presents information about three tax rates. Last year's tax rate is the actual rate the school district used to determine property taxes last year. This year's <i>effective</i> tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's <i>rollback</i> tax rate is the highest tax rate the school district can set before it must hold a rollback election. In each case these rates are found by dividing the total amount of taxes and state funds by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value. Last year's tax rate: 'Last year's operating taxes \$	This notice concerns <u>1995</u> property tax rates for <u>Woodville</u> school district. <u>1995</u> Property Tax Rates in <u>Tyler County</u> <u>1995</u> Property Tax Rates in <u>Tyler County</u> It presents the about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine by taxes last year. This year's <i>effective</i> tax rate would impose the same total taxes as last year if mpare properties taxed in both years. This year's <i>tollback</i> tax rate is the highest tax rate the taxing is set before taxpayers can start tax rollback procedures. In each case these rates are found by g the total amount of taxes by the tax base (the total value of taxable property) with adjustments ited by state law. The rates are given per \$100 of property value.	Notice of Effective Tax Rate Colmesneil ISD

(From Page 1-a) August 1976 and has served as

chairman since September 1983. "As chairman, Judge Sturrock has worked endlessly for the benefit of all handicapped persons in the 13-county region served by this center," said Susan Rushing, chief executive officer. "He has exhibited high standards of leadership, commitment and compassion necessary to work for the benefit of persons with mental illness or mental retardation, and his outstanding leadership has greatly helped the Burke Center grow into the com-prehensive facility it is today," she

A native of Colmesneil, Sturrock served in Tyler County government for 16 years, including three terms as County Judge. He has been actively involved in several regional organiza-tions such as the Deep East Texas County Commissioners and Indees County Commissioners and Judges Association, Deep East Texas Coun-cil of Governments, Woodville Lions Club and Tyler County Mental and Physical Handicapped Association.

### it's a boy!

SPURGER — James and Sandy Glover of Spurger have announced the birth of their son, Tommy Lee, who arrived at 7:48 p.m. Wednesday, Aug. 16 at Lumberton Birth Center.

The child weighed 9 pounds, 1 ounce and was 21 inches long. Paternal grandmother is Judy Pearl of Pincland and maternal great-grand-mother is Eunice Odom of Fred.

**Senior Citizen** breakfast

WOODVILLE — There will be a meeting of the Senior Citizen Break-fast Club at 8 a.m. Saturday, Sept. 2 at the Woodville Inn, 'Dutch Treat'.

You can bet the mortgage value of the property this watermelon was grown on will appraise high if Ricky Davis, Jr., (shown above) has anything to say about it. The 75 pound thumper was grown by Ricky near Camp Ruby in Polk County. The prize shown above was only one of many he grew, according to Butch Herring, of Woodville.

## Tobacco should not be banned

By David R. Smith, M.D. Texas Commissioner of Health

The debate over what to do, or not lo. about tobacco has gone on long nough. There's no question in my mind that

tobacco is a drug, an addictive drug. There's no question tobacco is harm-ful. Deadly. The tobacco question should not be a political issue. But it is. It's also a money-talks-wisdomvalks issue. Money vs. health. Money vs. facts. Money vs. common sense. It's time to treat tobacco as a health issue. It's also time to do something about it and move on.

As harmful as I believe tobacco to be, I don't think it should be banned. Tobacco prohibition would not work any better today than liquor prohibi-tion did in the '20s. We don't need the police - metro, state, federal or lifestyle - Sherlocking folk's bathtubs. But tobacco does need to be stringently regulated, just as any drug product is regulated.

Regulation may conjure up invasion of privacy, limits on freedom and restriction of rights. But government has a responsibility to protect its citi-zens, especially those without the knowledge, wisdom or inclination to protect themselves. That would be children. That would be adolescents. That would be teens.

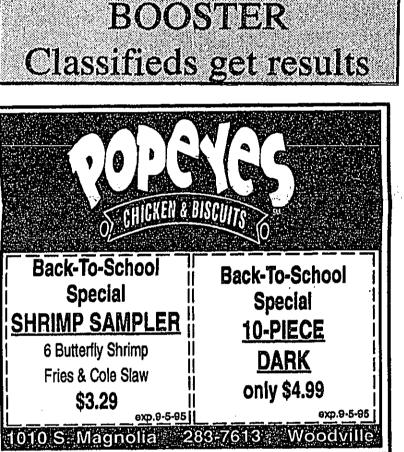

Some 90 percent of all smokers begin smoking before age 21, and 60 percent start before age 14! Let's keep people from becoming hooked as kids Let's practice provention. Prevention's not a new concept, but it's one too often ignored in addressing our nation's health and in trying to curtail the skyrocketing cost of health care. Tobacco may be good business for the tobacco industry, but it's bad business for everyone else. In Texas alone, the cost of health care, lost income and lost productivity caused by tobacco use exceeds \$4 billion a year. Because of tobacco's effect on human health, we all pay higher health insurance rates, life insurance rates, physician fees, hospital charges and city, state

and federal taxes. We have an opportunity to actually do something about a national health problem. We need to act. We need to act because of the cost and, more importantly, because of the kids.

