts say? Diet and exercise plans are often sold to the public on the basis of personal opinions or testimonials alone. Experts believe that the person who made the testimonial lost weight, that doesn't mean the plan would work for you. Be especially suspect of information that conflicts with that coming from other sources.

Diet and exercise information based on university or hospital research is most likely to help you be successful because it has been tested scientifically.

Excellent sources of diet and exercise information include the Texas Agricultural Extension Service, USDA, American Heart Association, and the American Diabetic Association.

## Early Learning Ladies of the club

By Darby Kethan

Funny what triggers our minds. Sometimes just a "snapshot", like last night, starts all sorts of wheels turning.

The house was old... too old to have even an indoor kitchen and was, in fact, now a museum. The women attending the meeting, however, were modern and very up-to-date in dress. Yet, just for a second, in the twilight, the group on the porch seemed garbed in the long dresses and forgotten finery of days past, gloves and hats, the fashion of women in my youth.

And I could see those before my youth, women of intelligence and caring, compassion and responsibility, gathering in homes like this one, wearing longer skirts and bonnets, all coming together as we did on this cool evening, to work and share their lives with their community.

There are many ways that women work together to serve, joining hands and lives to provide emotional, physical and financial support, most often, for programs to help children. Endless bake sales, car washes, quilts raffled, tickets sold, cookbooks and recipe sales, chili and spaghetti suppers, barbeque lunches and even brunch! Painting, nailing, planting, sanding, sharing, caring, gathering, loving, serving, giving.

What a wonderful message all this activity sends to our young people. Scholarships are received by students who never know the names of the individuals who work to raise the money which can literally change the life of the recipient through education. School children become readers as volunteers listen to them read and develop friendships enriching to both. Softball fields are built, trust funds established, libraries begun and maintained, ski trips, cultural and athletic events attended, and clothing, food, Christmas gifts, prom dresses, baby layettes and books provided through the combined efforts of caring women.

Perhaps only as adults can we truly begin to understand the breadth of women's activities, yet long before that those activities impact our lives. The most important way for any of us to feel at any time is "I'm special, I matter." For generations, women in groups have been bringing that important message to children in ways that have truly made a difference in millions of lives. Each of us can count many caring women of character who greatly influenced our lives as adults.

Those who cared enough for us as an individual, who made a place for us in their lives and who let us know we WERE special in some important way are those we remember. Whether we have young children of our own or not, as individuals or in groups, we are teaching the next generation just what caring, concerned and compassionate adults look like. It can be done "in action" by our actions. Sharing can be the most important lesson we teach. By their actions, ladies of the clubs throughout generations have taught the important concept of each doing a small bit that cumulatively changes the world.

## Readers Write Senator appreciates reception

Dear Editor:

Recently, I visited Woodville during a six city trip through East Texas as part of my Senate re-election campaign. The warm reception I received during my tour made me feel even more welcome than usual.

Many of the people I met in Woodville feel that too many politicians in Washington have lost touch. The Washington establishment has become the economic engine of this country is run by government. The people in Washington feel that our economic crisis can only be solved by reducing taxes and more regulations. Our Washington representative should come to Woodville, just as I did, to meet with the real people who are taxed and regulated, and hear their real concerns.

If they could not to Woodville, they just might run into Mayor Billy Rose who expressed great concern about unfunded federal mandates, the cost of which must be passed along to local taxpayers.

I met with small business operators who were concerned about higher taxes stifling their productivity.

I talked to people who are alarmed about the prospect of the government bureaucracy taking over our health care system and ruining it.

This campaign is not going to be about expensive television advertising. The voters will choose the candidate they feel best represents them: the honest, hard-working, taxpaying citizen.

Between now and November, I'll be visiting as many places across Texas like Woodville as I can, places where I will meet the people who make our country work. I look forward to the opportunity of hearing personally from my fellow Texans in the coming months.

Sincerely,  
Kay Bailey Hutchison  
United States Senator

## Works of God and man

Dear Editor:

Salvation is a work of God for man, and not a work of man for God. Faith, on behalf of man, is the only thing from our side that can be involved in our salvation. Rom 1:16 relates that it is of Grace no works can be involved, and if it is of works no Grace can be involved.

So the thirty plus things that happen to us at the moment of our new birth, spiritual birth, are of God.

Such as: justification, sanctification, forgiveness, imputed righteousness, eternal life, baptism of or by the Holy Spirit (I Cor 12:13), given Spiritual gifts (I Cor 12:11), blessed with all spiritual blessing in the heavens (Eph 1:3), sealed with and by the Holy Spirit (Eph 1:13,14). Time and space does not afford the opportunity to list them all.

The point is that all of these things are of God, and they are they that make me a new creature, or creation, in Christ Jesus (II Cor 5:17). The old things that pass away are those things that are limited to and by this physical life which was under the power of darkness but now has been translated into the Kingdom of His dear Son.

This does not mean that the sin nature has been eradicated, which we inherited from Adam; it does mean

Gambling proponents face 'rough row'

By Lynn-H Williams and Ed Stovling

Texas Press Association

AUSTIN — State Comptroller John Sharp says casino gambling proponents will have a "rough row to hoe" in the Legislature because lawmakers are not faced with a money crunch that helped prompt passage of a state lottery.

State leaders recently announced a \$2.2 billion surplus following the first half of the two-year budget period. Avoiding a tax increase in the next legislative session should be "a piece of cake," Sharp said.

But Jim Lee, president of the Texas Association for Casino Entertainment, said, "I'm certain they can use an extra billion dollars per biennium, which is what casinos will produce."

Lee said casino gambling would bring \$300 million to the state annually and create 70,000 direct and indirect jobs.

Last month, state Attorney General Dan Morales ruled that a constitutional amendment would be required before casino gambling is allowed in Texas.

Comptroller "Lies on Lawyers" Meanwhile, the comptroller has begun gun filing suits against the property of Texas lawyers who have not paid their \$200 annual occupation tax.

Sharp's "Operation: Make 'Em Pay" targets some 850 lawyers who have refused to pay the tax for at least a three-year period and have ignored their post-due statements mailed to them since May 16.

Records show that 8,590 of the esti-

## Spotlight on Fair Jewelers

Glen and Jeanette Williams have been in the lakes area since 1948, when they came to Jasper and opened Williams Watch Shop. They soon expanded to retail all types of jewelry, and became Williams Jeweler. In 1964 they became 'Fair Jewelers' because Williams wanted to stress that he intends to always be 'fair' to his customers.

