Woodville

We welcome low-income individuals or families who are in need of housing. The Housing Authority of the City of Woodville offers safe, decent and affordable housing for low-income families, elderly persons and those who are handicapped or disabled.

Applications for our program may be placed at 803 S. Pecan between the hours of 12 p.m. and 4 p.m., Tuesday, Wednesday and Thursday (April 11-13 and 18-20, 1995).

There is no charge or fee to apply for housing. The applications may be filled out at the office. The applicant will need to bring proof of income, drivers identification, birth certificates and social security cards for the

family's household composition. Apartments become vacant from time to time and are filled from our waiting list. The waiting list is made up of applicants determined by the Housing Authority to be eligible. All persons are invited to apply for housing

and are processed without regards to race, color, sex, religion, family status, handicapped conditions, of national origins. The Housing Authority needs applicants for one, two, three, and four bedroom apartments, including the

Southwestern Bell Is Offering "21st Century" Technology... AGAIN!

Southwestern Bell Telephone Is Making Big Promises To Keep Its Monopoly.

Send	Your	State	Legislators	A	Message-Now!
,			_		

ADDRESS		<u> </u>		• 15 - 1 - 1	•		
PHONE (_			 FAX (INTERNET (

Alliance For Communications Choices

Texas Daily Newspaper Association, Texas Press Association, Texas Consumer Association, Texas Civizen Action, AT&T, MCI, and hundreds of other consumer groups and local businesses throughout Texas. Legislative Advertising paid for by <u>THE TYLER COUNTY BOOSTER</u>,

Five years ago, Southwestern Bell made a deal with the Texas Public Utility Commission: the PUC would postpone rate hearings and loosen regulation if Bell would upgrade telecommunications technology around the state. This deal did not work! Southwestern Bell's profits are close to tops in the nation...but Texas ranks close to the bottom in advanced telephone technology. Now Bell is at the Texas Legislature with yet another deal: to invest \$1 billion in overdue improvements, but only if its earnings are kept under wraps, competition stalled, and regulation further diluted. It's time to give the Bell monopoly a wake-up call; it's time to give consumers and businesses alike a choice in local telephone service; and it's time to open the information superhighway in Texas to fair competition. If you own a phone, use a computer, subscribe to a newspaper or watch television, the telecommunications debate in the Texas Legislature will dramatically affect you and your family. Make your voice heard in Austin above the promises of Southwestern Bell's powerful monopoly.

LEGAL NOTICES

WASTE DISCHARGE PERMIT
RENEWAL
WARREN INDEPENDENTSCHOOLDISTRICT, P.O. Box 69, Warren, Texas 77664
has applied to the Texas Natural Resource
Conservation Commission (Commission) for
renewal of Permit No. 11307-01 which authorizes a discharge of treated domestic
wastewater effluent at a volume not to exceed an average flow of 15,000 gallons per
day. The wastewater treatment facilities are
south of Farm-to-Market Road 1943 and
east of Blue Berry Hill Drive in Tyler County,
Texas. The effluent is discharged into an Texas. The effluent is discharged into an unmamed tributary; thence to Black Creek; thence to Hickory Creek; thence to Village Creek in Segment No. 0608 of the Neches

TEXAS NATURAL RESOURCE CONSERVATION COMMISSION NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT

River Basin.
To accordance with the Texas Surface Water Quality Standards, the Commission staff must determine the existing uses for th receiving water in the area of the proposed discharge and whether the proposed discharge will cause significant degradation to any high quality waters in the area. The undestilled receiving waters of the area. unclassified receiving waters of the unnamed tributary and Black Creek have high aquatic tributary aims back creek have nigh aquate life uses. The designated uses for Segment No. 0608 are contact recreation, high quality aquatic life uses and public water supply. The efficient limitations in the draft permit will maintain and protect the existing instream uses. All determinations are pre-liminary and subject to additional review

has prepared a draft permit which, if ap-proved, will enforce existing applicable rules and regulations. It is proposed that the ex-piration date of the renewed permit has needfled as midnight, July 26, 1998. Legal Authority: Section 26.028 of the <u>Texa</u>

Water Code and 30 TAC Chapter 305 of the Rules of the Texas Natural Resource Conresolution adopted August 18, 1993, which directs the Commission's Executive Direc-tor to act on behalf of the Commission and

ten protests and/or a request for a hearing within 30 days after publication of this nomust submit your request in writing. You must submit your request in writing. You must state (1) your name, mailing address and daytime phone number; (2) the permit number or other recognizable reference to this application; (3) the statement "I/we request a public hearing"; (4) a brief description of how you, or the persons you represent, would be adversely affected by the granting of the application; (5) a description of the location of your persons. scription of the location of your property relative to the applicant's operations; and (6) your proposed adjustment to the appli-cation/permit which would satisfy your con-

cerns and cause you to withdraw your request for hearing. If one or more protests and/or requests for hearing are filed, the Executive Director will not issue the permit and will forward the application to the Office of Hearings Examiners where a hearing may be held. Commission public hearings may be held. Commission public hearings are evidentiary legal proceedings similar to civil court non-jury trials. Although general comments from the public may be submitted either in writing prior to the hearing, or orally at the start of the hearing, the law requires that the Commission's decision about whether to approve or deny the application be based on cridence and testimony submitted during the public hearing, presented under oath, and subject to cross-examination by the other parties. Public comments are not evidence and cannot be the

basis for the Commission's ultimate deci-sion. In the event a hearing is held, the Office of Hearings Examiners will submit a recom-