We should make it illegal, nationwide, for anyone under 21 to posses a tobacco product, illegal to sell tobacco to anyone under 21 and illegal to advertise or otherwise promote tobacco to kids. We should make it illegal for cigarette vending machines to be accessible to kids. And we should back these illegalities with stiff, meaningful penalties. Let's treat tobacco as a health issue,

do something about it and move on

1995 Property Tax Rates in Tyler County		
This notice concerns <u>1995</u> property tax rates for <u>Tyler County</u> It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's <i>effective</i> tax rate would impose the same total taxes as last year if you compare properties taxed In both years. This year's <i>tollback</i> tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.	Notice of Effective Tax Rate Colmesneil ISD

In the first year a county collects the additional sales tax to reduce property taxes, it must insert the following lines tinless its first adjustment was made last year:         - Sales tax adjustment rate       \$0 /\$100         = Effective tax rate       \$0 /\$100         x       1.03 - maximum rate unless unit publishes notices and holds hearing       \$ .56419/\$100         .09648	(after subtracting taxes on lost property)         + This year's adjusted tax base       \$ 59,548,445         (after subtracting value of new property)         - This year's effective tax rate       \$ 1.2464         x 1.03 = maximum rate unless the school district         publishes notices and holds hearing       \$ 1.2838	citizens are easy targets for a wide variety of con men, swindlers and scam artists. Law enforcement statis- tics reveal that the elderly (especially those who are lonely and/or shut-in) lose over 2.2 billion dollars a year. Equally as disturbing is the fact that the total is growing at an alarming
This year's rollback tax rate:         Last year's adjusted operating taxes         (after subtracting taxes on lost property and including taxes for state criminal justice mandate.)       \$ 1,652,917       \$ .869,433       \$0-       421,532         + This year's adjusted tax base       \$ .453,347,003       \$445,404,1765,475,481,804       449,988,441         + This year's effective operating rate       \$36460/\$100       \$95,2100      0-      010116         * This year's dobt rate       \$36450/\$100       \$95,2100      0-      010116         * This year's rollback rate for each fund       \$97,2100       \$917,2100      0116         * This year's rollback rate for each fund       \$92,2108,15100       \$92,2100      0116         * This year's rollback rate for each fund       \$95734/\$100       \$94751/\$100      0116         * This year's rollback rate for each fund       \$95734/\$100       \$94751/\$100      0116         * Acounty that collects the additional sales tax to reduce property taxes, including one that      0116      0116         * Rollback tax rate       \$95734/\$100       \$96734/\$100      9100      91016         * Rollback tax rate       \$96734/\$100       \$96734/\$100      9100      9100 <td< td=""><td>This year's rollback rate:       \$ 698,063         + This year's adjusted tax base       \$ 59,548,445         - This year's local maintenance and operating rate       \$ 1,1723 / 3100<sup>-</sup>         - This year's adjusted maintenance and operating rate       \$ 1,1723 / 3100<sup>-</sup>         - This year's adjusted maintenance and operating rate       \$ 1,1723 / 3100<sup>-</sup>         - This year's adjusted maintenance and operating rate       \$ 1,1723 / 3100<sup>-</sup>         - This year's debt rate       \$ 1,2523 / \$100         + This year's debt rate       \$ 0,0661 / \$100         + This year's rollback rate       \$ 0,0000 / \$100         - This year's rollback rate       \$ 0,0000 / \$100</td><td><ul> <li>rate, perhaps as much as 15 percent a year.</li> <li>The Better Business Bureau Education Foundation (using the nickname "Scambusters") and SALT (Seniors and Law Enforcement Together) have formed a partnership dedicated to combatting the swindling of an estimated 100,000 older people in Southeast Texas.</li> <li>To that end, door decals advising that "All solicitations investigated through the Better Business Bureau", and telephone stickers with a special Senior Hotline number, will be distributed at no charge by all SALT member agencies to seniors in Jefferson, Orange, Hardin, Liberty and Chambers counties. ## Sturrock (From Page 1-a)

August 1976 and has served as chairman since September 1983. "As chairman, Judge Sturrock has worked endlessly for the benefit of all handicapped persons in the 13-county region served by this center," said Susan Rushing, chief executive officer. "He has exhibited high standards of leadership, commitment and compassion necessary to work for the benefit of persons with mental illness or mental retardation, and his outstanding leadership has greatly helped the Burke Center grow into the comprehensive facility it is today," she said.

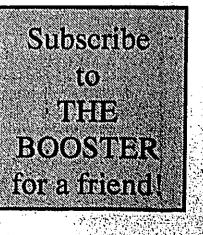

A native of Colmesneil, Sturrock served in Tyler County government for 16 years, including three terms as County Judge. He has been actively involved in several regional organizations such as the Deep East Texas County Commissioners and Judges Association, Deep East Texas Council of Governments, Woodville Lions Club and Tyler County Mental and Physical Handicapped Association.