Glen Williams is a graduate of the School of Watch Repair in Paris, Tx. He is also a World War II veteran. The couple has two daughters and five grandchildren, who also reside in Jasper. Mickey Cannon, a friend and retired school teacher, works part-time in the store.

Fair Jewelers is a licensed distributor of SEIKO waterproof watches and also offers a large selection of diamonds, pearls, gold and silver jewelry, in addition to other name brand watches. High School Seniors may visit and pick out their senior rings at the store.

## Woodville trustees okay tax hike

WOODVILLE — In the midst of some public comment, the Woodville Independent School District board of trustees last week approved a 10 cent property tax increase, and began discussion of a new process which could bring some financial relief in the coming years.

Approved by a unanimous vote, the increase will bring the district's tax rate to \$1.43 for the 1995 tax roll, 10 cents over the \$1.33 amount for 1994. "They've just about taxed us down," Billy Miles of Dam B told the trustees, emphasizing that the increase would hurt those who are on fixed incomes. "I don't think we should have a tax increase. Thirty percent of the kids in school don't care, parents don't care. I think we should look further than increasing school taxes."

Board President Charles Spurlock told Miles that his comments should be addressed at the legislative level. "By law, it's our obligation to provide the best education we can for all students," Spurlock said.

With an appeal that he labeled "just a little before you lay burden on Billy Tindel of Woodville asked the board to cut its budget and put more of the burden on Austin. "I attended my first school board meeting last month, he said. "I heard from rich, poor, old, young, all crying 'No more taxes.'"

"You people need to be looking into this before you lay burden on taxpayers. Raise Cain with the board of education," Tindel said.

Trustee Dr. Brian Babin agreed that much of the blame lies in Austin, adding that state government is putting pressure on boards of trustees; first that the state eventually wants to set local tax rates in Austin.

"We have cut the budget," continued Babin, "close to three fourths of a million dollars. This is what we feel will be an equitable deal. I'm not saying we'll never lower taxes. If we get money back from the state, I'll be the first to vote to lower taxes."

Trustee J. Tim Brown added that he wasn't ready to start cutting salaries or programs. "Are we fed up to the point we're willing to give up, we can't take it any more?" he asked. "I'm not willing at this point to consider lowering teacher salaries or lowering programs for kids."

Spurlock agreed that it was a serious problem, and encouraged everyone present to write to their legislators. "We're going to continue to work with every effort that we can to solve the problem," he said.

One of the ways in which the board will be ready to meet the situation began with their approval last week of a contract with attorneys Calame, Linberger and Graham to be prepared on an appeal of the State Comptroller's 1994 property value study. These values affect the Tier 2 funding the district receives from the state each year.

Although the state will not publish its 1994 values until December or January, Assistant Superintendent

## Woodville trustees okay tax hike

Tommy Weaver says the action was taken at this time in order that the attorneys can begin working on the appeal now. The 1994 valuations will be used to compute revenues received a year or two in the future.

"An additional benefit starting this appeals process is the possibility of recovering some lost revenue," Weaver stated. "We may possibly go back and appeal our 1995 values — by requesting an audit of them." The 1993 values were used in computing the state's 1994 values for WISD to be even lower than last year's.

Calame, Linberger and Graham will do the legal work on a contingency basis, meaning that they will charge no fee unless the district receives additional funding based on the appeal. The fee charged will be 0% of any additional funds received by the district.

Other discussion  
Grady Holderman discussed the condition of the road leading from North Beech street to the parking lot where the band hall is located. "It's a private road not a city road," Holderman said. "It needs to be widened; it's not safe for buses to use that road on an everyday basis."

Discussion included the addition of a center stripe, and the removal of brush which blocks the view of oncoming vehicles.

Other business  
Approved Woodville High School band trip to be taken April of 1995. The trip, which will be funded by Woodville Band Boosters and students, will be the first trip since the summer of 1991.

Approved Campus Improvement Plans.

## Woman, two sons arrested

WOODVILLE — A disturbance reported at Woodville High School last week set off a series of events which, like falling dominoes, ended with the arrest of a Woodville woman and her two teenage sons.

According to Woodville Police Chief Scott Yosko, officers were called to Woodville High School on Thursday, Sept. 22, regarding an incident in which a young, female student was reportedly assaulting a male student.

During the course of the investigation, officers questioned Demond Sargent, 17, and subsequently learned that an arrest warrant had been issued charging him with burglary.

Sargent was arrested and taken to the Tyler County Jail.

Yosko said that later that day, the female student who was the victim in the alleged school assault was walking with her mother when Lois Jean Sargent, 36, mother of Demond Sargent, confronted them and threatened the girl for having her son arrested.

"The thing was, the girl had nothing to do with having him arrested. He was arrested because the county had issued a warrant," Yosko said.

The incident was reported to police on Friday, Sept. 23, and a warrant was issued charging Lois Sargent with retaliation, a third degree felony.

On Saturday, when officers arrived at the Sargent residence to serve Lois Sargent with the arrest warrant, another of her sons, Derrick Sargent, 19, reportedly became irate and began cursing the officers.

## Meetings/Events

### Dog show included in fair

WOODVILLE — The Annual Tyler County Dog Show will be held from 3:30-4 p.m. Saturday, Oct. 1, at the 4-H and PFA Rodeo Arena ground in conjunction with the Tyler County Fair. The entry fee is \$1 with registration beginning at 3 p.m. Entry classifications will include the smallest, shortest tail, curliest tail, ugliest, most character, smartest, best trained, cutest and best dressed dog of show. Ribbons will be awarded to the winners.

### Class of '69 reception planned

WOODVILLE — The Kirby High School graduating class of 1969 will be having a 25-year reception as part of the Woodville High School homecoming activities on Friday, Oct. 7. The group will participate in the homecoming ceremonies prior to the Woodville-Kountze football game with the 1969 graduates meeting at the east end of the Woodville Eagle Football Stadium at 6:30 p.m. The reception will be held following the game. For more information, contact Lynette Grimes at (409) 283-7600.

### Firemen to host barbecue

WOODVILLE — The annual barbecue dinner hosted by the Woodville Volunteer Fire Department will get underway at 4 p.m. Friday, Oct. 7 at the Woodville Fire Station. Carryout dinners will be available.

### Schools set open house

WOODVILLE — Wheat Elementary School and Woodville Intermediate School are hosting open houses from 6:30-7:30 p.m. Thursday, Sept. 29. Parents are invited to meet homeroom teachers and receive their child's report cards. A Scholastic Book Fair also will be held in the elementary school library with proceeds being used to purchase new books. "Hug-A-Bear" will be at both schools to give out hugs and PTA officials will be on hand to sign up new members and volunteers.