permit 30 days after publication of this notice or the reafter. If you wish to appeal a permit Issued by the Executive Director, you may do so by filing a written Motion for Recon-sideration with the Chief Clerk of the Commission no later than 20 days after the date the Executive Director signs the permit.
Requests for a public hearing on this application should be submitted in writing to Chief Clerk's Office - Mall Code 105, Texas Natural Resource Conservation Commission, P.O. Box 13087, Austin, Texas 78711, Telephone (512) 239-3312. Information regarding hearing procedures may be obtained garding hearing procedures may be obtained by contacting Kerry D. Sullivan, Assistant Chief Hearings Examiner - Mall Code 102, at the same address or by telephone at (512) 239-4100. Information concerning any technical aspect of this application can be obtained by writing Zdenek Matl, Wastewater Permits Section - Mail Code 148, at the same address or by telephone at (512) 239-4545. NOTICES 19.

HOUSING

283-3628

Woodville

We welcome low-income individuals or families who are in need of housing. The Housing Authority of the City f Woodville offers safe, decent and affordable housing for low-income families, elderly persons and thos tho are handicapped or disabled.

Wednesday and Thursday (April 11-13 and 18-20, 1995).

Apartments become vacant from time to time and are filled from our waiting list. The waiting list is made up f applicants determined by the Housing Authority to be eligible. All persons are invited to apply for housing and are processed without regards to race, color, sex, religion, family status, handicapped conditions, or national origins.

The Housing Authority needs applicants for one, two, three, and four bedroom apartments, including the

Southwestern Bell Is Offering "21st Century" Technology... AGAIN!

Southwestern Bell Telephone Is Making Big Promises To Keep Its Monopoly.

Five years ago, Southwestern Bell made a deal with the Texas Public Utility Commission: the PUC would postpone rate hearings and loosen regulation if Bell would upgrade telecommunications technology around the state. This deal did not work! Southwestern Bell's profits are close to tops in the nation...but Texas ranks close to the bottom in advanced telephone technology. Now Bell is at the Texas Legislature with yet another deal: to invest \$1 billion in overdue improvements, but only if its earnings are kept under wraps, competition stalled, and regulation further diluted. It's time to give the Bell monopoly a wake-up call; it's time to give consumers and businesses alike a choice in local telephone service; and it's time to open the information superhighway in Texas to fair competition. If you own a phone, use a computer, subscribe to a newspaper or watch television, the telecommunications debate in the Texas Legislature will dramatically affect you and your family. Make your voice heard in Austin above the promises of Southwestern Bell's powerful monopoly.

TEXAS NATURAL RESOURCE CONSERVATION COMMISSION NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL.

WARREN INDEPENDENT SCHOOL DISTRICT, P.O. Box 69, Warren, Texas 77664 has applied to the Texas Natural Resource renewal of Permit No. 11307-01 which authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 15,000 gallons per day. The wastewater treatment facilities are south of Farm-to-Market Road 1943 and east of Blue Berry Hill Drive in Tyler County, Texas. The effluent is discharged into an unnamed tributary; thence to Black Creek; thence to Hickory Creek; thence to Village thence to Hickory Creek; thence to Village Creek in Segment No. 0608 of the Neches River Basin.

r masus. cordance with the <u>Texas Surface Water</u> In accordance with the Texas Surface Water Quality Standards, the Commission staff must determine the existing uses for the receiving water in the area of the proposed discharge and whether the proposed discharge will cause significant degradation to any high quality waters in the area. The unclassified receiving waters of the unmanned my high quanty waters in the area. The unclassified receiving waters of the unnamed tributary and Black Creek have high aquatic life uses. The designated uses for Segment No. 0608 are contact recreation, high quality aquatic life uses and public water supply. The effluent limitations in the draft permit will maintain and protect the existing instream uses. All determinations are preliminary and subject to additional review and/or review.

and/or revision.

The Executive Director of the Commission has prepared a draft permit which, if approved, will enforce existing applicable rules and regulations. It is proposed that the expiration date of the renewed permit be speci-fied as midnight, July 26, 1998. Legal Authority: Section 26,028 of the Texas

Vater Code and 30 TAC Chapter 305 of the Rules of the Texas Natural Resource Con-

resolution adopted August 18, 1993, which directs the Commission's Executive Direc-tor to act on behalf of the Commission and issue final approval of certain permit mat-ters. The Executive Director will issue this permit unless one or more persons file written protests and/or a request for a hearing within 30 days after publication of this no-

239-4100. Information concerning any technical aspect of this application can be obtained by writing Zdenek Matl, Wastewater

beginning on Ardl 17, 1005 cerns and cause you to withdraw your re quest for hearing. If one or more protests and/or requests for hearing are filed, the Executive Director will not issue the permit and will forward the application to the Of-fice of Hearings Examiners where a hearing fice of Hearings Examiners where a hearing may be held. Commission public hearings are evidentiary legal proceedings similar to civil court non-jury trials. Although general comments from the public may be submitted either in writing prior to the hearing, or orally at the start of the hearing, the law requires that the Commission's decision about whether to approve or deny the application be based on evidence and testimony submitted during the public hearing, presented under orath, and subject to cross axamination by the other parties. Public comments are not evidence and cannot be the basis for the Commission's ultimate decision. In the event a hearing is held, the Office of Hearings Examiners will submit a recommendation to the Commission for final debeginning on April 17, 1995 (entre las 8:30 de la manana y las 4:00 de la tarde empezando del 17 de avril, 1995) and ending on May 2, 1995. and ending on May 2, 1995.