### It's a boy!

SPURGER --- James and Sandy Glover of Spurger have announced the birth of their son, Tommy Lee, the birth of their son, Tommy Lee, who arrived at 7:48 p.m. Wednesday, Aug. 16 at Lumberton Birth Center. The child weighed 9 pounds, 1 ounce and was 21 inches long. Paternal grandmother is Judy Pearl of Pineland and maternal great-grand-mother is Eunice Odom of Fred.

You can bet the mortgage value of the property this watermelon was all carnings - with no upper limit. The grown on will appraise high if Ricky Davis, Jr., (shown above) has anything to say about it. The 75 pound thumper was grown by Picky near Medicare remained at 7.65% anything to say about it. The 75 pound thumper was grown by Ricky near Camp Ruby in Polk County. The prize shown above was only one of many he grew, according to Butch Herring, of Woodville, Medicare remained at 7.65% In 1995, a worker cams one quarter of coverage (QC) for each \$630 of

## Tobacco should not be banned

By David R. Smith, M.D. Texas Commissioner of Health The debate over what to do, or not do, about tobacco has gone on long

nougn. There's no question in my mind that tobacco is a drug, an addictive drug. There's no question tobacco is harm-tul. Deatily. The tobacco question should not be a political issue. But it is. It's also a moncy-talks-wisdomwalks issue. Money vs. health. Money vs. facts. Money vs. common sense. It's time to treat tobacco as a health issue. It's also time to do something about it and move on.

As harmful as I believe tobacco to be, I don't think it should be banned. Tobacco prohibition would not work any better today than liquor prohibi-tion did in the '20s. We don't need the police - metro, state, federal or lifestyle - Sherlocking folk's bathtubs. But tobacco does need to be stringently regulated, just as any drug product is regulated.

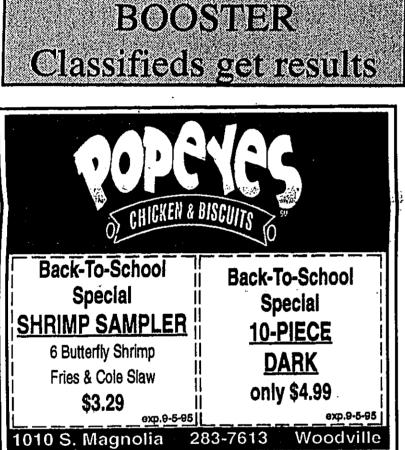

Regulation may conjure up invasion of privacy, limits on freedom and restriction of rights. But government has a responsibility to protect its citi-zens, especially those without the knowledge, wisdom or inclination to protect themselves. That would be ildren. That would be adolescents. That would be teens.

Some 90 percent of all smokers begin smoking before age 21, and 60 percent start before age 141 Let's keep people from becoming hooked as kids. Let's practice prevention. Prevention's not a new concept, but it's one too often ignored in addressing our nation's health and in trying to curtail the skyrocketing cost of health care. Tobacco may be good business for the tobacco industry, but it's bad business for everyone else. In Texas alone, the cost of health care, lost income and lost productivity caused by tobacco use exceeds \$4 billion a year. Because of tobacco's effect on human health. we all pay higher health insurance rates, life insurance rates, physician fees, hospital charges and city, state and federal taxes.

We have an opportunity to actually do something about a national health oblem. We need to act. We need to act because of the cost and, more importantly, because of the kids. We should make it illegal, nationwide, for anyone under 21 to posses a tobacco product, illegal to sell tobacco to anyone under 21 and illegal to advertise or otherwise promote tobacco to kids. We should make it illegal for cigarette vending machines to be accessible to kids. And we should back these illegalities with stiff, meaningful penalties,

Let's treat tobacco as a health issue, o something about it and move on.

Social Security benefits can be paid, a els rise. eligible - or insured, as it is called.

is covered under the Social Security system. This is set by law and presently at least nine out of every 10 jobs are covered. The tax rate itself is also set by congress. However, the base the amount of earnings that tax is paid on is determined by the national increase in the average wage. Before any Social Security benefits

can be paid, a worker must have enough credit covered by Social Security to be insured. Social Security credits are measured in units called quarters of coverage (QC's). Both wage carners and self-employed people earn these credits based on their calendar-year carnings.

A wage carner's carnings are gener-ally covered from the first dollar carned during the year up to the maximun that counts for Social Security. In 1995. this base amount is \$61,200 for the Social Security trust funds - or 62.% of the total tax rate. Beginning in 1995, the base amount for the Medicare portion of the tax, 1.45% will be paid on

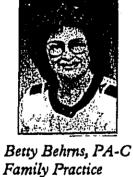

ayments can speed up their applica- and resources.