### Senior citizens breakfast set

WOODVILLE — The Single Senior Breakfast Club will meet for a Dutch treat breakfast at 8 a.m. Saturday, Oct. 1, at the Woodville Inn.

### Talent show planned Saturday

WOODVILLE — The monthly County & Talent Show hosted by the Opera House in downtown Woodville will be held Saturday with a variety of acts featuring local performers on the schedule. The show kicks off with a "jam session" at 3 p.m. with the program getting underway at 6:30 p.m. Admission is free. A dinner buffet will be served from 6-8 p.m. Highlighting this month's program will be a drawing sponsored by the newly formed SouthEast Texas Artist Association. Prizes include free lunch buffets at the Opera House, tickets to the upcoming production of "The Last Chance Saloon"; and an "Inmaria" wood piece by local artist Troy Taylor. Taylor was recently featured in a segment on KFDH Channel 6 News. All proceeds from the drawing will benefit the association, according to President Pay Taylor. For information about the show, contact the Opera House at 283-7803.

### Camp Fire reunion set Oct. 9

WOODVILLE — Men, women and families who have been a part of the Camp Fire program since its organization in 1939 are invited to a reunion of Camp Fire alumni and friends set for Oct. 9 at Camp Niwama, located five miles west of Woodville. The reunion, which includes a covered dish dinner, is scheduled for 1-4 p.m. and will include participation from persons who reside in Tyler, North Jefferson, Hardin and Jasper counties. For more information, call the Camp Fire office at (409) 832-3402.

### Coward reunion slated Oct. 1

WOODVILLE — There will be a Coward Family Reunion Saturday, Oct. 1 beginning at 10:30 a.m. at the Woodville Lions Club. Family and friends are asked to bring a covered dish.

### Jam session planned

WOODVILLE — The Woodville Volunteer Fire Department has extended an open invitation to area country-western musicians to participate in a fund-raising jam session to be held at a date which is yet to be announced. Proceeds from the event will go to the fire department. Interested persons are asked to call Sam Givens at 283-3170.

### Hospice volunteer training set

WOODVILLE — Hospice in the Pines of Lufkin will sponsor a volunteer training session at the Woodville United Methodist Church from 10 a.m.-4 p.m. on Oct. 10, 11 and 12. The training is free of charge and is designed to teach volunteers how to help serve patients in the Woodville area. Persons who would like to be a part of the Hospice in the Pines organization are invited to attend.

### Firemen sponsor newsletter

WHITE TAIL RIDGE — The White Tail Ridge Volunteer Fire Department will be sponsoring a monthly newsletter for residents of White Tail Ridge. Each issue will feature meeting announcements, fund raisers, fire department training updates, fire safety tips, community news, kids' activities and a recipe of the month. Circulation of the newsletter will begin with an October issue, and will be ready for distribution on the last Wednesday of each month. Residents may pick up their copy of the newsletter each month from the mailbox which is located in front of the marquee sign at the fire department on White Tail Ridge Road. Editor Deborah Toussa and assistant editor Melba Siebe would like to encourage all of the community's residents to send in their questions, comments, news and recipes to White Tail Ridge VFD, THE REAL DEAL, 160 White Tail Ridge, Woodville, TX 75979.

## Chamber dues increased

WOODVILLE — In an effort to provide additional funds to pay for increased salaries, the Tyler County Chamber of Commerce has approved increases to its 1995 membership dues structure. During the chamber's regular board meeting Monday, chamber President Bob Belt said the additional money would help fund the change from a part-time to a full-time chamber secretary to man the tourist information office. "With the demand on the chamber for extra services, it was necessary to go to the full-time situation," Belt said. "And with the full-time employee, it is necessary to increase dues to help offset the cost." Belt noted that Missy Ogden, the chamber's secretary, also will be working to increase chamber membership which in turn will generate more income for the organization. In his report, Belt noted that during the coming year, the City of Woodville will be allocating an additional \$3,600 from its motel tax revenue to help the chamber with its office expenses, including the increased salary for the full-time secretary. Under the new dues structure, individual memberships will increase from \$25 per year to \$30 per year in 1995. Members with 3 or fewer employees will pay \$50 instead of \$40 and those with between 4-12 employees will pay \$90 instead of \$75. Belt noted that these three categories constitute the bulk of the chamber membership which include nine individuals, 91 of 3 or fewer employees and 28 of 4-12 employees. The rest of the dues structure calls for businesses with 13-24 employees to pay \$140 instead of last year's \$115; businesses with 25-50 employees to pay \$180 instead of last year's \$150; businesses with 51-100 employees to pay \$240 instead of \$200; and businesses with 101 or more employees to pay \$270 instead of \$225. Belt said the increase is expected to raise revenue by \$1,930 during 1995.

## Woodville's new garbage rates take effect Oct. 1

WOODVILLE — A schedule of new city garbage rates which go into effect Oct. 1 was mailed by a letter signed by City Secretary Don Shaw and continued the charges for both residential and commercial city garbage customers. Shaw told the council at an earlier budget hearing, "That the city is going in the hole because of solid waste fees at the Angelina County Landfill where Woodville pays to deliver its refuse." Here is the new garbage fee schedule: RESIDENTIAL: from \$11 increased to \$12, limit two 32 gallon containers per pickup. COMMERCIAL: \$80 increased to \$100 for 5-day dumpster pick-up. COMMERCIAL: NEW 3-day dumpster service pick-up offered, \$148. COMMERCIAL: \$55 increased to \$80 for 2-day dumpster pickup. COMMERCIAL: 2-day commercial pickup/limit four 32 gallon containers per pickup. No fee change from \$25. COMMERCIAL: \$35 increased to \$40 for 3-day commercial pick-up/limit four 32 gallon containers per pickup. COMMERCIAL: \$50 increased to \$60 for 5-day commercial pick-up/limit four 32 gallon containers per pickup. POWER TEAM here Sept. 28-Oct. 2  
WOODVILLE — One of the world's greatest exhibitions of power, strength, speed, inspiration and motivation known as "The Power Team" will perform nightly exhibitions in the Kirby Auditorium at 505 N. Charlton beginning at 7 p.m. each evening from Wednesday, Sept. 28, to Oct. 2. A \$2 door donation is requested. The Power Team is being sponsored by the First Baptist Church of Woodville. The Power Team will offer various demonstrations on the team's individual and group strength as a means to spotlight the message they carry. The Power Team exposes the dangers of using and abusing drugs and alcohol, the seriousness of teenage pregnancy, and suicide not being the ultimate high. The group has performed in over 4,000 high schools across the nation and has been recognized by the White House as one of the leading anti-drug and alcohol messages in the country.

## Eagles thrash Wildcats in first game of district play

By Cathy Allen  
Sports writer

WOODVILLE — The Woodville Eagles showed "no mercy" last Friday night, thrashing the Kirbyville Wildcats up and down the field, and down the other. The home team played better, working together and playing harder than they had — it

started last week, but this week, and tonight we saw them really come together. They're effective," said head coach for the Eagles, Craig McGillion. "It'll be a big game, we're looking forward to it," said McGillion. "That's what makes Friday night football what it is, these big games. It will be a good one."

The Kirbyville Wildcats stalked into Eagle territory in the first quarter of play last Friday night, and were positioning themselves to score when Wildcat player Tremaine Hadnot slipped after taking a hand-off from quarterback Jerome Allen. He fumbled and the Eagles quickly recovered on their own 33 yard line.

On first and 10 from the Eagles 32, Eagle quarterback Larry Thomas pitched back to Anthony Hiest, who managed to slip through the Wildcats defensive line, and pick up 30 yards before he was brought down by the Wildcats' Jason Seale and Ashley Elliott at their 33 yard line.

A few ground plays followed, and on third down Thomas failed to connect with his running back on a hand-off and the ball was loose. Thomas caught it quickly and threw himself on it to spare the Eagles a turnover, and to keep the drive alive.

Thomas dropped back to pass on the next play and connected with Darrell Throver on the Wildcats' 23 yard line.

Aubrey Jackson who proved to be a determinative force in the game, handled the ball next to bring play in to the 10. On first and goal Thomas managed to slip through the Wildcats' defense and pick up 30 yards before he was brought down by the Wildcats' Jason Seale and Ashley Elliott at their 33 yard line.

On third down from the two, Jackson broke through the defensive front to put the Eagles on the board first, for six. The extra point kick looked good until one of the Wildcat's defensive linemen jumped up to successfully block it.

The Wildcats put together a retaliation drive from their own three yard line that brought them out to midfield before Kenyia Williams and Kevin Adams combined to stop them and force a punt.

The Eagles took possession with 10:30 to go in the first half. On first down and 15 to go, Jackson broke tackles and pushed through to the 30, where he was brought down on the next play for a loss of two.

Thomas then pitched back to Anthony Hiest, who managed to slip through the Wildcats defensive line, and pick up 30 yards before he was brought down by the Wildcats' Jason Seale and Ashley Elliott at their 33 yard line.

On third down from the two, Jackson broke through the defensive front to put the Eagles on the board first, for six. The extra point kick looked good until one of the Wildcat's defensive linemen jumped up to successfully block it.

The Wildcats put together a retaliation drive from their own three yard line that brought them out to midfield before Kenyia Williams and Kevin Adams combined to stop them and force a punt.

Thomas then pitched back to Anthony Hiest, who managed to slip through the Wildcats defensive line, and pick up 30 yards before he was brought down by the Wildcats' Jason Seale and Ashley Elliott at their 33 yard line.

with Beldon Charpentier breaking through the Eagles defensive front for a ten yard gain, which brought play to the 39, where Darrell Throver had a touchdown. Tremaine Hadnot picked up another first down on the next play, with an eleven yard run to the 50.

Kirbyville quarterback Jerome Allen connected with Kevin Nulton on a thirty yard pass, who ran for another seven before he was brought down at the Eagles 13. The Wildcat's picked up another first down on the next play, bringing up first and goal from the three. Kirbyville's Tremaine Hadnot brought in the touchdown on second down. A successful pass to Blucetti and the Wildcat's had converted for two more points, bringing the final tally to 26-0.

Aubrey Jackson had an outstanding night as usual, with 150 rushing yards, and two touchdowns to show for his efforts. "He's making great strides in becoming a real back, playing multiple positions in the backfield, being a pass receiver, blocking, he's making a lot of refinements, and we're excited about the progress of this talent," boasted McGillion.

Frank Foster deserves a mention as well, as he banged out 11 tackles, and also managed to force a fumble early in the game. Sophomore Brad King had nine tackles and a sack, proving he is someone to take note of as an up and coming player.

Next week's kick-off will be at 7:30 in Newton.

The ball was fielded at the Wildcat's own 23 yard line where they began their drive-saving drive. The Wildcat's pulled off a third down conversion

TD PUSH — Aubrey "Rip" Jackson powered over the goal line for another Woodville Eagle touchdown Friday night despite the efforts from Kirbyville Wildcat defensive player Vandy Smith. Woodville came away with a victory over Kirbyville with a score of 26-0 and will meet Newton this week for their second district game.

## Cross country track meet held at Lake Tejas

By Cathy Allen  
Sports writer

COLMESNEIL — The first "Lake Tejas Invitational" cross country track meet, organized by Coach Mike Lannon of Colmesneil High School, took place Sunday at Lake Tejas, just south of Colmesneil. This race may turn out to be an annual event.

Twenty-three East Texas schools participated in the event, which was open to both boys and girls from the varsity, junior varsity and junior high levels. Over three hundred students competed in the races, which were a test of both speed and endurance.

Woodville, Colmesneil, Chester and Warren schools were represented in the three-mile varsity boys race. Representing Warren were Jason Hicks who placed seventh out of 73 entrants, Jason Ferguson, Shawn McCombs and Daniel Davis. For Woodville were Bobby Tolar, Kyle Simpson, Seven and Anthony Hadnot and Martin Macdonald. Chester was represented by Bob Jewell, Jake David, Toby Toler and Yousef Jefferson. Running for

Colmesneil were Duane Porter, Clayton Foreman, Todd Stephens and Josh Schulte. In the junior high girls race, Woodville, Colmesneil and Chester were represented. For Colmesneil, Jennifer Pittman who placed first in district last year, placed 13th on Saturday, followed closely behind by Rachel McKinney, who came in 19th out of 76 runners. Also representing Colmesneil were Chelanie Shulls, Tasha Buckner, Rochelle Daniels, Keisha Brewer and Sharla Mae Gintals.

In the same category representing Chester were Adrienne Bryan, who placed 20th, Brandi Williams, Cheryl Park, Angela Johnson and Lita Richardson. For Woodville, Ashley Allison, Kirten Babin, Latesha Mitchell, Kelli Larson, Stefani Byron and Brandi Nagypal.

In the junior varsity girls' two mile race Heather Flowers, Karen Pentecost, LaKisha Jones, Amanda Fowler, Leslie Taver and Stephanie Tompkins represented Colmesneil, while Cassandra Foster, Lauren Byson, DeAndrea Ford, and Velvet Kibler came out to represent Woodville.

Colmesneil was the only local school represented in the junior high girls race, which was won by Alicia Fowler placing 18th out of 68, and Raven Smith, Kelly Gallagher, Jennifer Reynolds, Gunita Davis, Miranda Chesney, Bridgette Snider and Angie Wood also coming out to run.

There will be another cross country meet this Saturday, starting at 9 a.m. in Huntington.

## Colmesneil Bulldogs 'slicker' than the West Hardin Oilers

By Cathy Allen  
Sports writer

COLMESNEIL — The Colmesneil Bulldogs thrashed the West Hardin Oilers last Friday night, sliding through the Oilers' defense for a decisive score of 42-0.

Colmesneil fielded four at 141 yards on their own half, and 25 yards on the other half from the entire Oilers' offense was able to scramble for a touchdown.

The Bulldogs will play Shelbyville, who defeated West Sabine last Friday night by a score of 16-0. The team's final 11 for the season so far.

The West Hardin Oilers will be the final non-district game for the Bulldogs, but prospects for a good competition.

The Oilers will begin district play next week against Apple Springs, who like the Bulldog's, remain undefeated so far this season.

The Bulldog's were picked as 33 point favorites in the game last Friday night against the West Hardin Oilers. It didn't take long for them to show why.

The Oilers fielded the opening kick-off and it was one-two-three-punt, to the Bulldog's 35. Six plays with the Bulldog's noses to the ground brought them 25 yards to the Oilers 40.

Lee Van Brewer then dug a hole and broke through for the first score of the night, with five more for the Bulldog's to follow. The extra point kick was blocked.

The Oilers took possession and only gained 14 yards before they were stopped. On third down to 10 to go, J.R. Pittman attacked the Oilers' quarterback for a loss of six, forcing the punt.

The Bulldogs fielded the punt near mid-field, and with the help of a 26 yard run by Herman Allen, drove back to the Oilers 15. Then, on first and 10, Van Brewer bullied his way through the defensive front to score. Allen shot a bullet to Ronnie Douglas down in the deep right corner of the end zone to successfully convert, picking up two more Bulldog points.

With still 6:14 left in the first quarter, they fumbled on their own five yard line early in the third quarter. Ray Dobbin recovered the fumble for the Bulldog's, setting up first and goal from the five.

Greg Braun brought that one through for six, and Greg Pittman caught a pass from Allen for two more Bulldog points.

The Oilers should invest in some GO-JO before they play again this week, they're a bit too "slick" to hang onto the football. They fumbled again on their 14 yard line this time, setting up another Bulldog score. On the third play, Ray Dobbin carried it in six yards for the final Bulldog score. The Oilers were 27-7 Bulldog's.

The second half of the game didn't bring any better fortune to the Oilers. They fumbled on their own five yard line early in the third quarter. Ray Dobbin recovered the fumble for the Bulldog's, setting up first and goal from the five.

Greg Braun brought that one through for six, and Greg Pittman caught a pass from Allen for two more Bulldog points.

The Oilers should invest in some GO-JO before they play again this week, they're a bit too "slick" to hang onto the football. They fumbled again on their 14 yard line this time, setting up another Bulldog score. On the third play, Ray Dobbin carried it in six yards for the final Bulldog score. The Oilers were 27-7 Bulldog's.

Next week the Bulldog's will tackle Shelbyville at home in Colmesneil. Kick-off will be at 7:30.

## Pirates pilfer 21-20 victory over Chester Yellowjackets

By Cathy Allen  
Sports writer

DEWEEVILLE — The Pirates came out hot last Friday night despite being projected as 21 point underdogs. The Chester Yellowjackets showed that they were not to be underestimated in their district competition despite their slow start this season.

The Pirates were doing, well, we're doing well," said Steve Park, Chester Yellowjackets head coach. "Our younger players are really coming together and playing well. We're getting better every week."

The Pirates will have an extra week of practice before their next game which will be played at High Island. This game will be their first District 24A

contest, and will be the proving ground for the Jackets' recovery from their district game slump, should have. "We've got two weeks to prepare for High Island. We'll spend that time on the fundamentals, getting ready for the playoffs," said Park. "We're expecting such a fight, and we're most excited."

"The game didn't start out flat at all, the action was alive in the first quarter when the Pirates fumbled on their own 20. The Jackets recovered and were set up for their first score of the night, their fourth touchdown of the year. Dimpsey Paire broke through the Pirates' defense to pick it up from the eleven yard line. The extra point kick attempt was no good.

The Pirates fielded the kick-off and

defensive team, and they played a good game. While our boys didn't execute as well as they should have, they did a good job of hanging in and coming back to win."

"Our boys came out flat," said an observer. "They were expecting such a fight, and we're most excited."

## Newton Eagles devour Warriors 48-0

By Cathy Allen  
Sports writer

WARREN — There was no stopping the Newton Eagles last Friday night as they rolled to a 48-0 victory in the District 21-A game with six touchdowns from a 10-0 lead.

While Newton remains undefeated with a 10-0 record, the Warriors are still looking for their first win.

The Warriors' offense had big plays to help them lead early in the game. Newton scored on a 64 yard run by Jason Hill, one of the first plays of the game. Shane Fugick kicked the extra point and the score was 10-0.

The Warriors managed to pick up two first downs on their first possession, but were held from a third and three point play on the next play.

Newton scored on a 64 yard run by Jason Hill, one of the first plays of the game. Shane Fugick kicked the extra point and the score was 10-0.

The Warriors managed to pick up two first downs on their first possession, but were held from a third and three point play on the next play.

Newton backs as they broke into the secondary. DuBose said, "Steve has tremendous ability, and he improves each game as he learns more about what he can do."

The Warriors will play at Kountze next week. Kick-off will be at 7:30.

**Undefeated JV Eagles roll over Wildcats 18-8**

By Josh Perilli  
 KIRBYVILLE — The Woodville Eagles junior varsity team won their first district game against the Kirbyville Wildcats in Kirbyville Thursday by a score of 18-8.  
 Woodville received the kickoff on the one yard line. Running back Robert Adams made two consecutive first downs giving the Eagles decent field position.  
 The Kirbyville defense picked off a pass to set up a touchdown run by Richard Gifford, who also ran in the two-point conversion, making the score 8-0, in favor of the Wildcats.  
 On Woodville's next possession, Matt Key picked up a fumble on the 47 yard line for Kirbyville.  
 Kirbyville had to give up the ball on a fourth down penalty to the Eagles on their 23 yard line.  
 In the second quarter, after a long drive by Woodville, Chris Smith intercepted a pass by quarterback Charlie McCullough in the end zone.  
 Robert Hargrave recovered a fumble, regaining possession for the Eagles. This set up a 15 yard touchdown break by Carlos Goodman. After a failed extra point attempt the score was 8-6.  
 On Woodville's next drive McCullough sparked the offense with passes to Rob Adams for over 25 yards. McCullough then passed from the 40 yard line to Armond Gregory for his second touchdown reception of the year.  
 "Big" Tim Dennis hit the Wildcat receiver hard after the kickoff.  
 Halfway into the third quarter, Adams was hit hard after snailing a punt for a 15 yard personal foul. Kirbyville was called shortly after for another personal foul, giving Woodville plays Bona in Woodville.  
 Next Thursday, undefeated Woodville plays Buna in Woodville.

**Junior Bulldogs giving their all**

Colmesneil — The Bulldogs of Colmesneil Junior High are putting forth a great effort in hopes of living up to the Bulldog reputation. The team is composed of seventh and eighth grade students who despite their 0-2 record so far this year promise to be a tough team in games to come.  
 The Bulldogs were defeated 12-6 last Thursday in a close game against the West Hardin Oilers.  
 Play started with Roderick Douglas fielding the opening kick-off and returning it 70 yards for a Bulldog touchdown.  
 Douglas flanked his skill with two other big runs last Thursday night, one for 50 yards, and one for 30. Douglas was also a key player for the defense, along with Billy Dykes, Joel Rogers, Blake Belt and Daniel Bishop, according to Coach Rodney Haught.  
 "We've made alot of improvements, we've kept working hard and I'll keep on that way," he added. "The boys have a good attitude and they're representing the school well. I'm proud of these Bulldogs."  
 Josh Brown and Mark Guerrero alternate plays as quarterback while Bobby Harris, Joel Rogers, Daniel Bishop, Kevin Pentecost, and JC Reagan make up the young, but promising offensive line.  
 The junior high Bulldog's will play Shelbyville on Thursday.

**Warriorettes wipe out Ponies**

WARREN — The Warren Junior varsity Warriorettes took first place in their own tournament Saturday, Sept. 24. Grabbing All-Tournament for the JV team are Christina Graham, Amanda McInnis, Kaitie Caubhen and Mandy Address.  
 The Warriorette freshman also won, taking second place. All-Tournament honors went to Melissa Mison, Crystal Leverett, Suzan Lewis and Betty Cerose.  
 Both the varsity and junior varsity teams are getting ready to play Kourze on Saturday. It will be a challenge they say they are ready for.

**Kirbyville 7th grade defeats Eagles 28-16**

KIRBYVILLE — The Woodville seventh grade football team came up short in the district opener against Kirbyville, losing by a score of 28-16.  
 Highlights for the Eagles include a 75 yard touchdown pass from QB T.J. Thomas to TE Drew Nix. Thomas scored the two point conversion on an option play to the right.  
 Tee Washington scored on a 60 yard scamper around the right side. Tory Foster scored the two point conversion on a base dive play to the right behind the blocking of Earl Foster, Clifton Lynn and Mike Dehner.  
 Defensive standouts for the Eagles included DT Justin Scott, FS Trey Seales, DE Jeremy Hall, DE Jeremy Luce and NGS Kenneth Russell and Jeremy Grimes.  
 The Eagles record now stands at 1-1.

**Eagle eighth grade falls to Kirbyville**

KIRBYVILLE — The Woodville eighth grade football team played a hard-fought battle against Kirbyville despite a 24-14 loss.  
 The Eagles were down 16-0 early in the first quarter but they scored in the second quarter when Kevin Mitchell caught a swing pass from AB Lane Weaver and ran 50 yards for the touchdown.  
 The Eagles were down 16-6 at half-time and at the beginning of the second half Kevin Mitchell scampered around the left end 67 yards for another Eagle touchdown. Daniel Battise added a two point conversion on a three yard drive up the middle.  
 The Eagles scored a go ahead touchdown in the third quarter, but had it called back on a penalty.  
 Kirbyville scored once more to put them ahead 24-14, but the Eagles were not finished. When the last second ticked off the game clock, the Eagles were on the Wildcat 1/2 inch line, ready to score once more.  
 Outstanding defensive players for the Eagles include DB Shelton Thomas with an interception, DE Jimmy Scott, DE Matt Saterwhite, LB Kevin Mitchell with a "big hit", LB Daniel Battise, LB Jared Odum, DTs Anthony Adams, John Henry and Lynn Shane, NG DJ Williams and DBs Cody Spella and Chris Loftin.  
 The Eagles record now stands at 1-2. Their next game is at Newton on September 28.

The deadline for placing classified advertising in The Tyler County Booster is 3 p.m. on Mondays.

**Founder's Day, Centennial Celebration set Sunday**

-Mt. Carmel Baptist marks 120th anniversary, 100 years in current building-

MOUNT CARMEL — The Mt. Carmel Baptist Church will hold its Founder's Day and Centennial Celebration this Sunday, Oct. 2, beginning with worship services at 11 a.m. and continuing with a Worship in Praise activity at 2 p.m., said the Rev. Jack Lewellen, church pastor, who, as pastor, has served that pulpit since February, 1965.  
 There will be special music, a reading of a historical report and a word from B.C. McCoy, director of missions of the Sabine-Neches Area. Special music will be sung by David and Druzilla Woods. Lewellen and his daughter, Marie Winters, also will provide a musical offering.  
 Lewellen, who has been the church's pastor since February 1965, said that when he accepted the call to serve Mt. Carmel Baptist, the thing that struck him most about the church was its membership.  
 "I believe the thing that impressed me most about the people was their sincere contentment and appreciation for the things they had, however humble the setting, and for the willingness on their part to acknowledge God as the source of it all. The humble spirit of these simple and very common people made me proud to be their new pastor."  
 The exact date of the construction of the Mount Carmel Church on Rawls Creek near the Davis Cemetery is unknown. The first church report to the New Bethel Baptist Association came on Oct. 3, 1874. Representing the church at delegates were Pastor J.C. Hensarling; W. M. Payne, church clerk; and members R. Ray and J.J. Rawls.  
 Church records indicate that 13 members were received by letter, seven by baptism, for a total of 20 members. Services were held on the third Sunday of the month.  
 The present building was constructed in 1894. The huge timbers used for the foundation were brought to the site on a logging wagon. Recent inspection of the timbers revealed that they were totally intact, dry and pest free.  
 Most 1897-1903 members were used to support the beams. When the building was remodeled in 1965, some of the beams were removed and in recent years these stones were placed in the flower beds near the front of the church.  
 The church was moved from the original location on Rawls Creek to make it more accessible and nearer the center of the community. John Henry Kirby conveyed the land on Sept. 8, 1894 to the Mount Carmel School District No. 28 in Tyler County.  
 In the beginning the church was used for school as well as worship. Church services were alternately used for Methodists and Baptists. The school land was deeded to the church in 1949 and is directly adjacent to the present church to the south. Kirby also deeded the two acres of land where the church had been built, to Mount Zion Church by petitioning letters to become a part of the New Bethel Association.  
 The budget for 1995 reflects that the pastor's salary was \$40 per month. The budget also allowed for \$2 for a cooperative program; \$1.50 for lights; \$4 for home missions; \$1.33 for Sunday School literature; and 70 cents for the Baptist Standard.  
 Noel Rawls, the oldest living member of Mt. Carmel Baptist Church, was born in 1903 and he was reared in the Smith Ferry-Mount Carmel area. Rudolph and Margaret Smith built the ferry on the Neches River and thus the church received its first name.  
 When the people decided to move the church to make it nearer the center of the community they decided also to name it Mount Carmel. People were most often baptized at Smith Ferry. The first sermon at Mount Carmel on June 27, 1915, paid \$2.01.  
 With Lewellen serving the church the longest (since 1965), the following is a list of pastors beginning with its first: J.C. Hensarling, 1874; S.E. Mann, 1886-1891; G.W. Carter, 1891-1892; J.E. Duff, 1892-1893; B.A. Willis, 1893-1895; J.C. Fendren, 1896; R. Large, 1897-1903; J.E. Dudley, 1903-1905; Swearingen, 1904; J.E. Dudley, 1905-1912; R.A. Huff, 1913; C.P. Fortenberry, 1914; T.J. Campbell, 1915-1918; A.T. Nash, 1921.  
 Also serving were: J.E. Pentecost, 1926-1928; J.R. Campbell, 1929; R.E. Tate, 1932; C.H. Clyburn, 1934-1937; Jack Minyard, 1938-1939; B.F. DuBois, 1940; R.L. Pope, 1941-1942; Bergen Dean, 1943; Jack Lee, 1944-1947; George Youngblood, 1949; Billy Bridges, 1951, 1952, 1954 and 1955; Thurman Patrick, 1956; Ernest Johnson, 1957-1958; Bro. J.A. Kidd, 1958; J.L. Rozen, 1959-1960; Charles Brown, 1960; Pat Monroe, 1961; and Thomas Vandygiff, 1963.

CENTENNIAL — Members of the Mt. Carmel Baptist Church located off RR 255 east of Colmesneil will celebrate Founder's Day and hold a centennial celebration Sunday, Oct. 2 beginning with the morning worship service at 11 a.m. The church building, which was remodeled in 1965, was originally built in 1894.

**Roberts returns from Haiti**

NORFOLK, Va. — Navy Fireman School joined the Navy in September 1991.  
 Daniel W. Roberts, son of Gayle Roberts of Spurger, recently returned from operations off the coast of Haiti aboard the amphibious assault ship USS Inchon, home-ported in Norfolk, Va., as the lead ship of its four-ship Amphibious Ready Group.  
 While deployed, USS Inchon operated in support of Operation Support Democracy, the United Nations sanctions aimed at restoring democracy to Haiti.  
 The Inchon Amphibious Ready Group was relieved by the amphibious assault ship USS Wasp and several other ships which are now deployed to augment the international forces already in the Caribbean.  
 The 1991 graduate of Spurger High School joined the Navy in September 1991.  
 The 1991 graduate of Spurger High School joined the Navy in September 1991.

**\* ELC partially approved**

by a margin of 344 to 132 or by 72.3 percent. Although a majority of those voting favored ELC to and from both Warren and Spurger, because the vote margin fell below the 70 percent mark, the service will not be available at this time.

**\* Response**

was apprehended but the second suspect managed to evade police. Beede was placed in the Tyler County Jail in Woodville and was subsequently transferred to Jasper County.

The second suspect was almost captured during the manhunt, but managed to break away and escape. Hennigan noted that a number of people have asked why didn't officers use their weapons to stop the man.

"Our officers are trained regarding what type of force should be used in a given situation and this definitely was not the time to use deadly force. The man was wanted for auto theft, which under the new penal code is an automatic probation offense," Hennigan said.

The sheriff also voiced his thanks to the people of the Dam B area for their help in watching for the suspects being sought in the manhunt. "In many instances, the citizens of our community can be our eyes and ears and provide valuable assistance to law enforcement officers," he said.

Hennigan noted that agencies involved in the two-day search included the Tyler, Jasper and Hardin county sheriffs departments; the Woodville and Jasper police departments; Tyler County constables; Texas Parks and Wildlife Department game wardens; DPS departments from Woodville, Jasper, Livingston, Bama and Kirbyville; the Southeast Texas Narcotics and Intelligence Task Force; the Texas Department of Criminal Justice; the U.S. Customs Service; and Civil Air Patrol.

Hennigan said it has been one of his priorities to maintain strong working ties with other agencies to insure that when cooperation is needed, things can move smoothly forward.

"We had one Dam B citizen call in saying he was not only amazed at the number of officers who had on the scene, but was surprised by the various law enforcement agencies that were here. He said he appreciated us staying with the situation until it was complete," Hennigan said.

"I think this should really show the citizens of Tyler County the vast amount of support that can be generated from law enforcement agencies in adjoining areas. It shows that county, state and federal agencies can work together."

**\* Jobless**

brightening during August, TEC's report also shows that the labor statistics statewide also were improving. The state's unemployment rate dropped from 6.8 percent in July to 6.2 percent in August. The new Texas rate is identical to the April 1994 rate, which was the lowest for the state in three years.

TEC Chairman Eddie Cavazos said the decline comes as a result of Texas employers creating 21,600 jobs last month.

"Texas business is expressing confidence in our state's favorable economic climate," Cavazos said. "Texas is experiencing good, solid job growth. We expect this improved employment rate to continue through the winter."

Trade and construction industries combined experienced a net increase of 14,800 jobs during August. The largest employment growth occurred in the government sector, solely in public education. That industry created 8,300 jobs.

All of the state's metropolitan statistical areas (MSAs) experienced a drop in unemployment during August. The area with the lowest rates is the Bryan-College Station MSA at 3.3 percent, followed by the Austin-San Marcos MSA at 3.6 percent and the Amarillo MSA at 4.0 percent.

The three MSAs with the highest jobless rates were the McAllen-Edinburg-Mission MSA at 15.8 percent, the Brownsville-Harlingen MSA at 10.4 percent and the Beaumont-Port Arthur MSA at 9.4 percent.

August's rate for other East Texas counties include:

COUNTY	AUG.	%
Angelina	6.4	-0.9
Hardin	7.3	-1.0
Jasper	10.3	-1.2
Jefferson	8.6	-1.2
Liberty	8.5	-1.4
Nacogdoches	7.3	-0.2
Newtown	12.3	-0.4
Orange	12.4	-0.9
Polk	6.7	-1.1
Smith	7.2	-1.5
San Augustine	6.2	-0.3
San Jacinto	5.2	-0.7
Shelby	7.1	-0.8
Trinity	10.3	-0.4
TYLER	3.8	-1.5
Walker	7.5	-0.1

**Hennigan earns master certification**

WOODVILLE — Tyler County Sheriff Gary Hennigan has been awarded a Master Peace Officer's Certificate by the Texas Commission on Law Enforcement Officer Standards and Education in Austin.

The master certificate is the highest certification awarded by TLEOSE and has been given to only a handful of officers in Texas.

Prior to Jan. 1, 1991, the highest certificate awarded to peace officers in Texas was the Advanced Certificate. Since that date, the state has begun awarding the higher certificate to the few Texas officers who qualify.

Hennigan holds an associate degree from Panola College and a Law Enforcement Instructor Certificate from Kilgore College. He has 29 years of experience in law enforcement, including 22 years of service as a Texas Department of Public Safety trooper.

Hennigan has served as the Tyler County sheriff since 1989 and has made more than 1,600 hours of law enforcement training.

Warren by a margin of 227 to 178 or 56 percent, and to Spurger by a margin of 228 to 183 or 55.5 percent.

"There were a total of 1,013 ballots sent out and 492 were returned," Ricson said. "That's roughly a 50 percent return and, based on other elections, is a pretty respectable number."

Earlier this month, the PUC announced that Warren telephone customers had approved ELC service to and from Woodville, Spurger and Kountze.

Customers in the Chester exchange are now voting on ELC service to and from Corrihan and Woodville, although should the Woodville service be approved, it will take an order from a U.S. District Court to implement it.

The problem is that Chester and Woodville are in different Local Access and Transport Areas (LATAs) which means calls to and from Chester and Woodville are routed through both Houston and Beaumont.

Village Mills/Wildwood telephone customers also are currently voting on ELC service to and from Woodville, Spurger and Kountze.

Customers in the Chester exchange are now voting on ELC service to and from Corrihan and Woodville, although should the Woodville service be approved, it will take an order from a U.S. District Court to implement it.

The problem is that Chester and Woodville are in different Local Access and Transport Areas (LATAs) which means calls to and from Chester and Woodville are routed through both Houston and Beaumont.

Village Mills/Wildwood telephone customers also are currently voting on ELC service to and from Woodville, Spurger and Kountze.

Warren by a margin of 227 to 178 or 56 percent, and to Spurger by a margin of 228 to 183 or 55.5 percent.

"There were a total of 1,013 ballots sent out and 492 were returned," Ricson said. "That's roughly a 50 percent return and, based on other elections, is a pretty respectable number."

Earlier this month, the PUC announced that Warren telephone customers had approved ELC service to and from Woodville, Spurger and Kountze.

Texans should be more alert to diabetes' symptoms

AUSTIN—In what some health officials call a "quiet epidemic," an estimated 300,000 Texans may go blind, require amputations, need kidney dialysis...

Aging can diminish safe driving skills

AUSTIN—Safe driving during the holidays includes avoiding alcohol and drugs, using seat belts as required by law...

Household workers are under Social Security

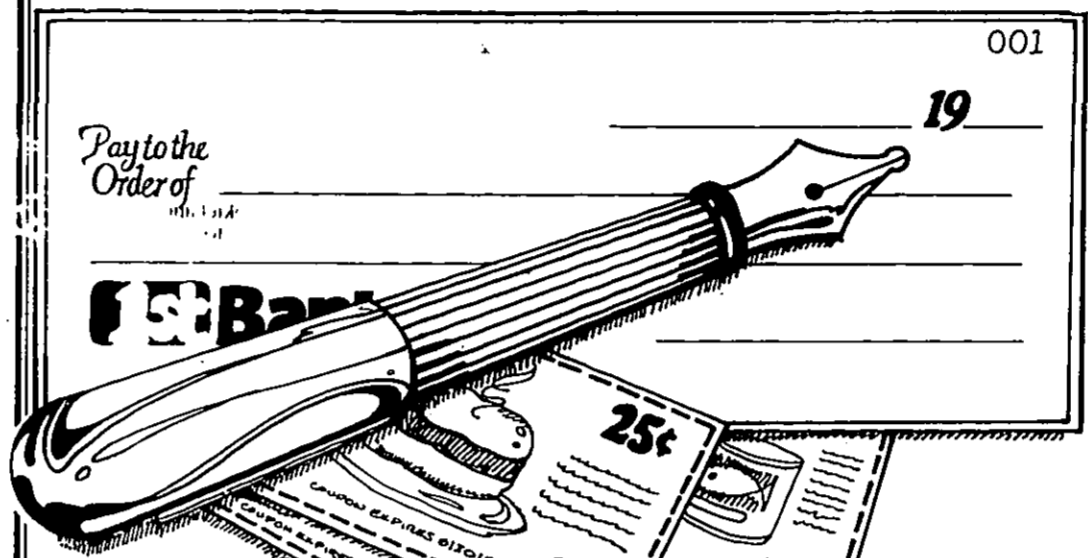

LUFKIN—East Texans who hire others to work around their home on a regular basis should be sure to report their earnings for Social Security purposes...

Exercise can help those who suffer from vertigo

HOUSTON—Just as your eyes adjust to the dark in a movie theater, people with vertigo can learn to adapt to dizziness by exercising.

Fruit acid can improve skin

HOUSTON—If you want better-looking skin, try a little fruit—fruit acid, that is.
